(57) **CLAIM**

The ornamental design for an adhesive lower back brace, as shown and described.

DESCRIPTION

FIG. 1 is a top view of an adhesive lower back brace showing our new design, the bottom view being identical; and,

FIG. 2 is a perspective view of the adhesive lower back brace showing our new design when in condition for use.

It is understood that the adhesive lower back brace shows no appreciable thickness.

The broken lines shown in the drawings illustrate environmental structure and form no part of the claimed design.
