(57) **CLAIM**

The ornamental design for the non-touch foam dispenser, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a non-touch foam dispenser of the present invention.

FIG. 2 is a front view of the non-touch foam dispenser of the present invention.

FIG. 3 is a left side view of the non-touch foam dispenser of the present invention.

FIG. 4 is a right side view of the non-touch foam dispenser of the present invention.

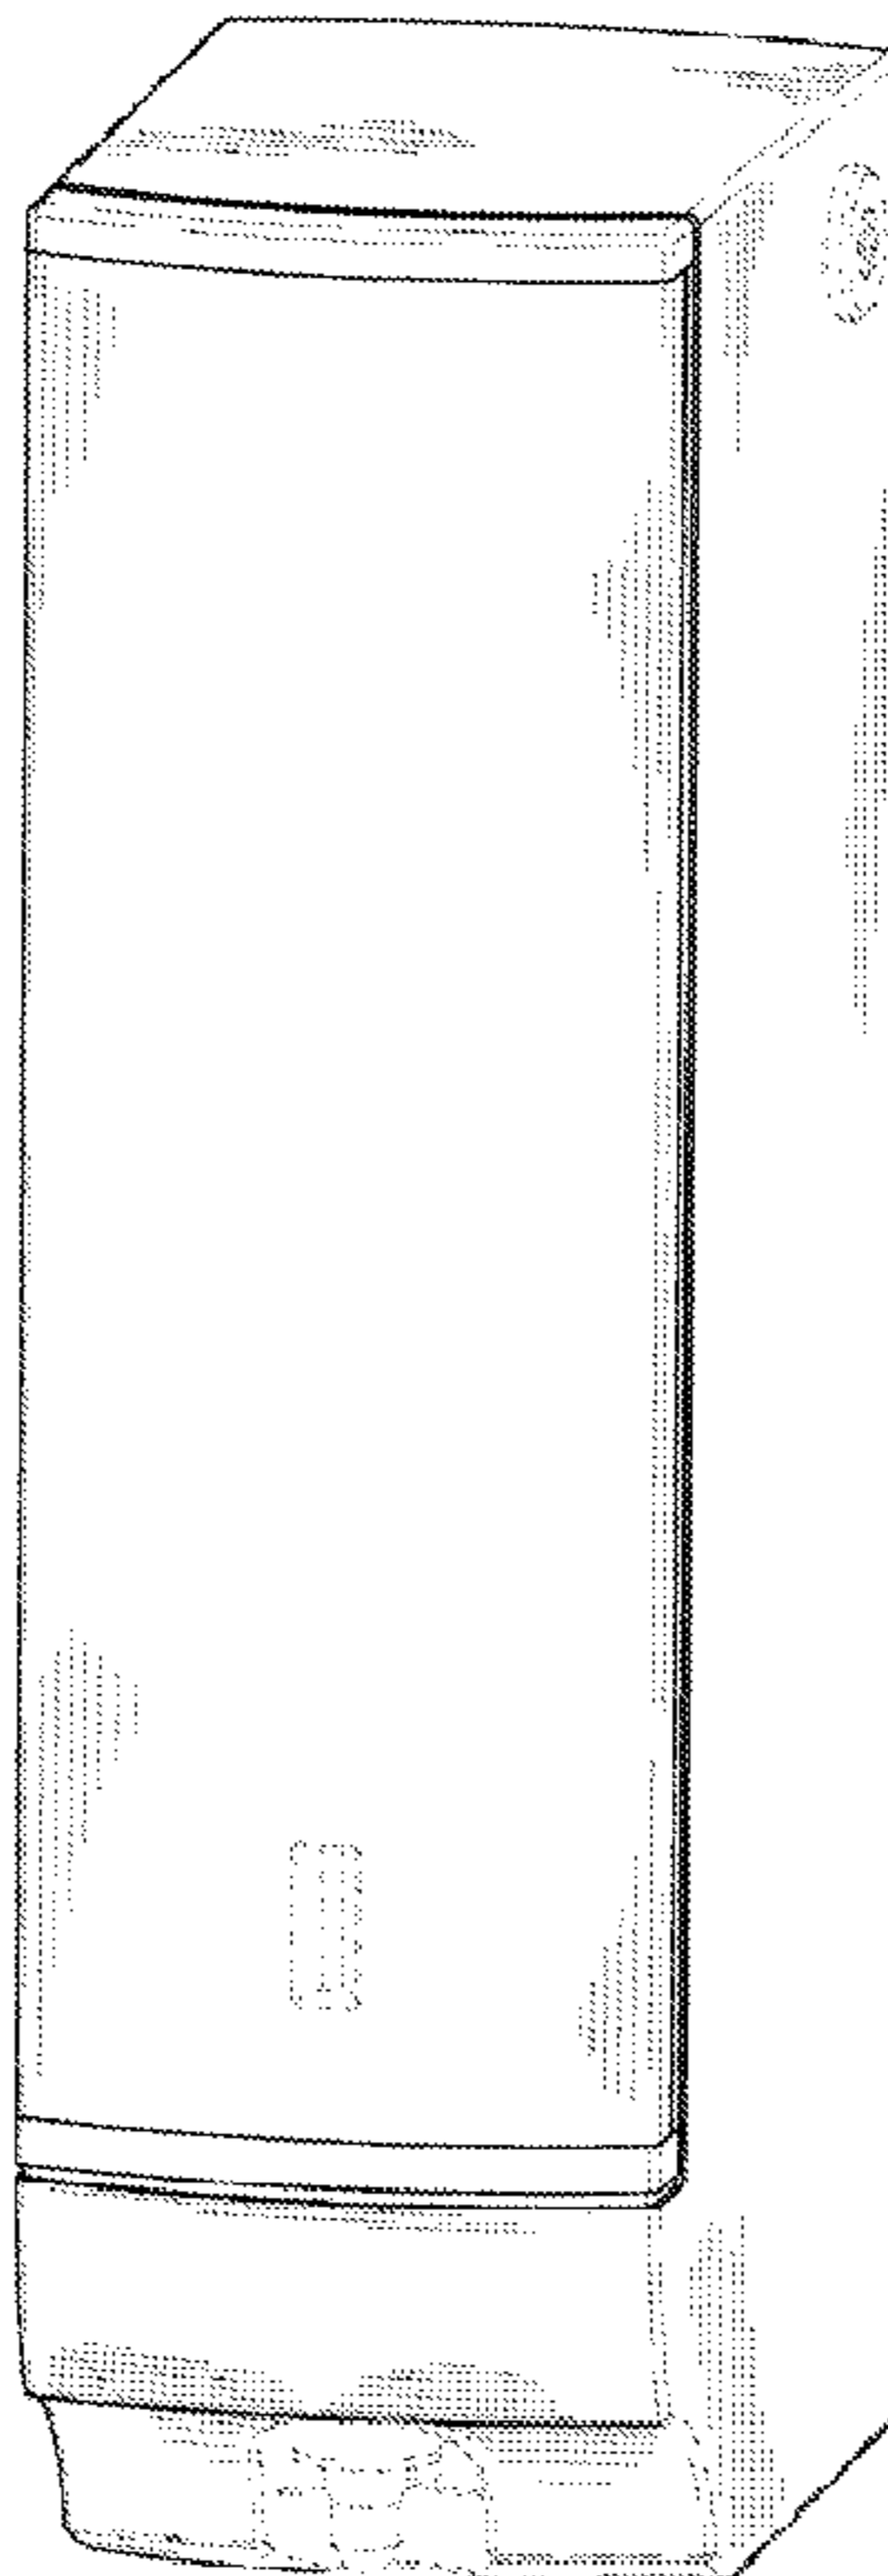

FIG. 5 is a top view of the non-touch foam dispenser of the present invention.

