(57) **CLAIM**

The ornamental design for a connection cover for connecting an advertisement box onto a lamppost, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of the first embodiment, the rear view is symmetrical to the front elevational view thereof.

FIG. 2 is a left side elevational view thereof, the right side elevational view is symmetrical to the left side elevational view thereof.

FIG. 3 is a top plan view thereof.

FIG. 4 is a perspective view thereof.

FIG. 5 is a reduced scale perspective view showing the design in use for clarity of illustration.

FIG. 6 is another reduced scale perspective view showing the design in use for clarity of illustration.

The bottom view is omitted because it could not be seen when using.

FIG. 7 is a front elevational view of the second embodiment, the rear view is symmetrical to the front elevational view thereof.

FIG. 8 is a top plan view thereof.

FIG. 9 is a left side elevational view thereof, the right side elevational view is symmetrical to the left side elevational view thereof.

FIG. 10 is a perspective view thereof.

FIG. 11 is a reduced scale perspective view showing the design in use for clarity of illustration; and,

FIG. 12 is another reduced scale perspective view showing the design in use for clarity of illustration.

The bottom view is omitted because it could not be seen when using.

The broken lines are directed to environment and form no part of the claimed design.
