DESCRIPTION

FIG. 1 is a perspective view of my new design for an airbag lumbar support pillow formed by two side airbags joined by a fused middle band;

FIG. 2 is a front elevation view of the article shown in FIG. 1, and to which the rear elevation view is the same.

FIG. 3 is a left side view of the article shown in FIG. 1, and to which the right side view is the same;

FIG. 4 is a top view of the article shown in FIG. 1, and to which the bottom view is the same; and,

FIG. 5 is a view showing the article in use by a seated person (in phantom lines).

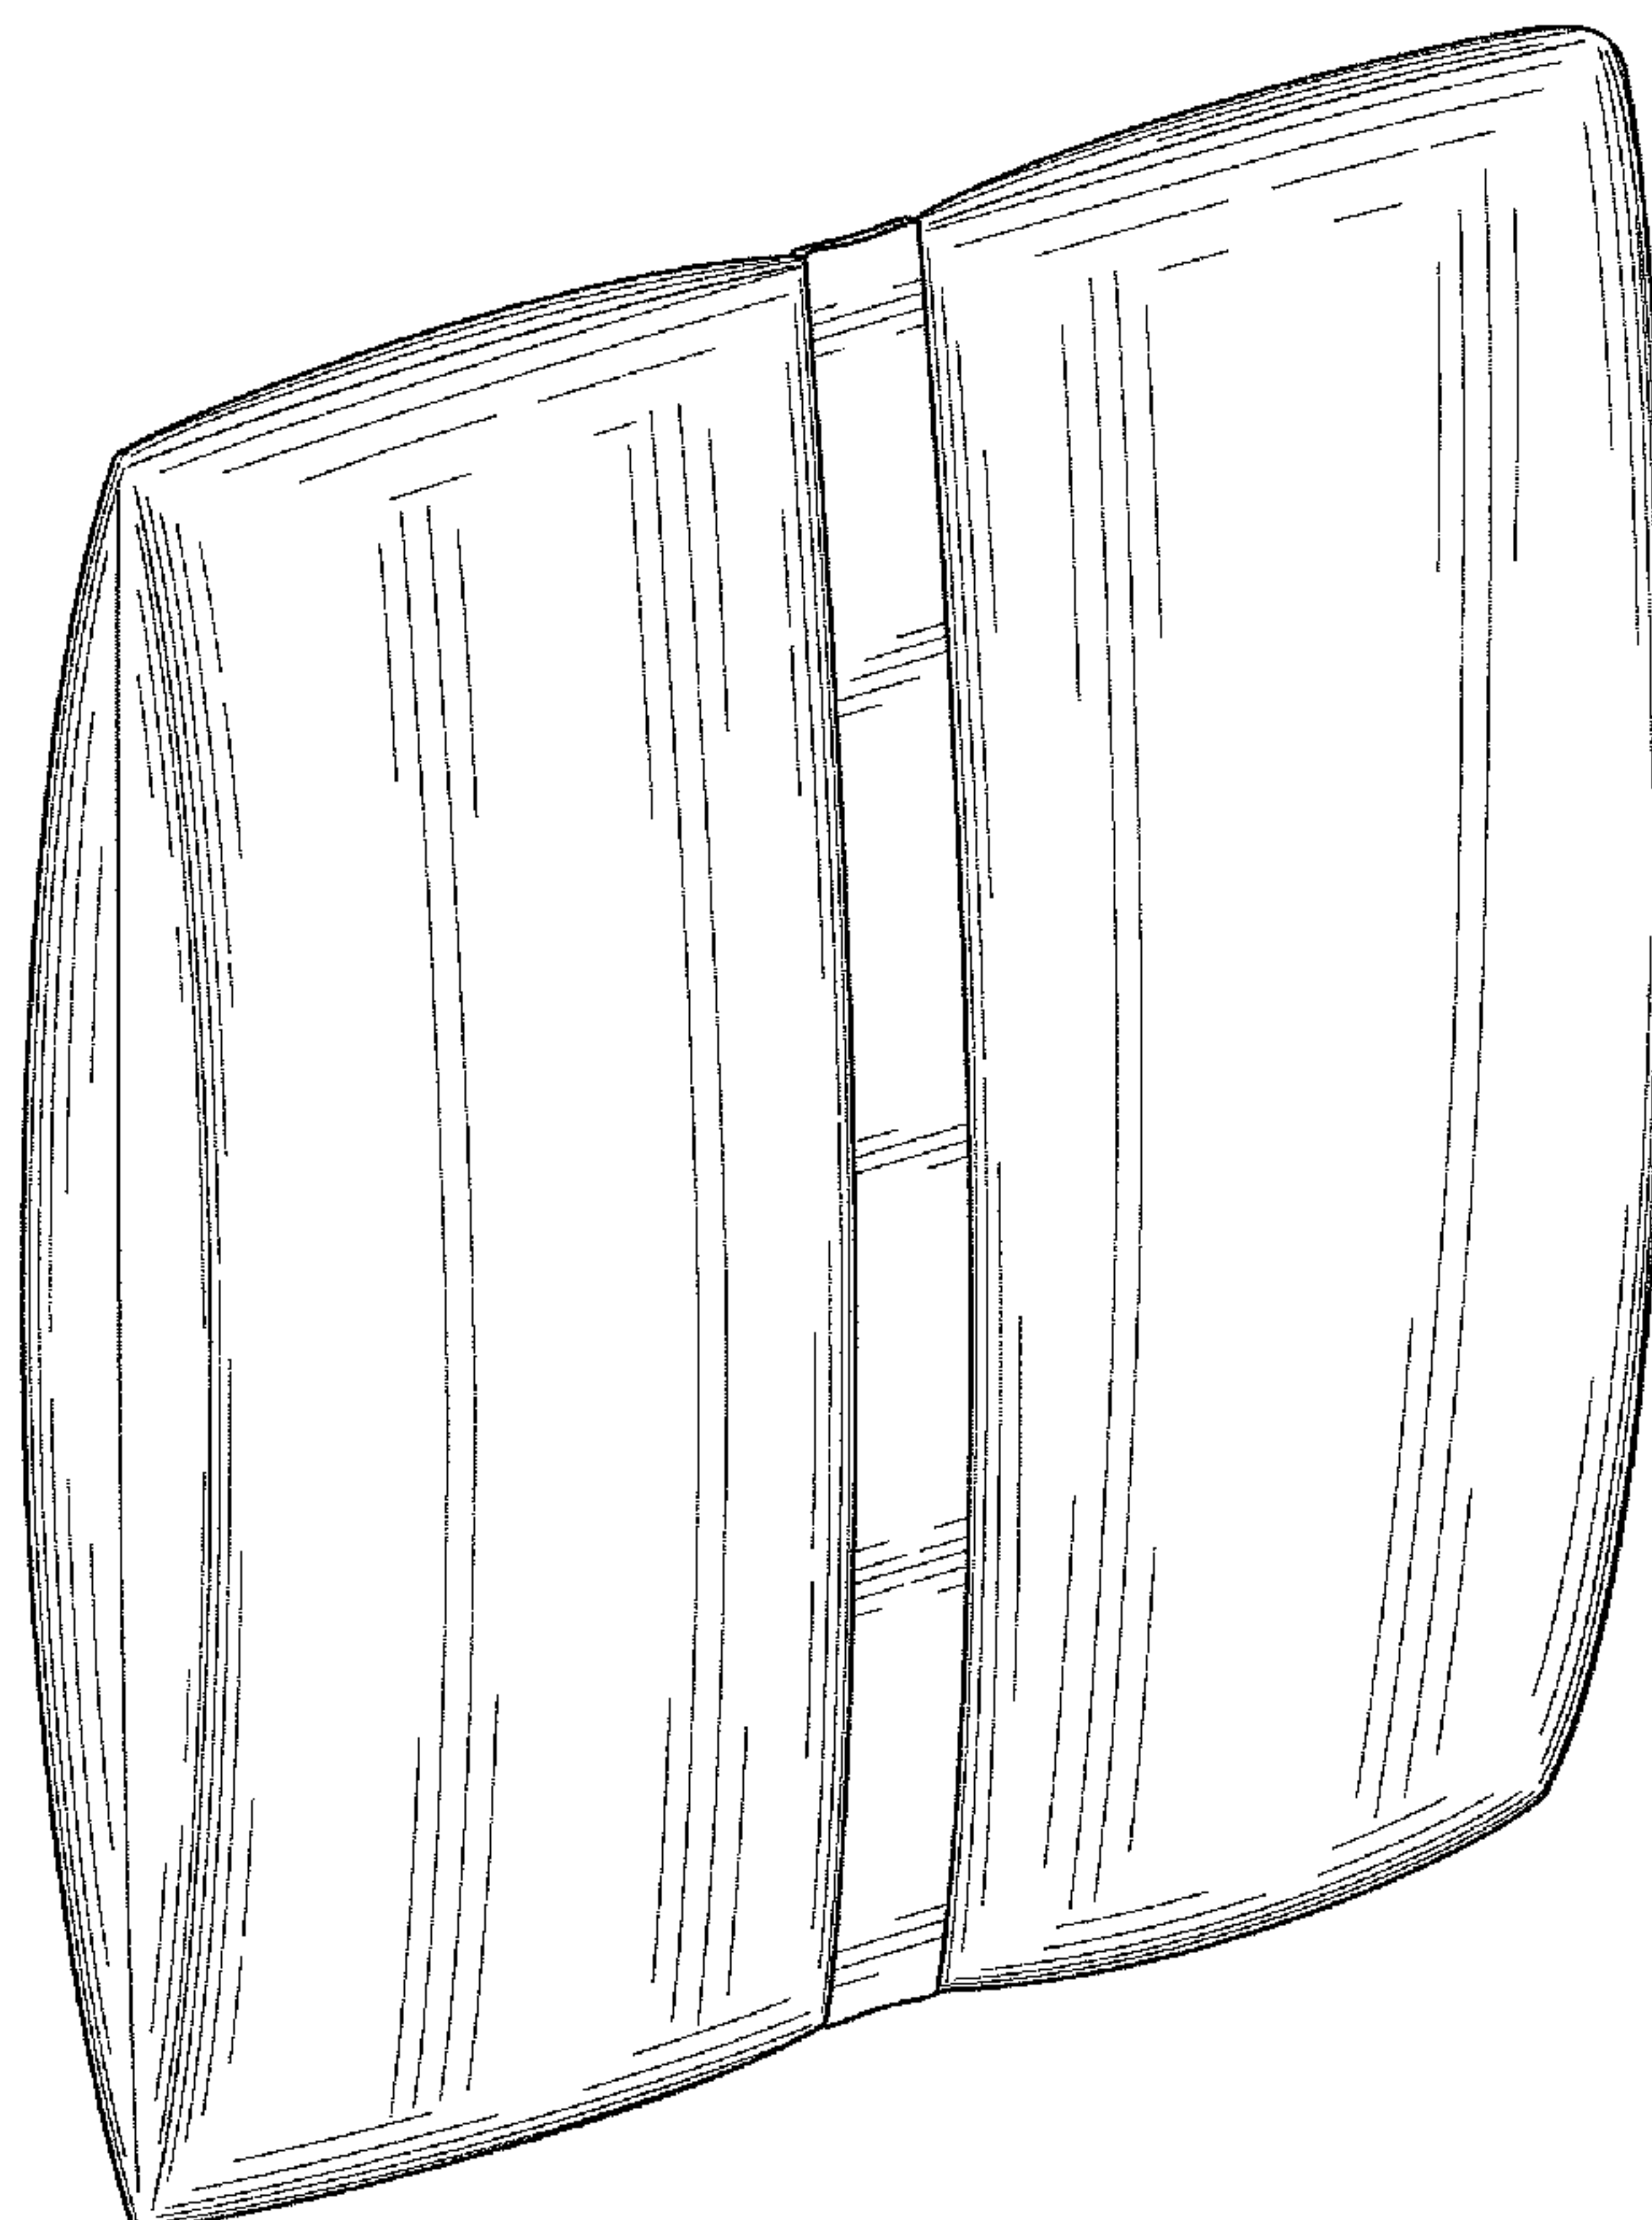

The broken lines are for environmental purposes only and form no part of the claimed design.