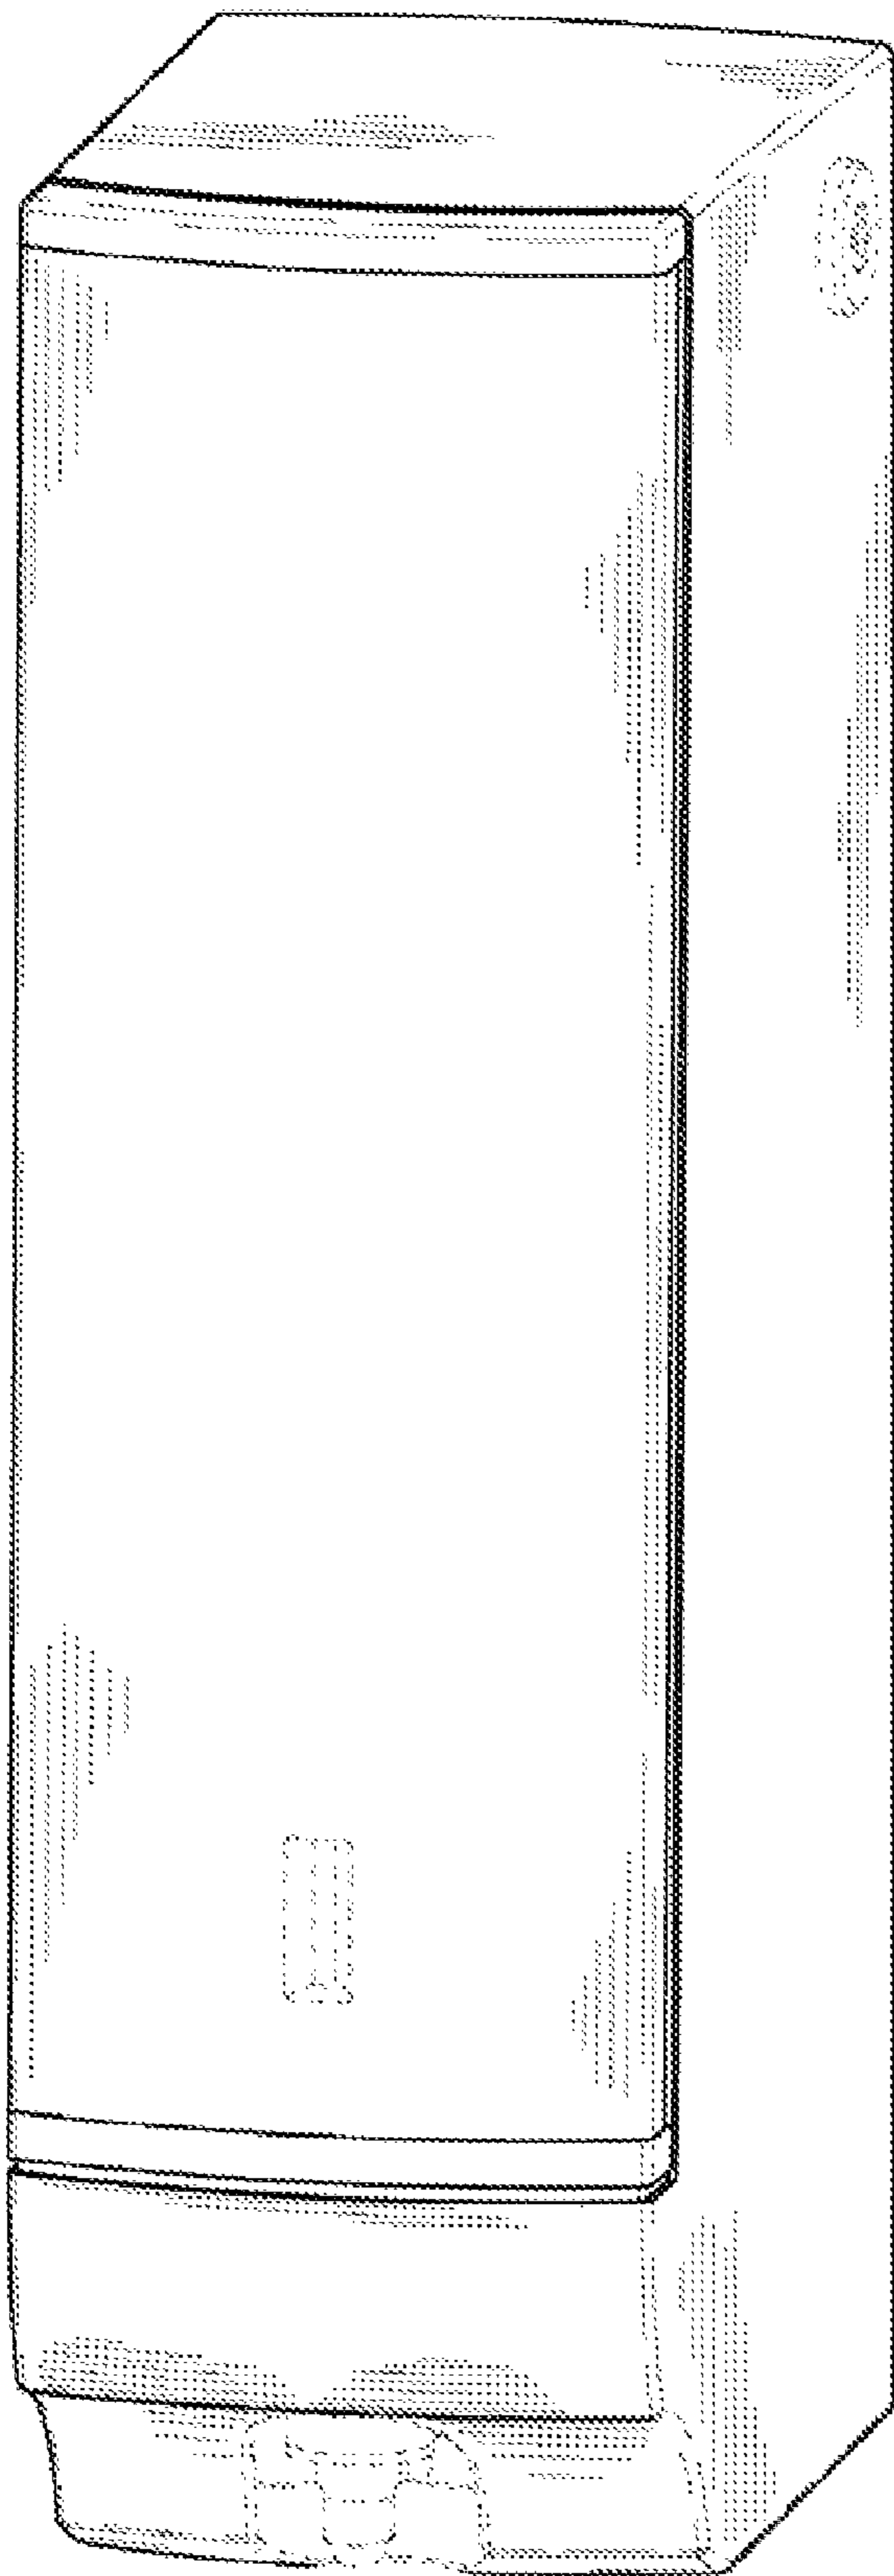

FIG. 6 is a bottom view of the non-touch foam dispenser of the present invention; and,

FIG. 7 is a rear view of the non-touch foam dispenser of the present invention.

