(57) **CLAIM**

The ornamental design for a yoke for an automatic slack
adjuster, as shown and described.

DESCRIPTION

FIG. 1 is a right perspective view of a yoke for an automatic
slack adjuster according to our novel design, the left perspec-
tive view being mirror symmetrical;

FIG. 2 is a right side view thereof, the left side view being
mirror symmetrical;

FIG. 3 is a front view thereof; and

FIG. 4 is a rear view thereof.

FIG. 5 is a right perspective view of the yoke for an automatic
slack adjuster according to our novel design shown in an
alternate environment of use, the left perspective view being
mirror symmetrical;

FIG. 6 is a right side view thereof, the left side view being
mirror symmetrical;

FIG. 7 is a front view thereof; and,

FIG. 8 is a rear view thereof.

The broken line drawing is for the purpose of depicting alter-
nate environments only and forms no part of the claimed
design.
