(57) **CLAIM**

The ornamental design for a garment for use in a breast self-examination, as shown and described.

**DESCRIPTION**

FIG. 1 is a front and top perspective view of a garment for use in breast self-examination, shown in use;

FIG. 2 is a front elevational view of a garment for use in breast self-examination, whereas the article is shown folded flat along the side seams;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a left side elevational view thereof, whereas the article is shown folded along the center (length wise); and,

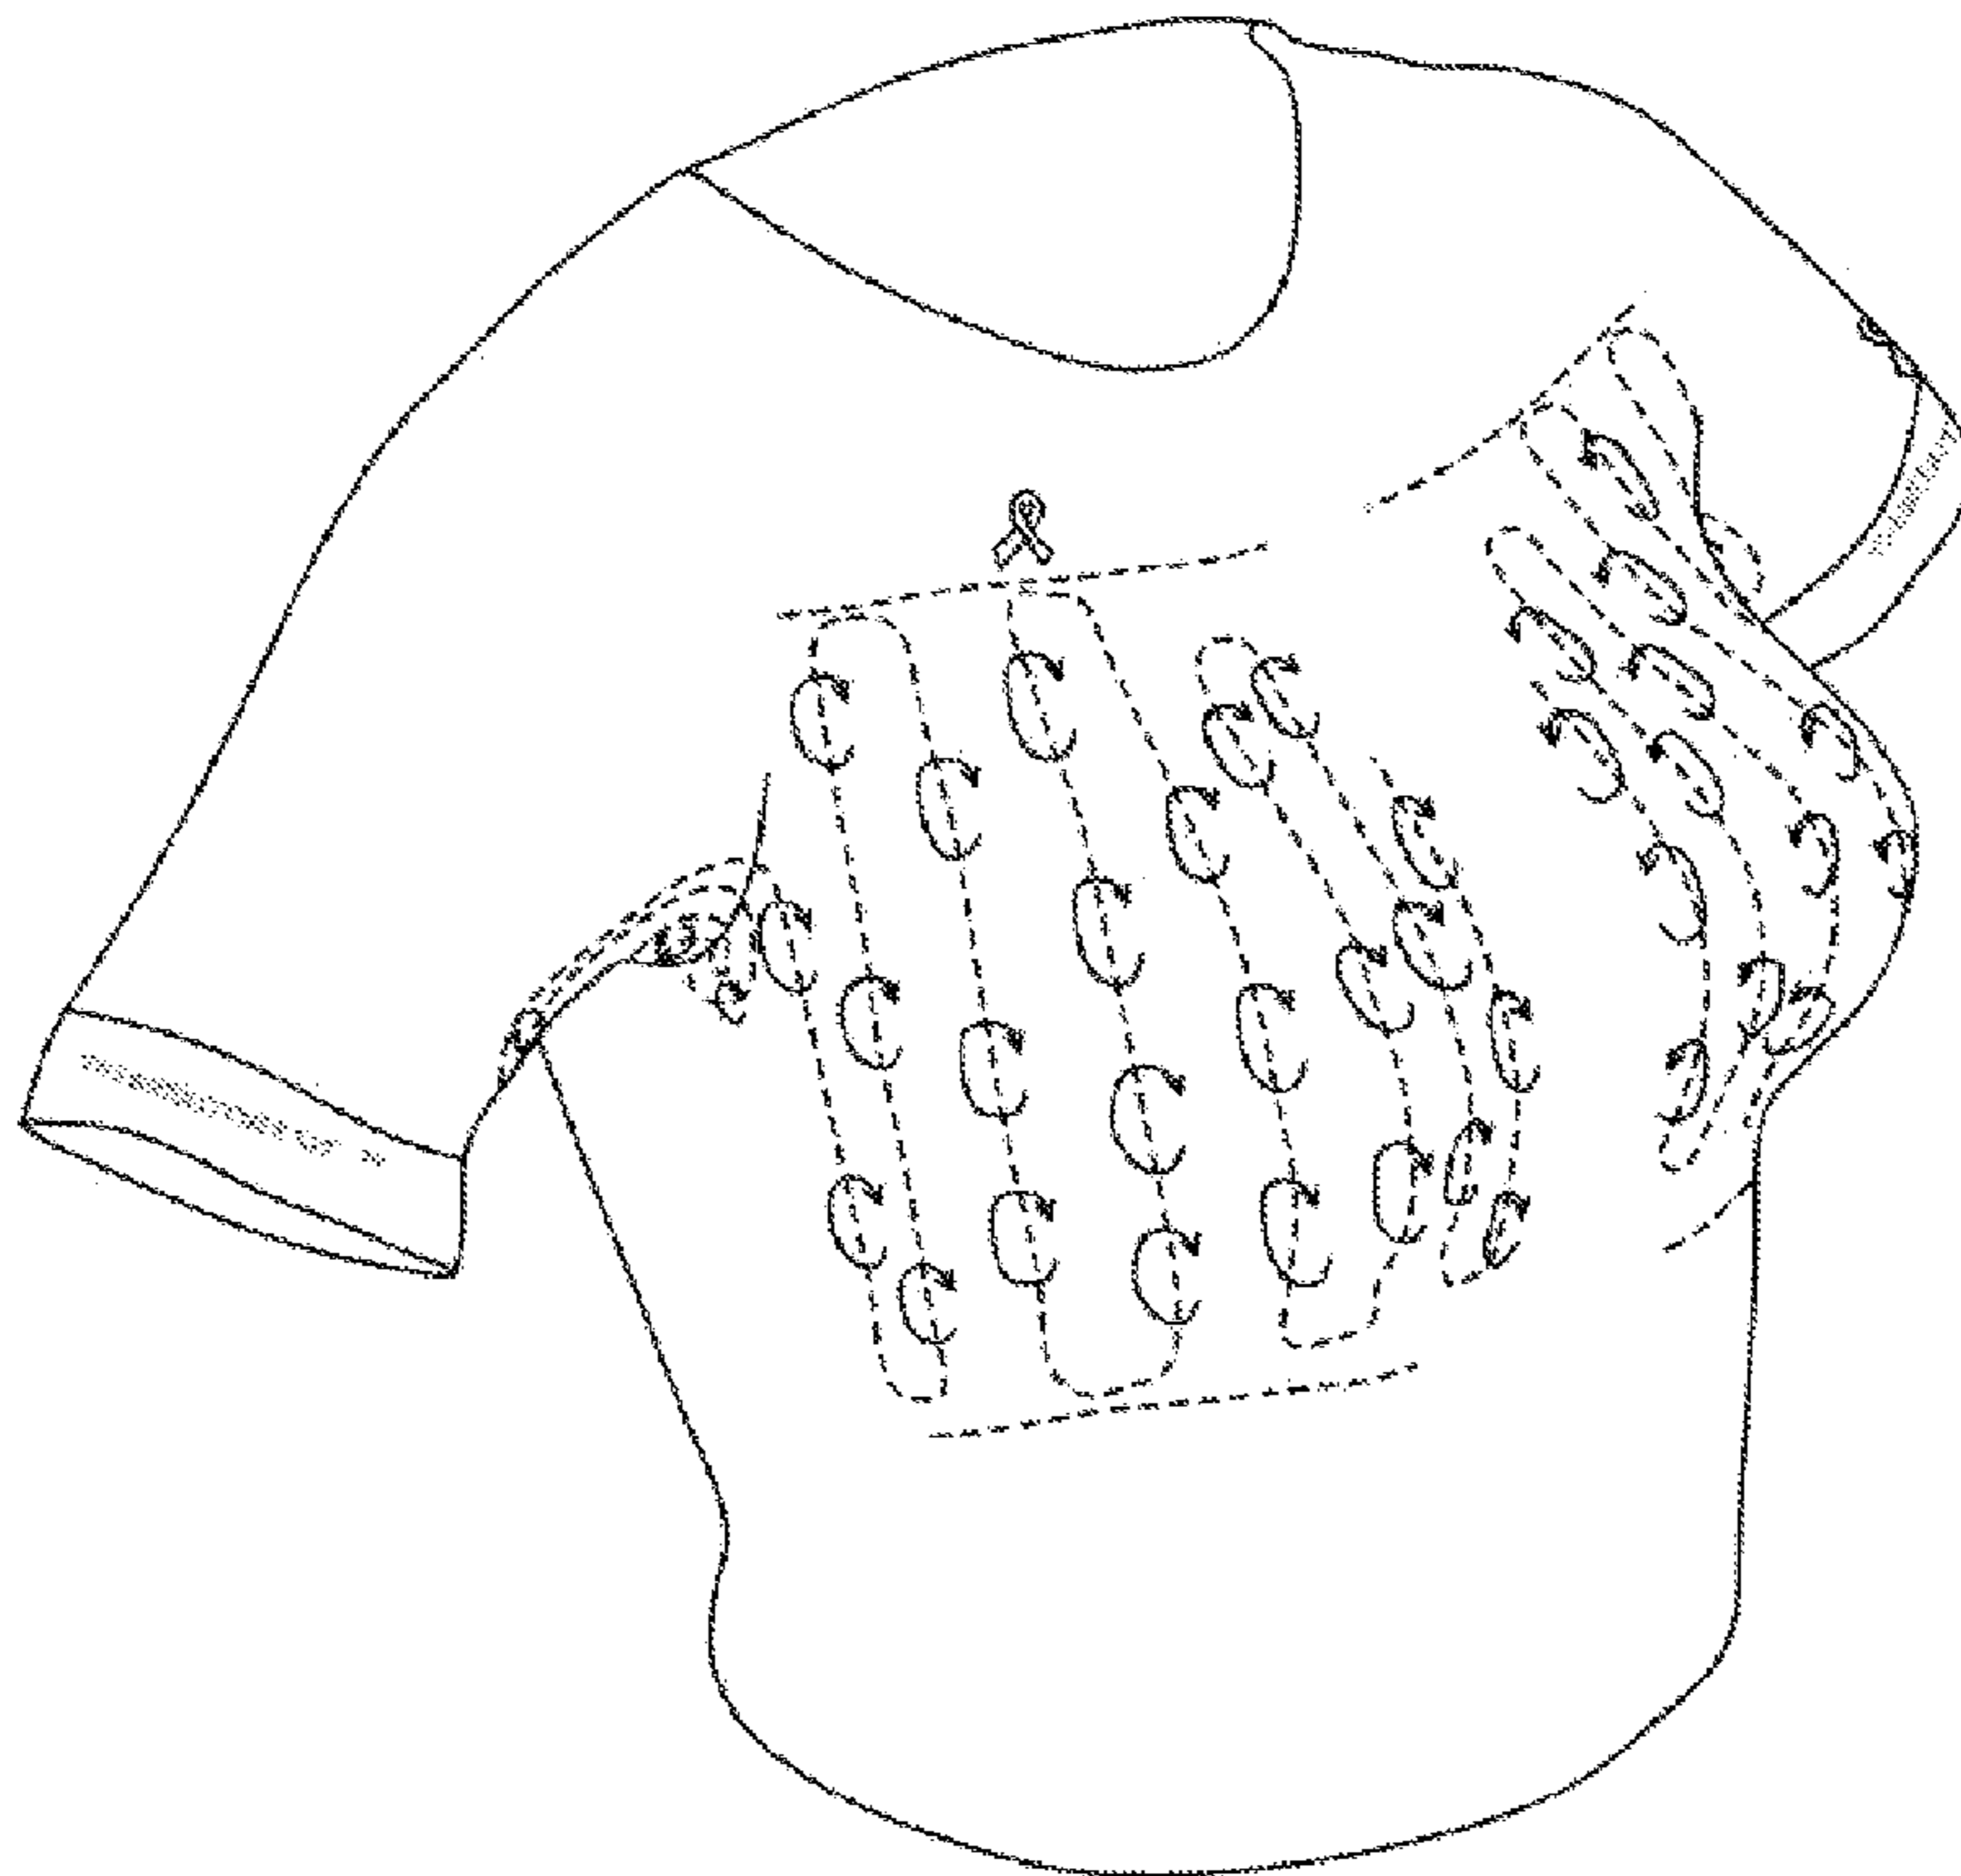

FIG. 5 is a right side elevational view thereof, whereas the article is shown folded along the center (length wise).

