(57) **CLAIM**

The ornamental design for a reflector for a recessed luminaire, as shown and described.

**DESCRIPTION**

FIG. 1 is a left front top perspective view of the reflector for a recessed luminaire of the present invention;

FIG. 2 is a left front bottom perspective view of the reflector for a recessed luminaire of the present invention;

FIG. 3 is a right rear bottom perspective view of the reflector for a recessed luminaire of FIG. 1;

FIG. 4 is a front view of the reflector for a recessed luminaire of FIG. 1, the rear view being a mirror image thereof;

FIG. 5 is a left side view of the reflector for a recessed luminaire of FIG. 1, the right side view being a mirror image thereof;

FIG. 6 is a top view of the reflector for a recessed luminaire of FIG. 1;

FIG. 7 is a bottom view of the reflector for a recessed luminaire of FIG. 1; and,

FIG. 8 is a sectional view of the reflector for a recessed luminaire of FIG. 1, taken along the section line 8—8 of FIG. 6.

The broken lines showing environmental structure are for illustrative purposes only and form no part of the claimed design.
