(57) **CLAIM**

We claim the ornamental design for a in-line surge suppressor, substantially as shown.

DESCRIPTION

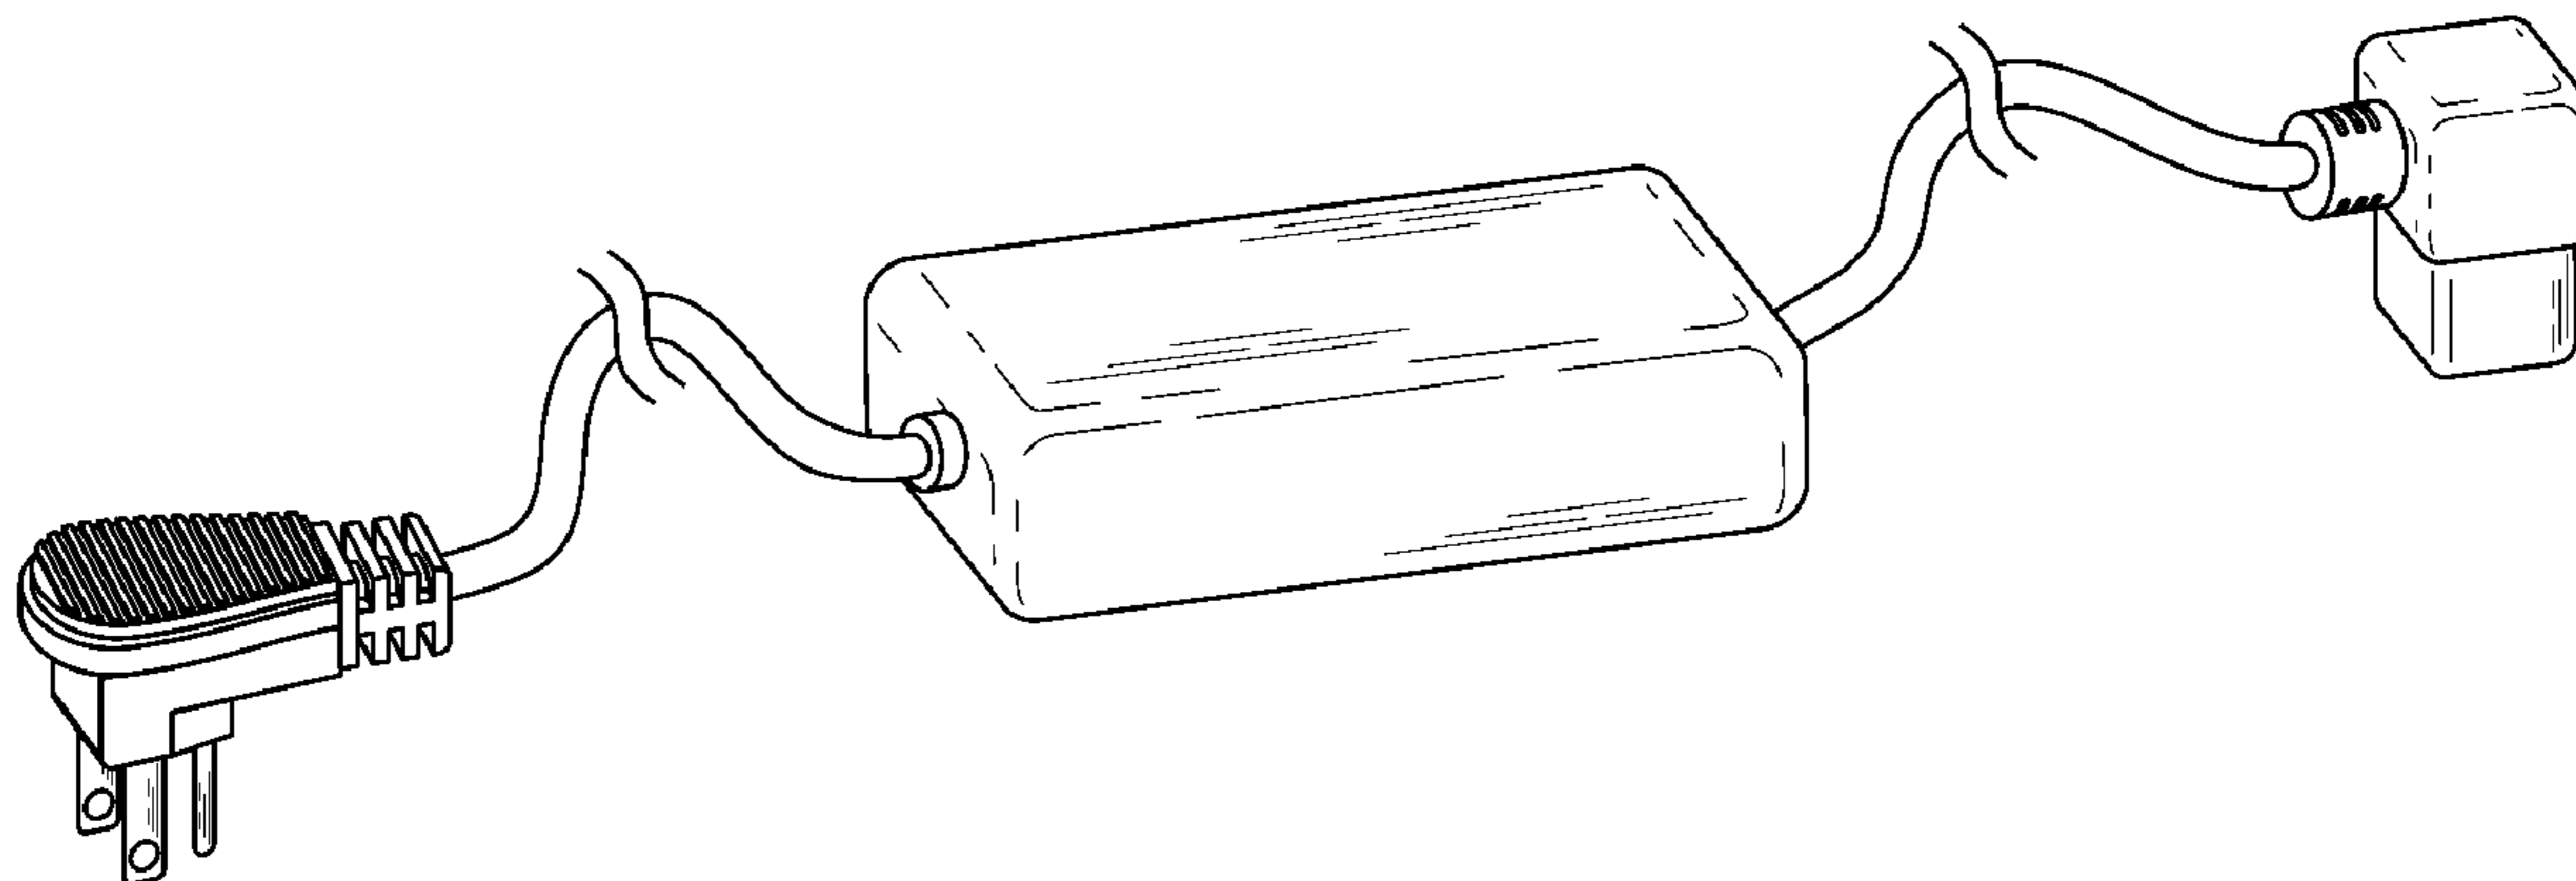

FIG. 1 is a perspective view of the in-line surge suppressor of the present invention having male and female plugs at opposite ends.

FIG. 2 is a side elevation view of the in-line surge suppressor, with the opposite side being a mirror image thereof.

FIG. 3 is a top plan view of the suppressor; and,

FIG. 4 is a bottom plan view of the suppressor.
