(57) **CLAIM**

The ornamental design for a re-usable package for lamps, as shown and described.

DESCRIPTION

FIG. 1 is an elevated front perspective view of a re-usable package for lamps showing our new design;

FIG. 2 is a rear lower perspective view of the package of FIG. 1;

FIG. 3 is a side elevation view of the package of FIG. 1, the opposite side being a mirror image thereof; and,

FIG. 4 is a top plan view of the package of FIG. 1.

The claimed ornamental design is shown embodied on a package that has a re-closable lid. The package may be used, for example, to house for display PAR 30 style lamps in a retail environment. In an illustrative example, the package may be re-used in an environmentally friendly manner as an attractive container for a wide variety of items.
