(57) **CLAIM**

The ornamental design for a arched pocket identifier card, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an embodiment of an arched pocket identifier card of the present invention;

FIG. 2 is a front elevation view thereof; and,

FIG. 3 is a rear elevation view thereof.

The horizontal lines on the claimed portion of the design are not surface treatment but are surface shading to indicate the item is opaque.

This design is not limited to the exact details shown in the drawings, since equivalents and colorable imitations thereof will be evident to a person of ordinary skill in the art. Thus, within the scope of the following claim, which covers the ornamental and novel elements shown in the several views of the drawing, the invention may be practiced otherwise than as specifically shown and described herein.