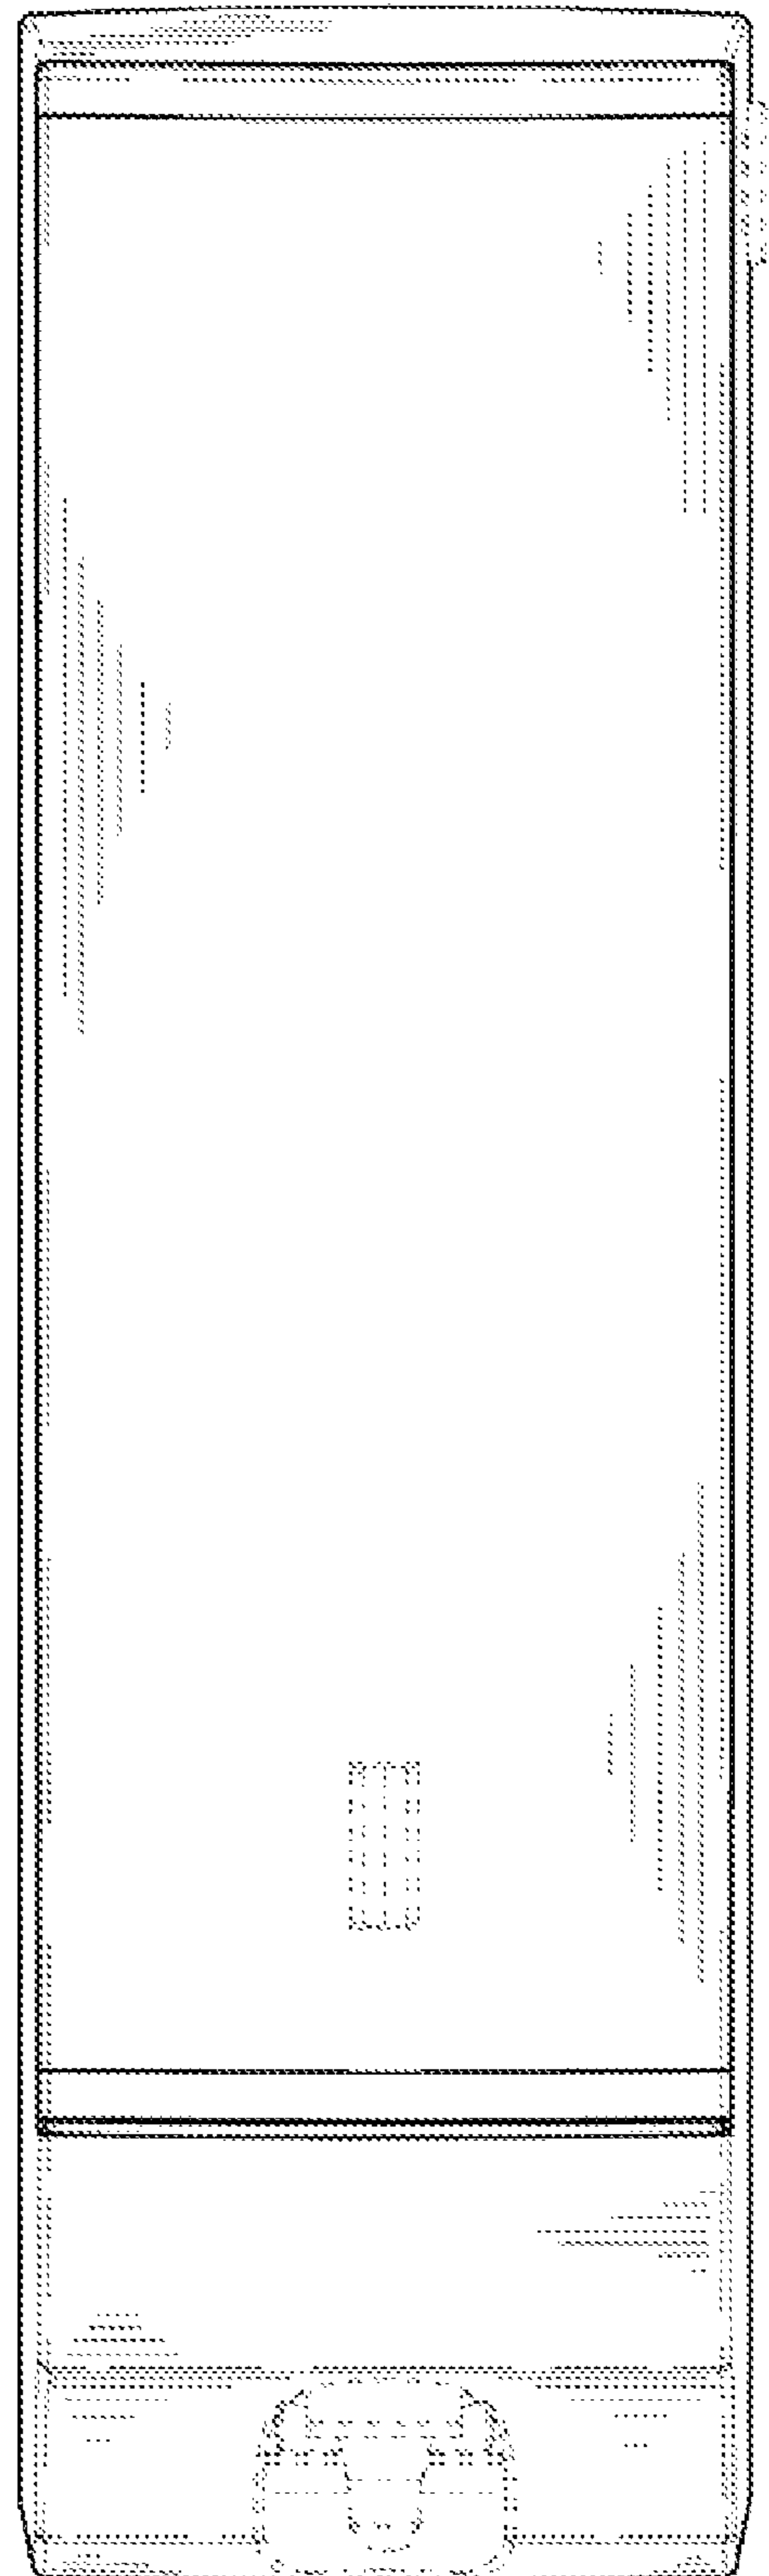

The broken-line disclosure in the views is understood to represent portions of the article in which the claimed design is embodied, but which form no part of the claimed design. Where a broken-line abuts a claimed surface, that broken line is understood to represent an unclaimed boundary between claimed and unclaimed surfaces.
