(57) **CLAIM**

The ornamental design for a fusible cap, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a fusible cap showing my new design;

FIG. 2 is a front elevational view of the fusible cap, the front and back being mirror images of one another;

FIG. 3 is a left side elevational view of the fusible cap, the left and right sides being mirror images of one another;

FIG. 4 is a top view of the fusible cap;

FIG. 5 is a bottom view of the fusible cap, whereby the portions in broken lines are for the purpose of illustrating portions of the article that form no part of the claimed design; and,

FIG. 6 is a perspective view of the fusible cap, whereby the container manhole is shown for environmental purposes only and forms no part of the claimed design, and whereby the dashed lines form no part of the claimed design.
