(57) **CLAIM**

The ornamental design for a screen frame section, as shown and described.

DESCRIPTION

FIG. 1 is an end view of a screen frame section showing our new design;

FIG. 2 is an inverted perspective view of the screen frame section shown in FIG. 1 showing the left side view and the bottom view thereof; and,

FIG. 3 is a perspective view of the screen frame section shown in FIG. 1 showing the right side view and the top view thereof.

The end view not shown is a mirror image of the end shown in FIG. 1 and the section is of indefinite length.
