(57) **CLAIM**

The ornamental design for a brace tie for a concrete form, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a brace tie for a concrete form showing our new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a rear elevational view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a left side elevational view thereof; and,
FIG. 7 is a right side elevational view thereof.

The broken lines in the drawing views are included for the purpose of illustrating portions of the brace tie for a concrete form that form no part of the claimed design.

The dash-dot lines in the drawing views define the bounds of the claimed design for the brace tie for a concrete form and form no part of the claimed design.

1 Claim, 5 Drawing Sheets