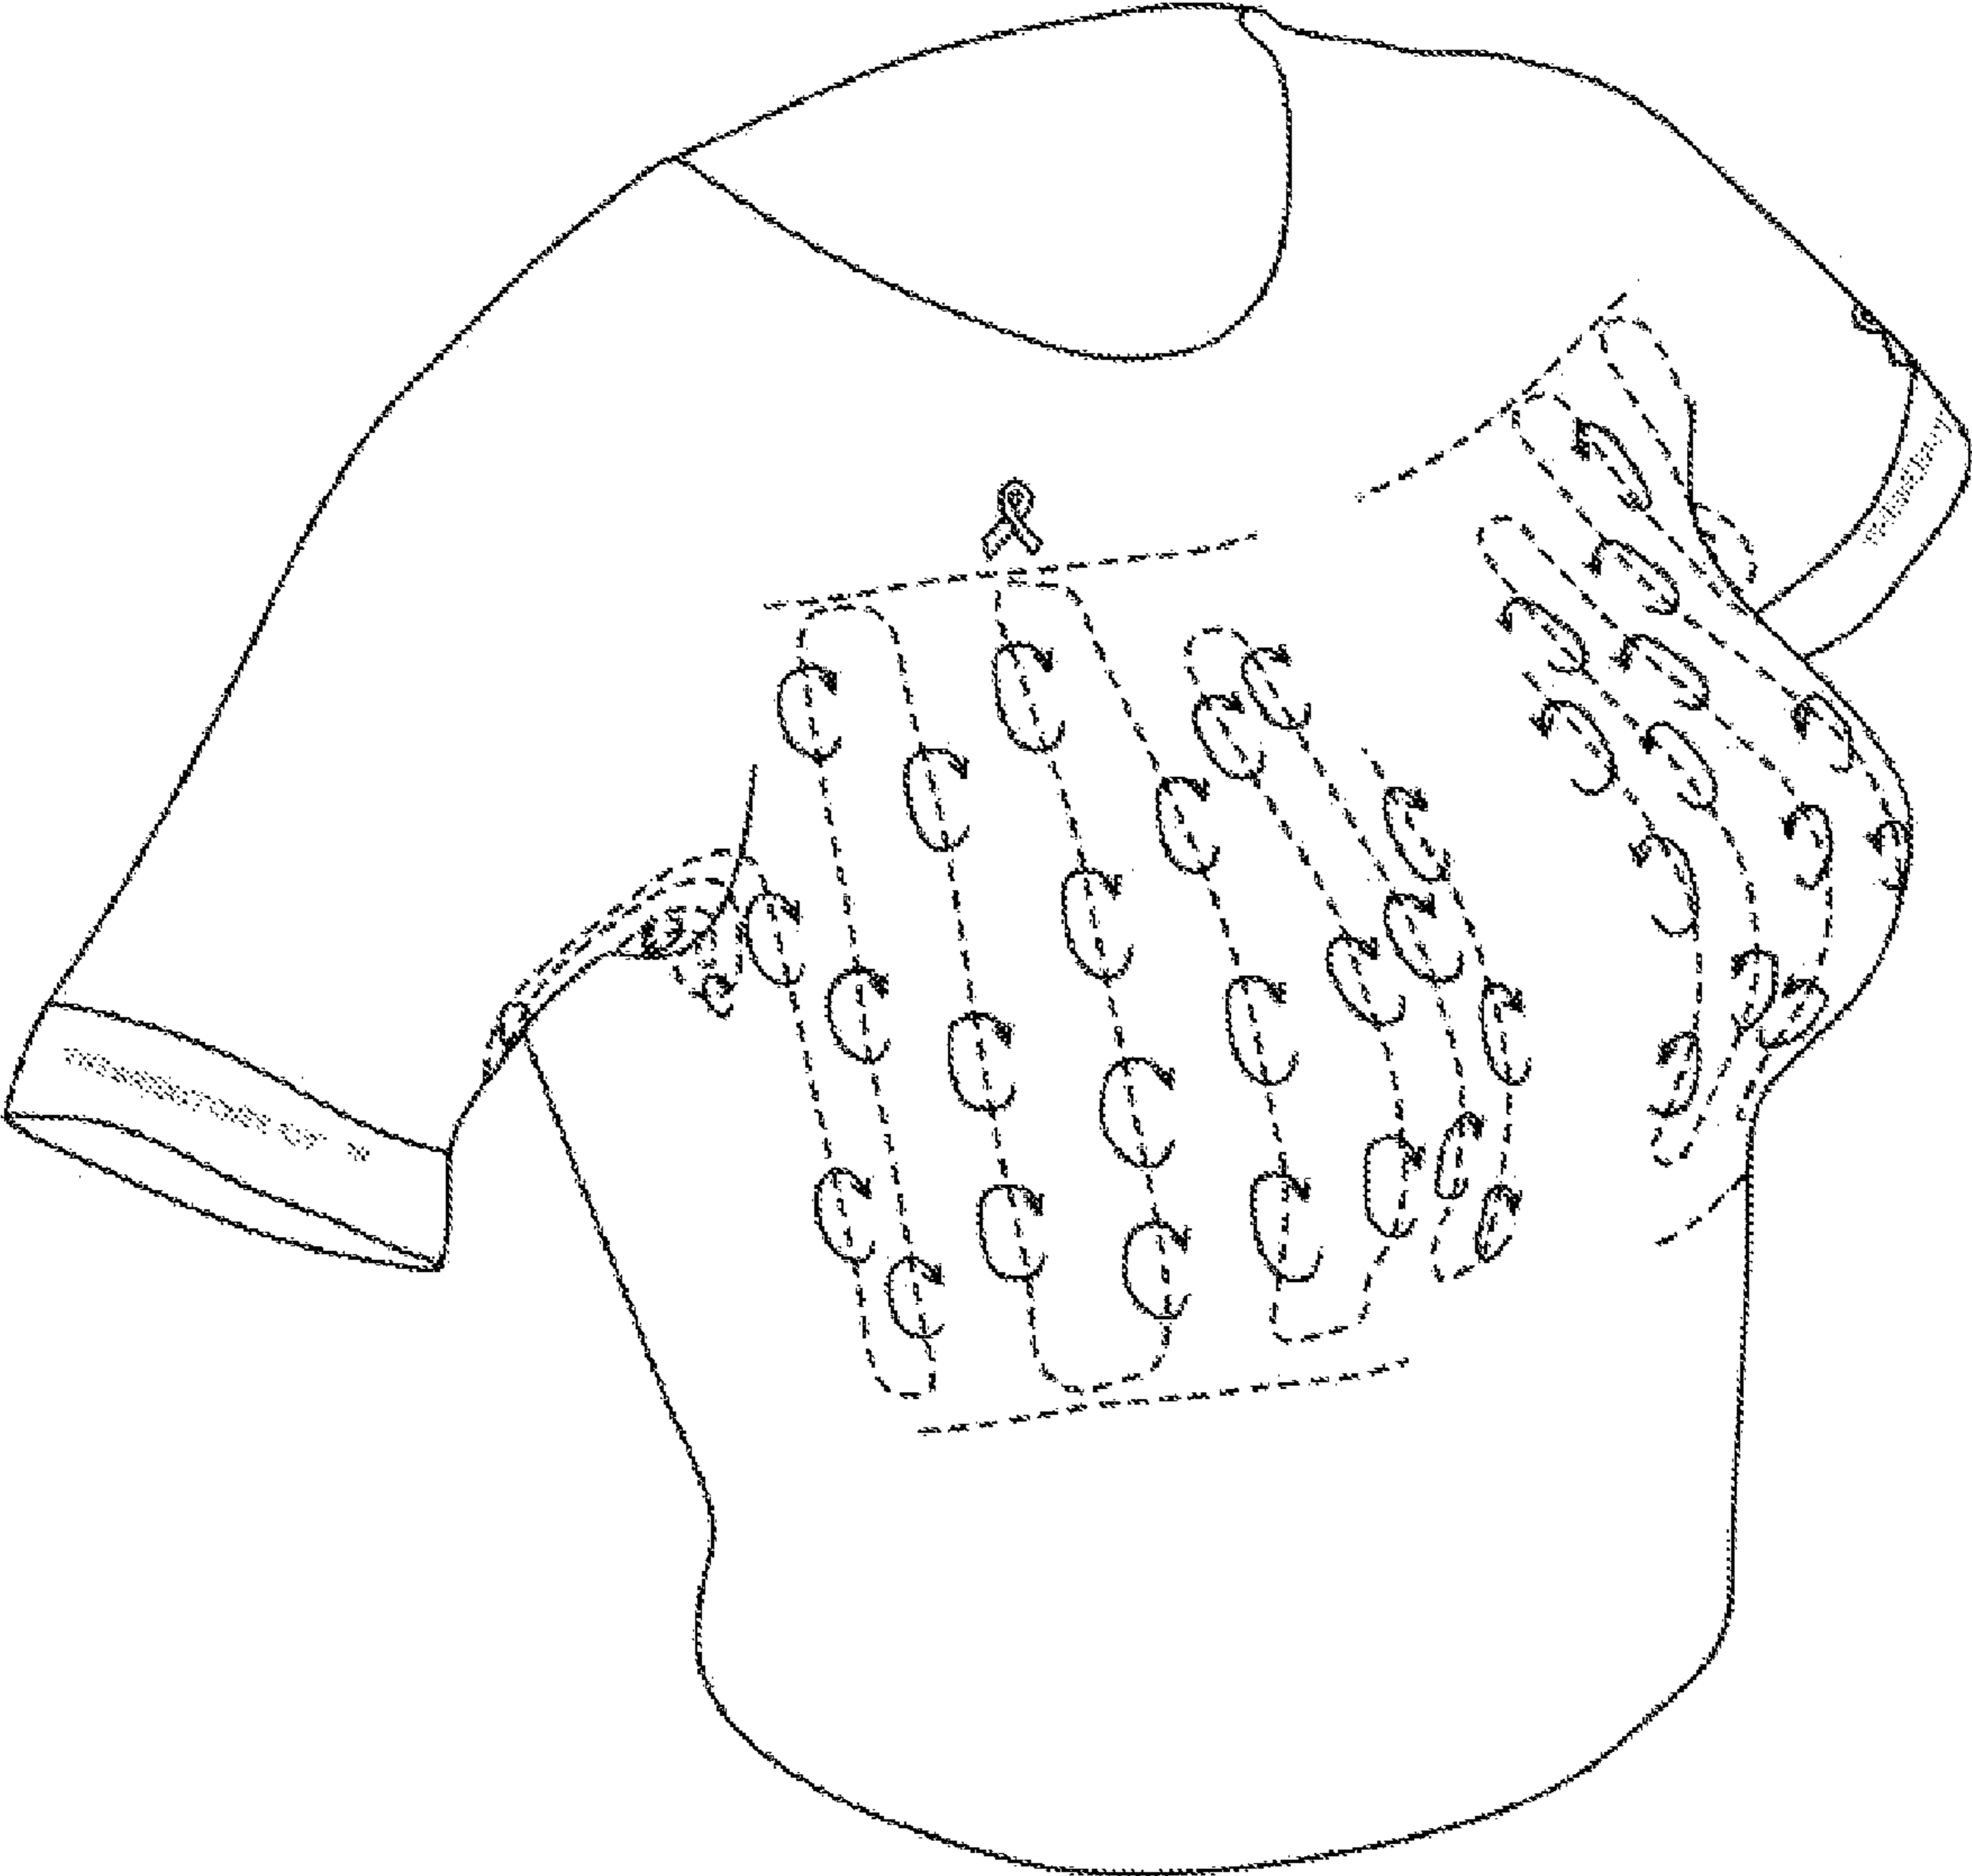

The dashed lines shown in the drawings, represents a stitching line.

A garment that facilitates the wearer examining the breast area and screening for and detecting breast tissue abnormalities.

“The Breast Check Kit” forming a part of the claimed design is a registered trademark of Ms. Linda Lewis, which forms part of the claimed design.
