(57) **CLAIM**

The ornamental design for a light fixture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a light fixture in accordance with my design;

FIG. 2 is a bottom plan view of the light fixture in accordance with my design;

FIG. 3 is a front elevation view of the light fixture in accordance with my design, the opposite side being a mirror image of that shown; and,

FIG. 4 is a side elevation view of the light fixture in accordance with my design, the opposite side being a mirror image of that shown.

The top surface of the light fixture is not shown and therefore forms no part of the claimed design.

The broken-line disclosure of elements are understood to represent portions of the article in which the design is embodied, but which form no part of the claimed design.
