FIG. 1 is a bottom perspective view of a disposable head interfacing element for use with treatment devices;

FIG. 2 is a top perspective view of a disposable head interfacing element for use with treatment devices;

FIG. 3 is a front view of a disposable head interfacing element for use with treatment devices;

FIG. 4 is a left side view of a disposable head interfacing element for use with treatment devices;

FIG. 5 is a right side view of a disposable head interfacing element for use with treatment devices;

FIG. 6 is a top view of a disposable head interfacing element for use with treatment devices; and,

FIG. 7 is bottom view of a disposable head interfacing element for use with treatment devices.

Any broken line illustration in the drawings are not part of the design sought to be patented.
