(57) **CLAIM**

The ornamental design for a fairway wood-type golf club head, as shown and described.

DESCRIPTION

FIG. 1 illustrates an angled, rear perspective view of a fairway wood-type golf club head that shows an elongated groove disposed around a ribbon portion of the club head;

FIG. 2 illustrates a front perspective view of the golf club head shown in FIG. 1 that shows the ball-striking face of the golf club head;

FIG. 3 illustrates a rear perspective view of the golf club head shown in FIG. 1 that shows an elongated groove disposed around a ribbon portion of the club head;

FIG. 4 illustrates a side perspective view of the golf club head shown in FIG. 1 that shows an elongated groove disposed around a ribbon portion of the club head;

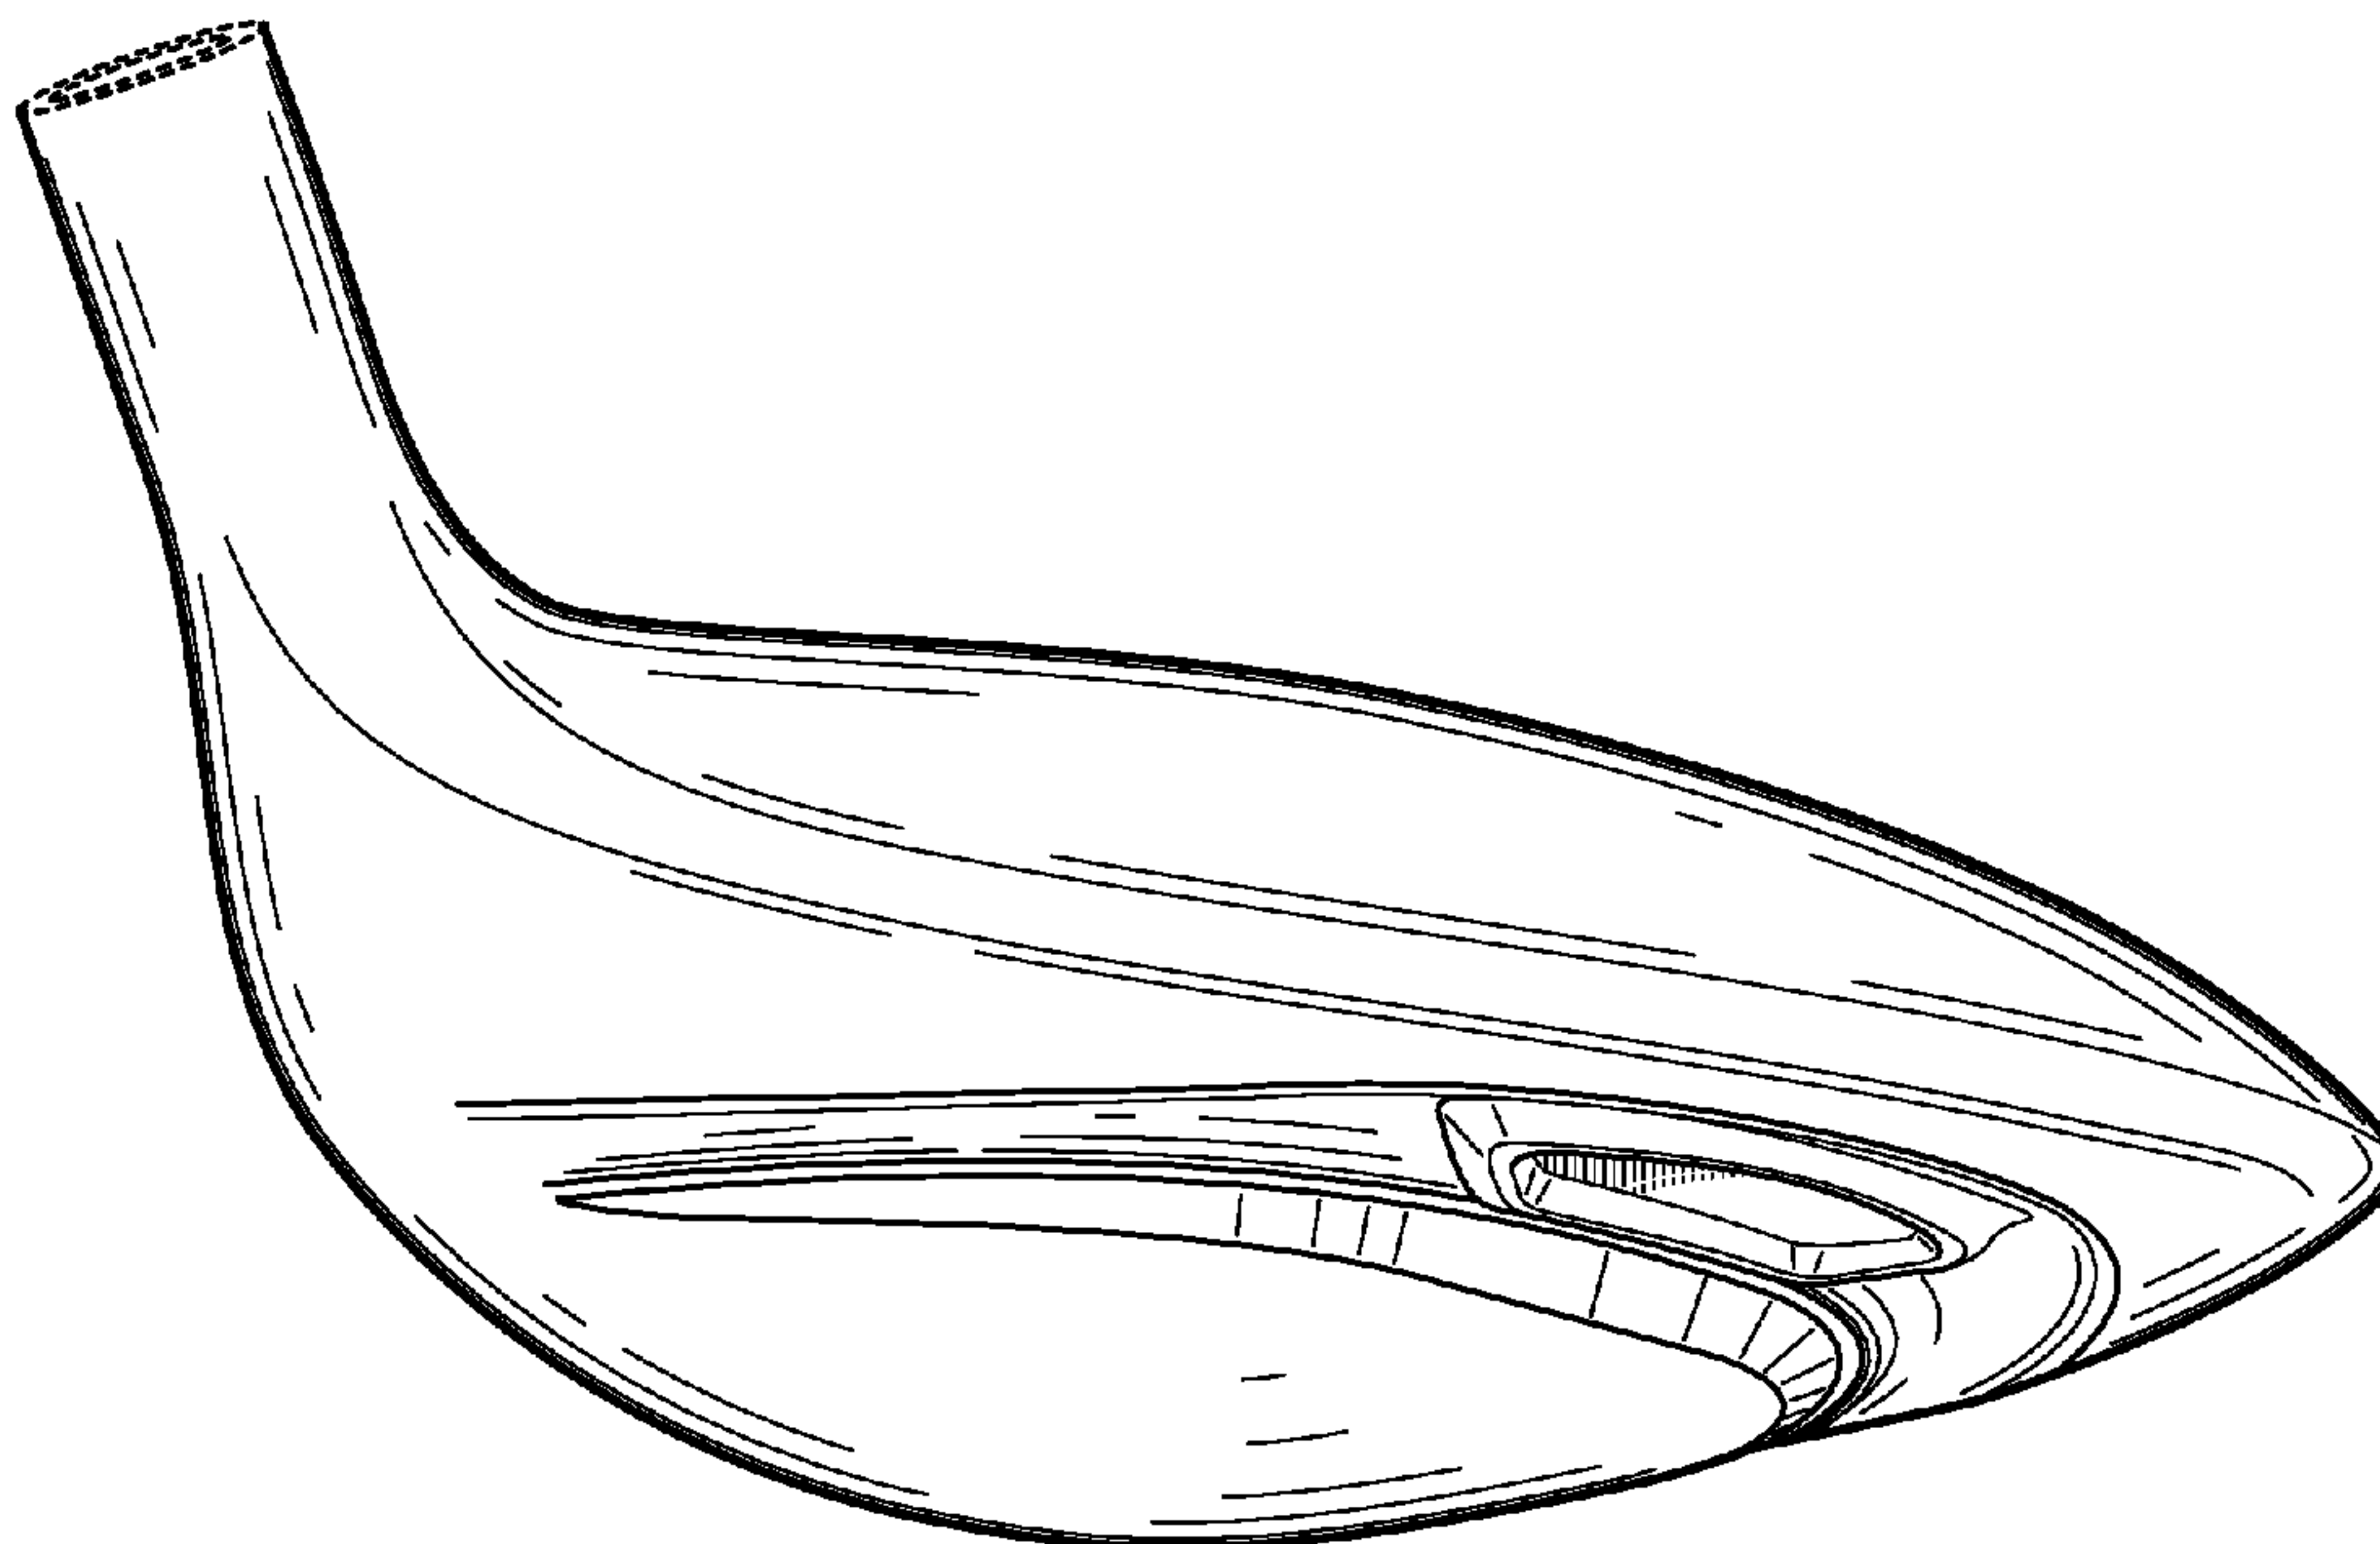

FIG. 5 illustrates an a side perspective view of the golf club head shown in FIG. 1 that shows an elongated groove disposed around a ribbon portion of the club head;

FIG. 6 illustrates a top perspective view of the golf club head shown in FIG. 1 that shows the crown portion of the golf club head; and,

FIG. 7 illustrates a bottom perspective view of a new design of a driver-type golf club head that shows an elongated groove disposed around a ribbon portion of the club head shown in FIG. 1.

The broken, dashed lines shown in the various figures depicting embodiments of the invention are included for the purpose of illustrating environment and do not form any part of the claimed design.
