(57) **CLAIM**

The ornamental design for a front face of a vehicle steering column display, as shown and described.

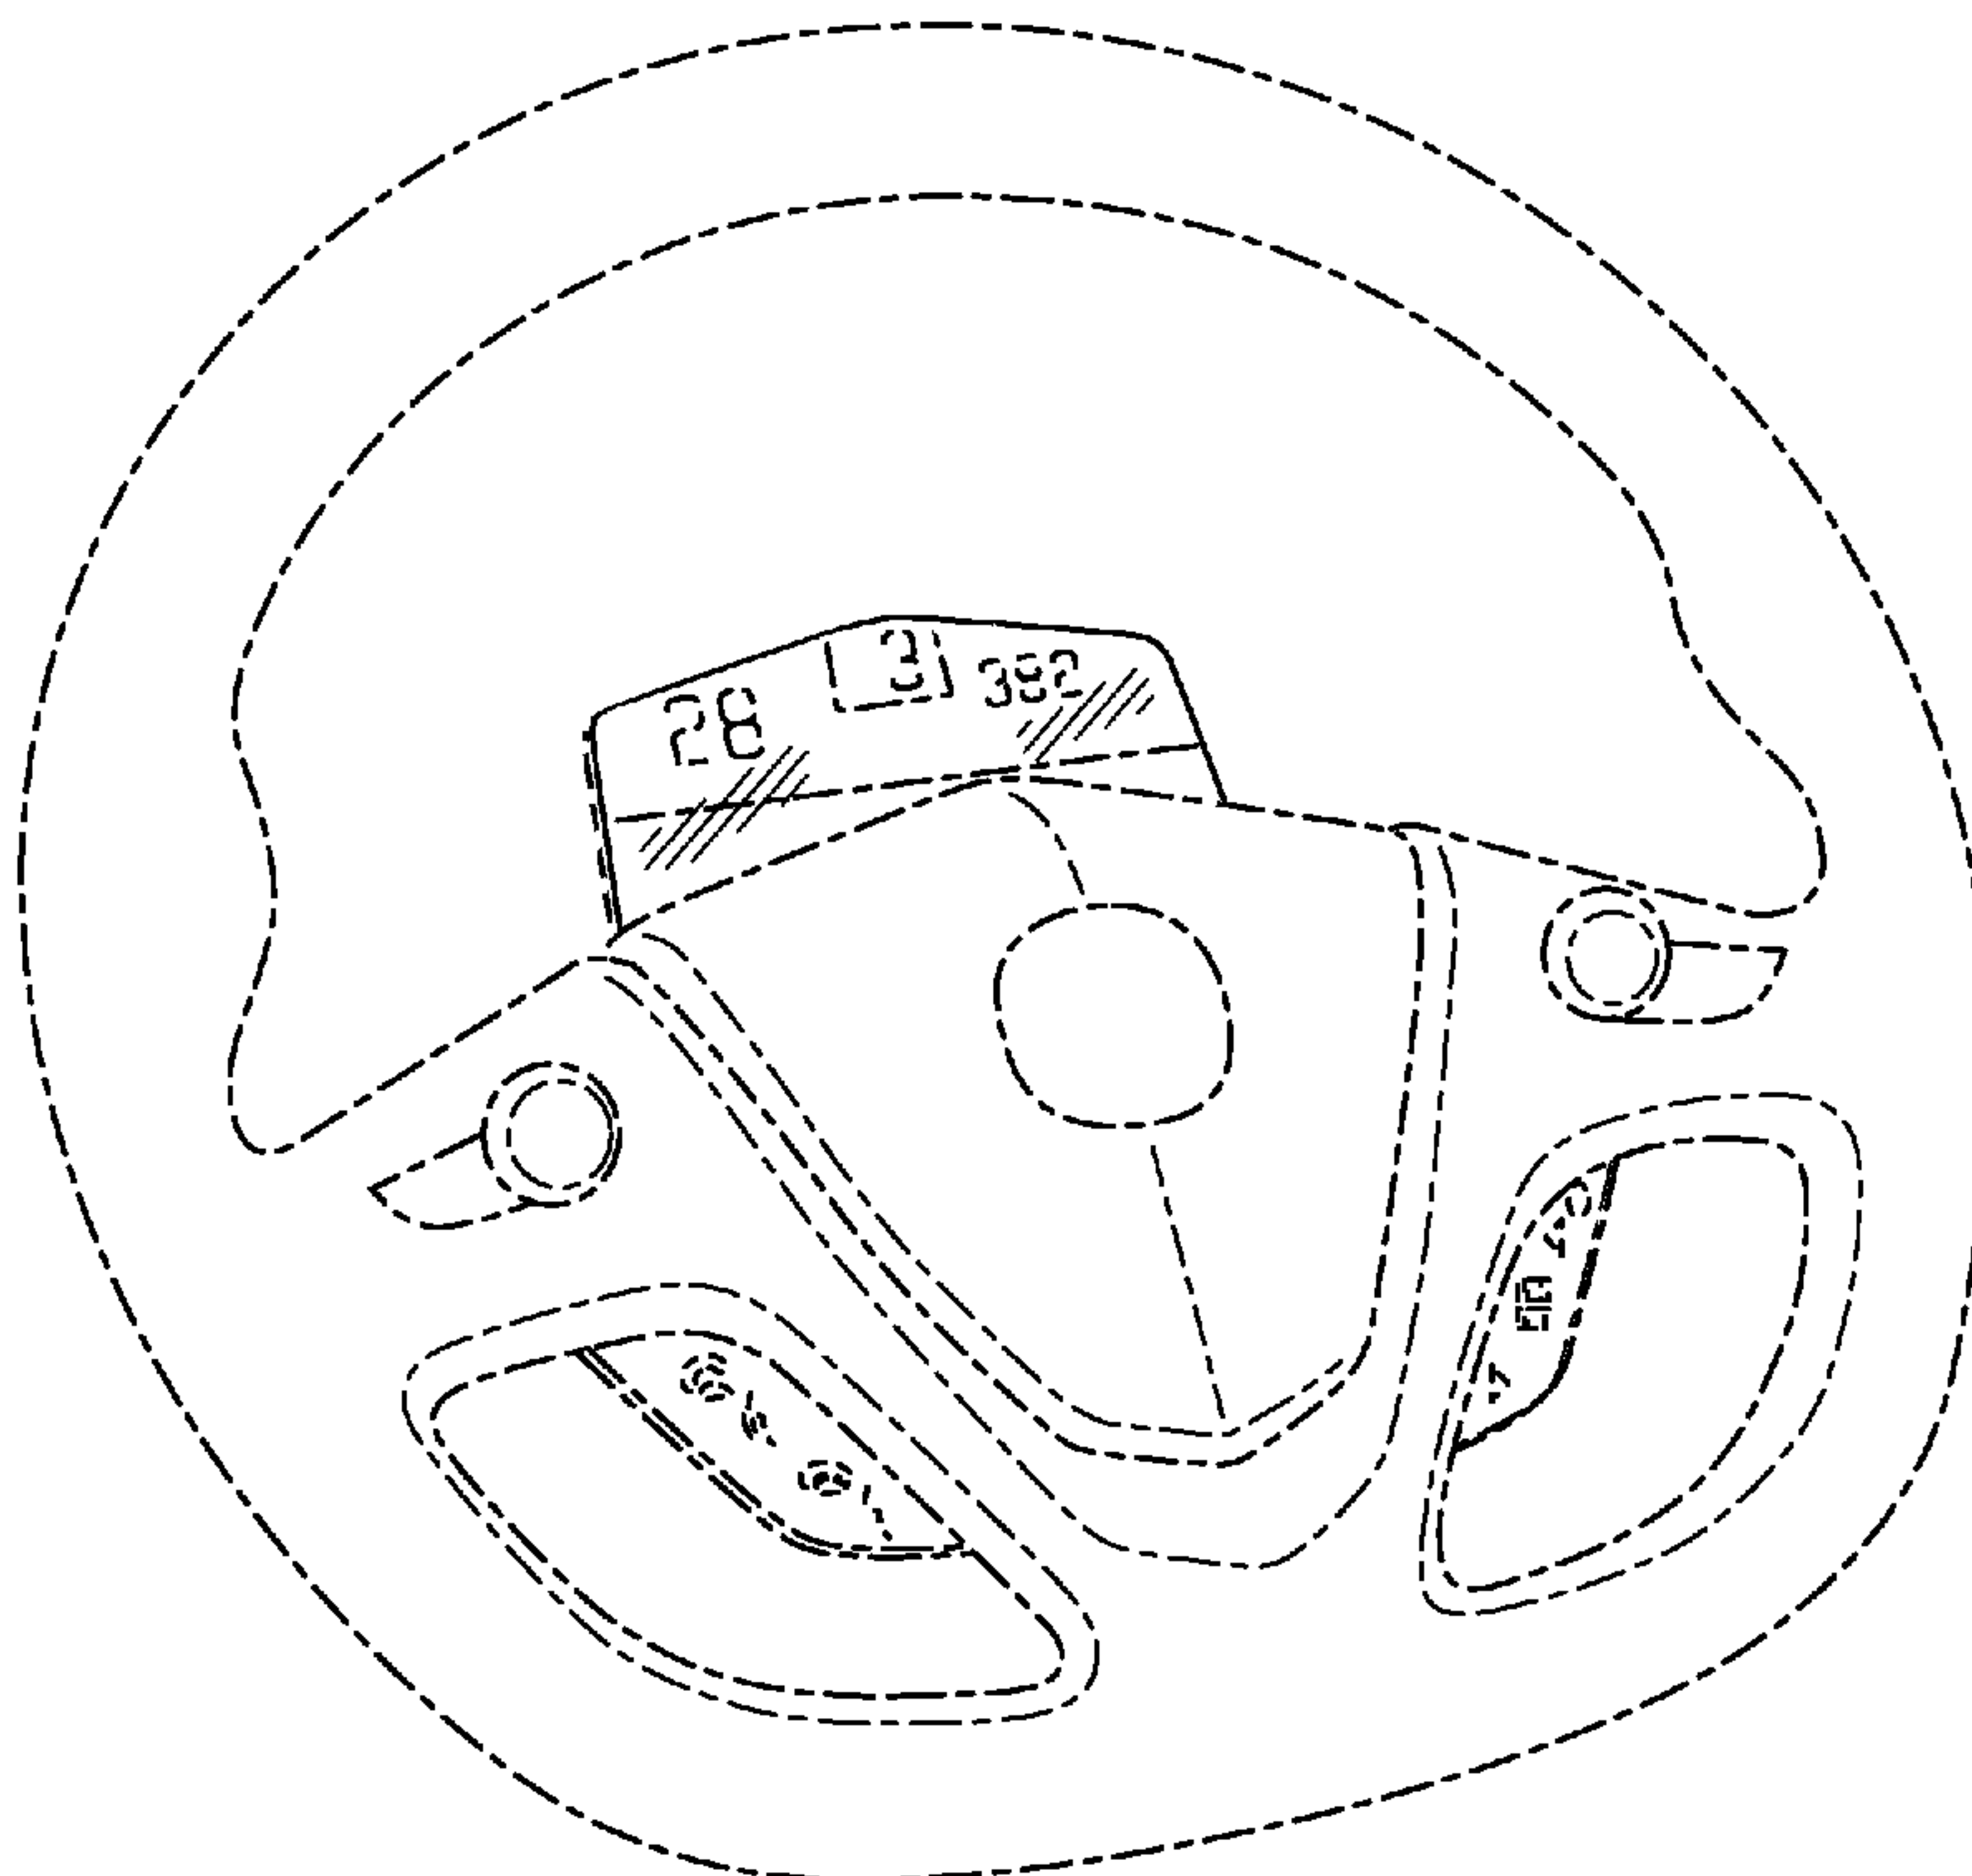

DESCRIPTION

FIG. 1 is a perspective view of a front face of a vehicle steering column display showing my new design; and,

FIG. 2 is an elevational view thereof.

The broken line showings of the indicia and graphics on the display front face, and the remainder of the steering wheel are for illustrative purposes only and form no part of the claimed design. The sides, rear and thickness of the display are not illustrated and form no part of the claimed design.
