(57) **CLAIM**

The ornamental design for a medication package, as shown.

**DESCRIPTION**

FIG. 1 is a perspective view of a medication package illustrating our new design with a flap in a partially open position; FIG. 2 is a front side elevational view of the design of FIG. 1 with the flap in a closed position;

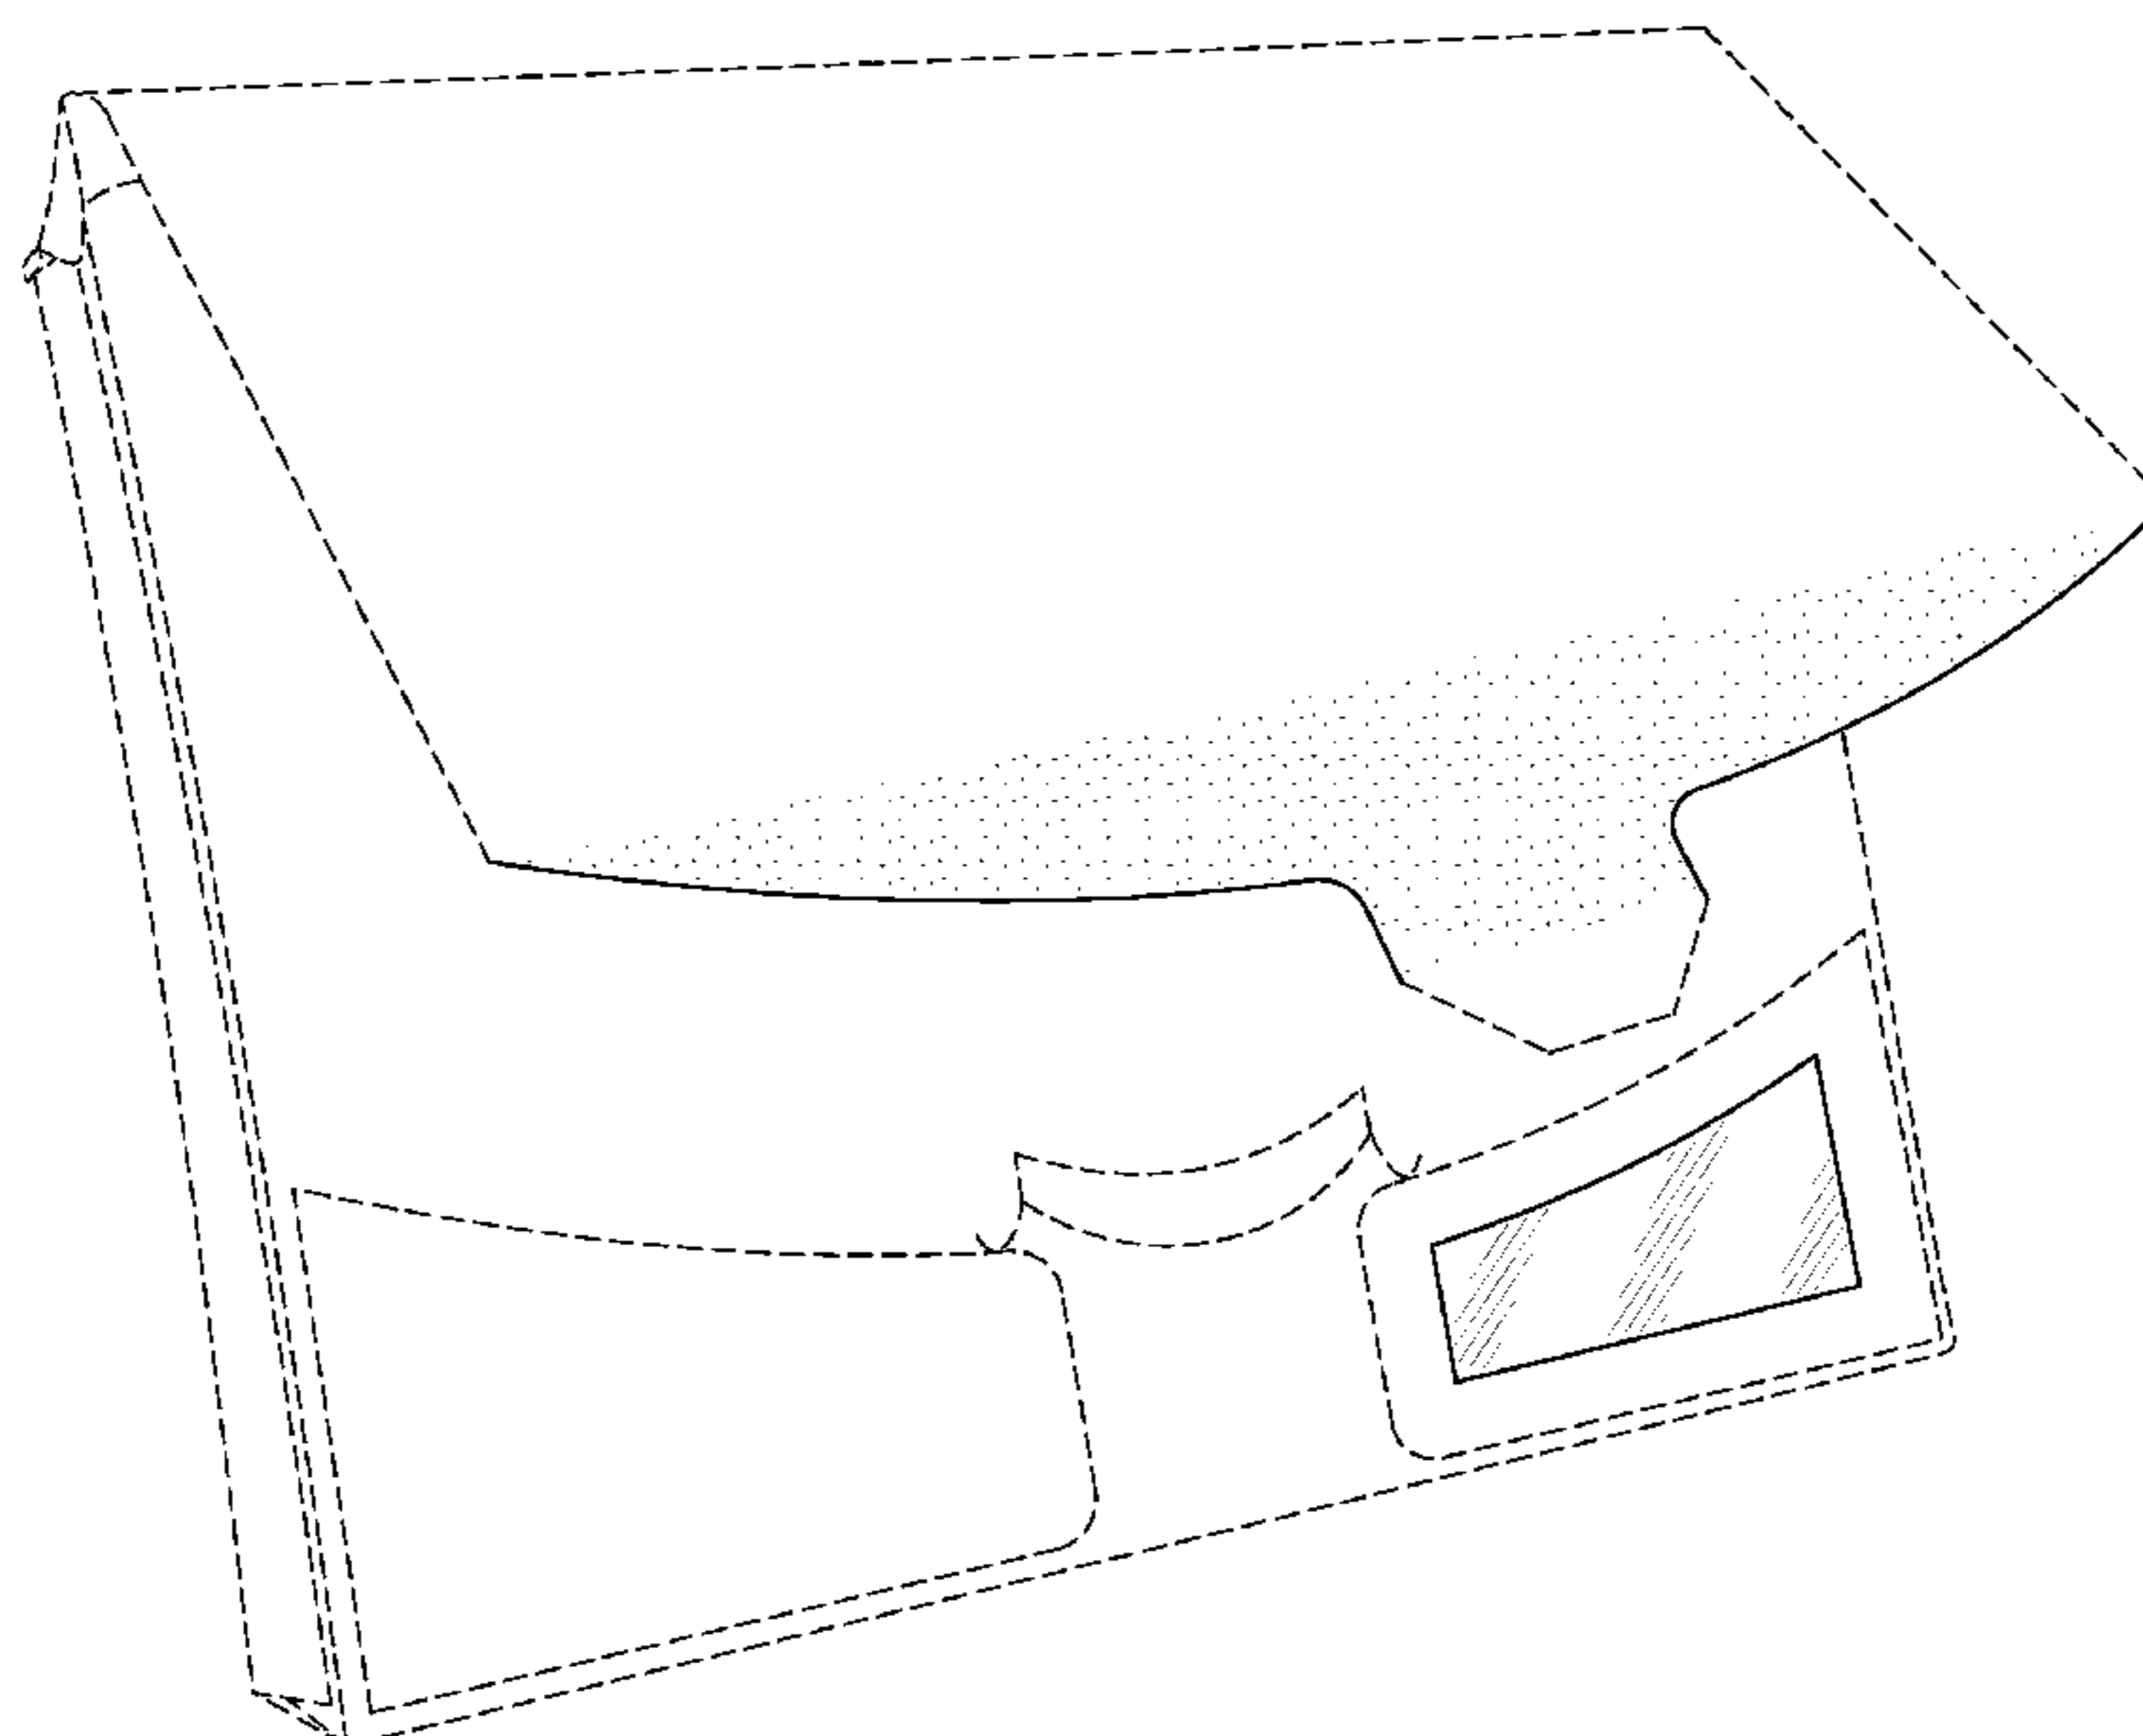

FIG. 3 is a perspective view of a medication package illustrating our new design with a flap in a partially open position; and,

FIG. 4 is a front side elevational view of the package of FIG. 3 with the flap in a closed position.

The broken lines represent portions of the structure that form no part of the claim.

The shaded areas in the figures define boundaries of the claimed design.
