(57) **CLAIM**

The ornamental design for a multiple outlet receptacle, as shown and described.

DESCRIPTION

The present design is embodied in an electrical receptacle, intended for use in residential or commercial wiring applications, comprising a single or multiple gang unit having three or more outlets.

FIG. 1 is a perspective view of a multiple outlet receptacle showing our new design, in which a single unit has three outlets;

FIG. 2 is a top plan view thereof;

FIG. 3 is a left side elevational view thereof; and,

FIG. 4 is a front elevational view thereof.

The portions of the multiple outlet receptacle shown in broken lines form no part of the claimed design.
