(57) **CLAIM**

The ornamental design for a four barrel carburetor, substantially as shown and described.

**DESCRIPTION**

FIG. 1 is a three-dimensional view of a four barrel carburetor showing my new design, looking upwardly at a first side thereof.

FIG. 2 is an elevational view of said first side; and,

FIG. 3 is an elevational view of a side of the carburetor that is opposite said first side.

The broken line showing of portions of a four barrel carburetor is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
