(57) **CLAIM**

The ornamental design for a integrated tool holder for secur-
ing a tool, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a integrated tool holder
for securing a tool embodying the inventive design;

FIG. 2 is a rear perspective view of an embodiment of the
claimed design;

FIG. 3 is a side perspective view of an embodiment of the
claimed design in association with a srench tool shown in
broken lines;

FIG. 4 is a second side perspective view of an embodiment of
the claimed design in association with a srench tool shown in
broken lines;

FIG. 5 is a top perspective view of one embodiment of the
claimed design in association with a chainsaw and a srench
tool shown in broken lines;

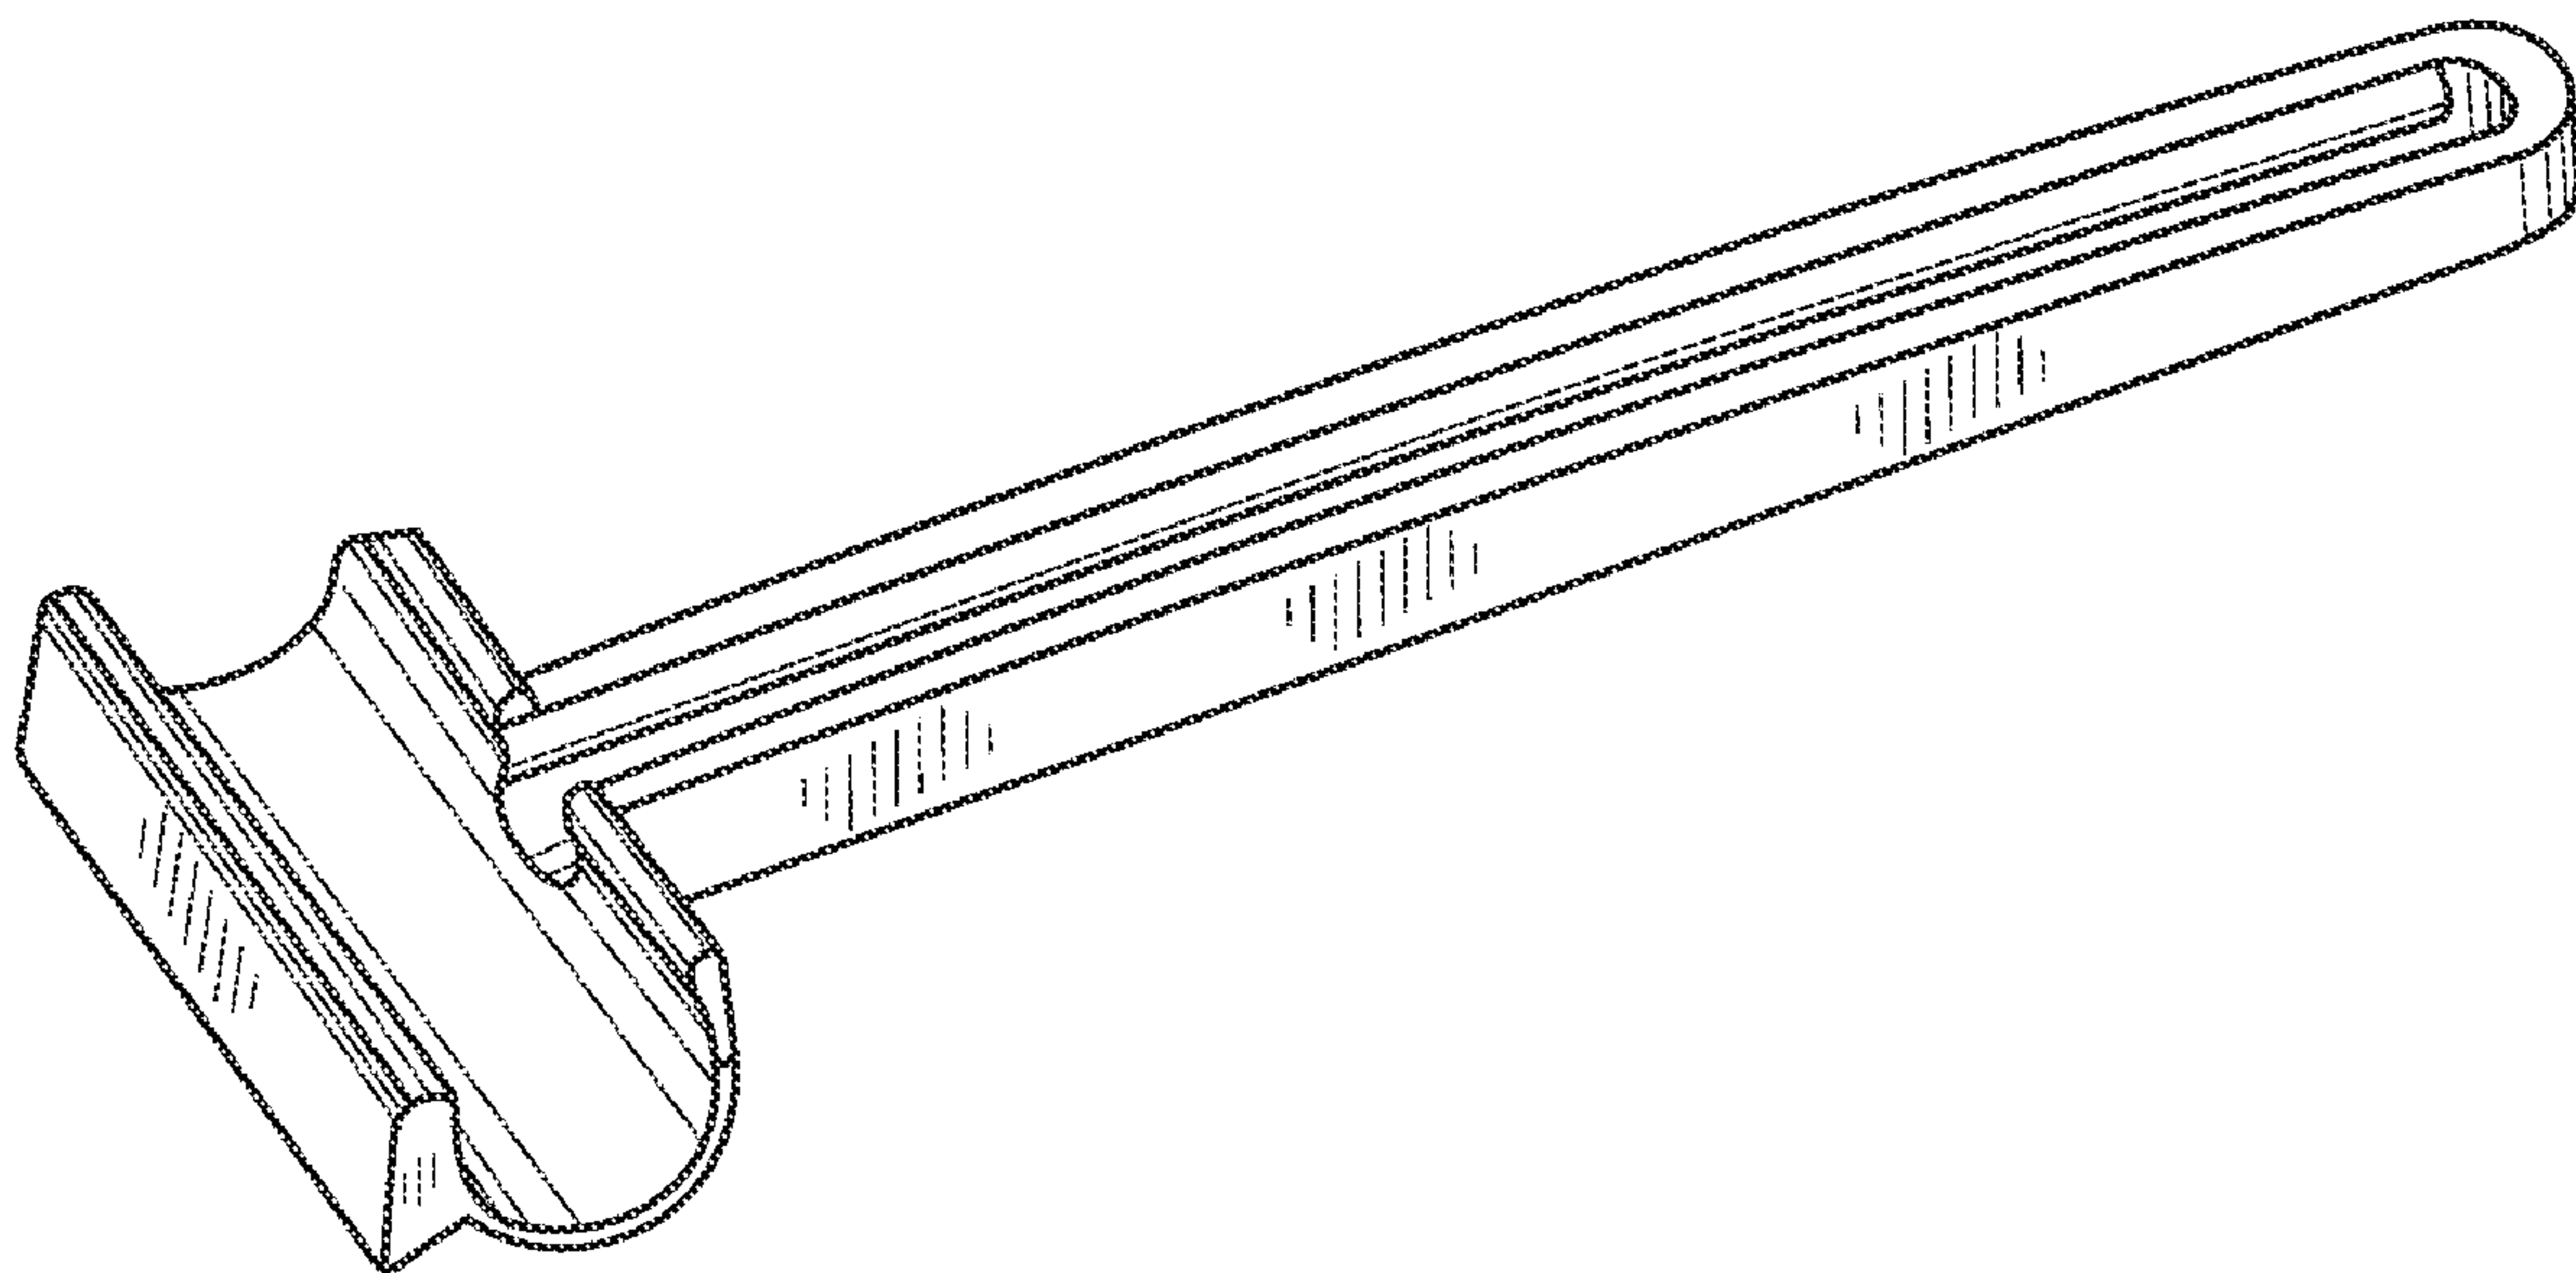

FIG. 6 is a side perspective view of an embodiment of the
claimed design in association with a chainsaw and a srench
tool shown in broken lines;

FIG. 7 is a bottom perspective view of one embodiment of the
claimed design in association with a chainsaw and a srench
tool shown in broken lines; and,

FIG. 8 is a second side perspective view of an embodiment of
the claimed design in association with a chainsaw and a
srench tool shown in broken lines.

The broken line showing of structural features and direction
lines is included for the purpose of illustrating non-claimed
subject matter and forms no part of the claimed design.
