(57) **CLAIM**

The ornamental design for a display system, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the front and side of our new design, the design utilizing extruded frame elements.

FIG. 2 is a perspective view thereof showing the rear and side.

FIG. 3 is a close-up view of the top left corner of the rear of the design shown in FIG. 2; and,

FIG. 4 is a cross-sectional view of the extruded frame elements shown in FIGS. 1-3.

The side opposite and not shown in either perspective is a mirror of the side shown.

The evenly spaced dashed-double-dot lines shown in the drawings illustrate environmental items such as the rear legs, connector knobs, lighting, and horizontal cross members, and form no part of the claimed design. The long, thin, randomly broken lines are shade lines. The dotted lines shown in FIG. 4 of the drawings are for illustrative purposes only and form no part of the claimed design.

1 Claim, 3 Drawing Sheets

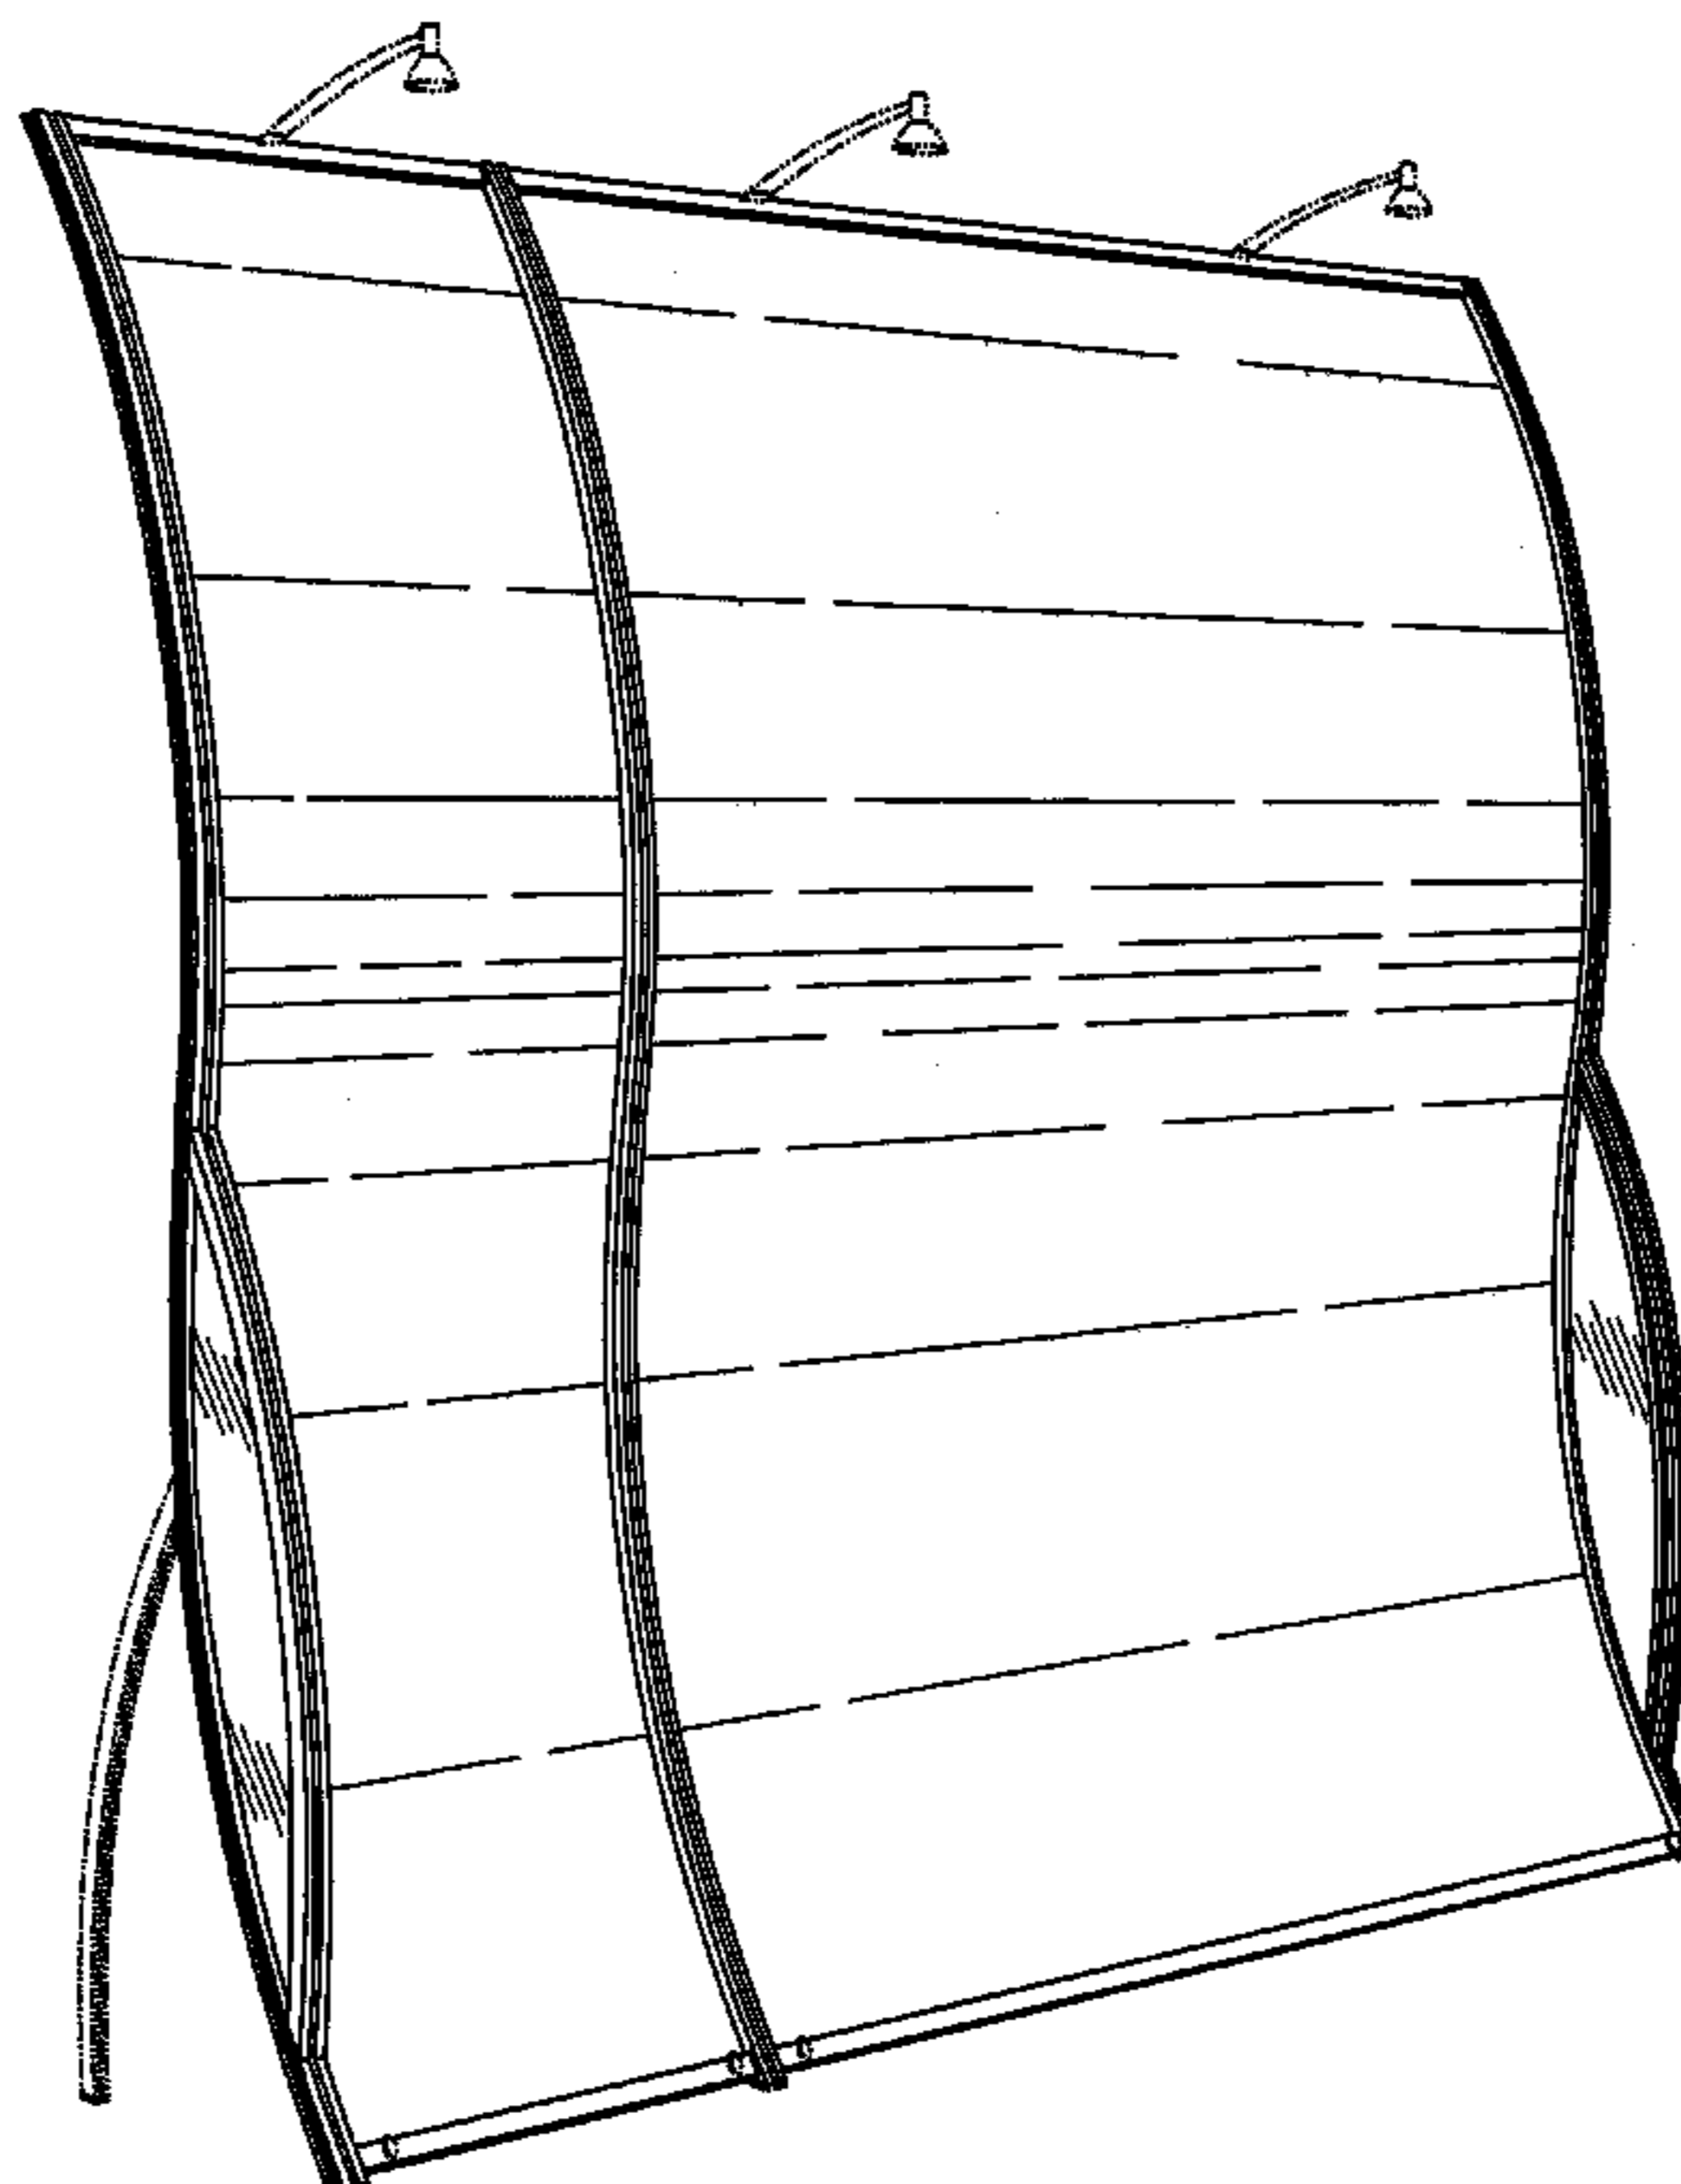

Fig. 1
