(57) **CLAIM**

The ornamental design for a module for an underground assembly for storm water retention or detention, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of my new design for a module for an underground assembly for storm water retention or detention;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right end elevation view thereof, the left end elevation view being identical thereto

FIG. 4; is a front elevation view thereof, the rear elevation view being identical thereto; and,

FIG. 5 is a bottom plan view thereof.
