(57) **CLAIM**

I claim the ornamental design for a multi tier drying rack, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a multi tier drying rack, illustrated in a deployed configuration, showing my new design;

FIG. 2 is a front elevational view of the invention, the rear elevational view being a mirror image thereof, illustrated in the deployed configuration;

FIG. 3 is a left-side elevational view of the invention, illustrated in the deployed configuration;

FIG. 4 is a right-side elevational view of the invention, illustrated in the deployed configuration;

FIG. 5 is a top plan view of the invention, illustrated in the deployed configuration;

FIG. 6 is a bottom plan view of the invention, illustrated in the deployed configuration;

FIG. 7 is a perspective view of the invention in a collapsed configuration shown with the shelves removed; and,

FIG. 8 is a perspective view of flexible shelves in a rolled configuration, shown separately for ease of illustration.

The broken lines showing a strap in FIG. 8 are included for the purpose of illustrating environmental features, and form no part of the claimed design.
