(57) **CLAIM**

The ornamental design for diagnostic accessory, as shown
and described.

DESCRIPTION

FIG. 1 is a plan view of a diagnostic accessory that illustrates
my new design;

FIG. 2 is a plan view of a second embodiment of a diagnostic
accessory;

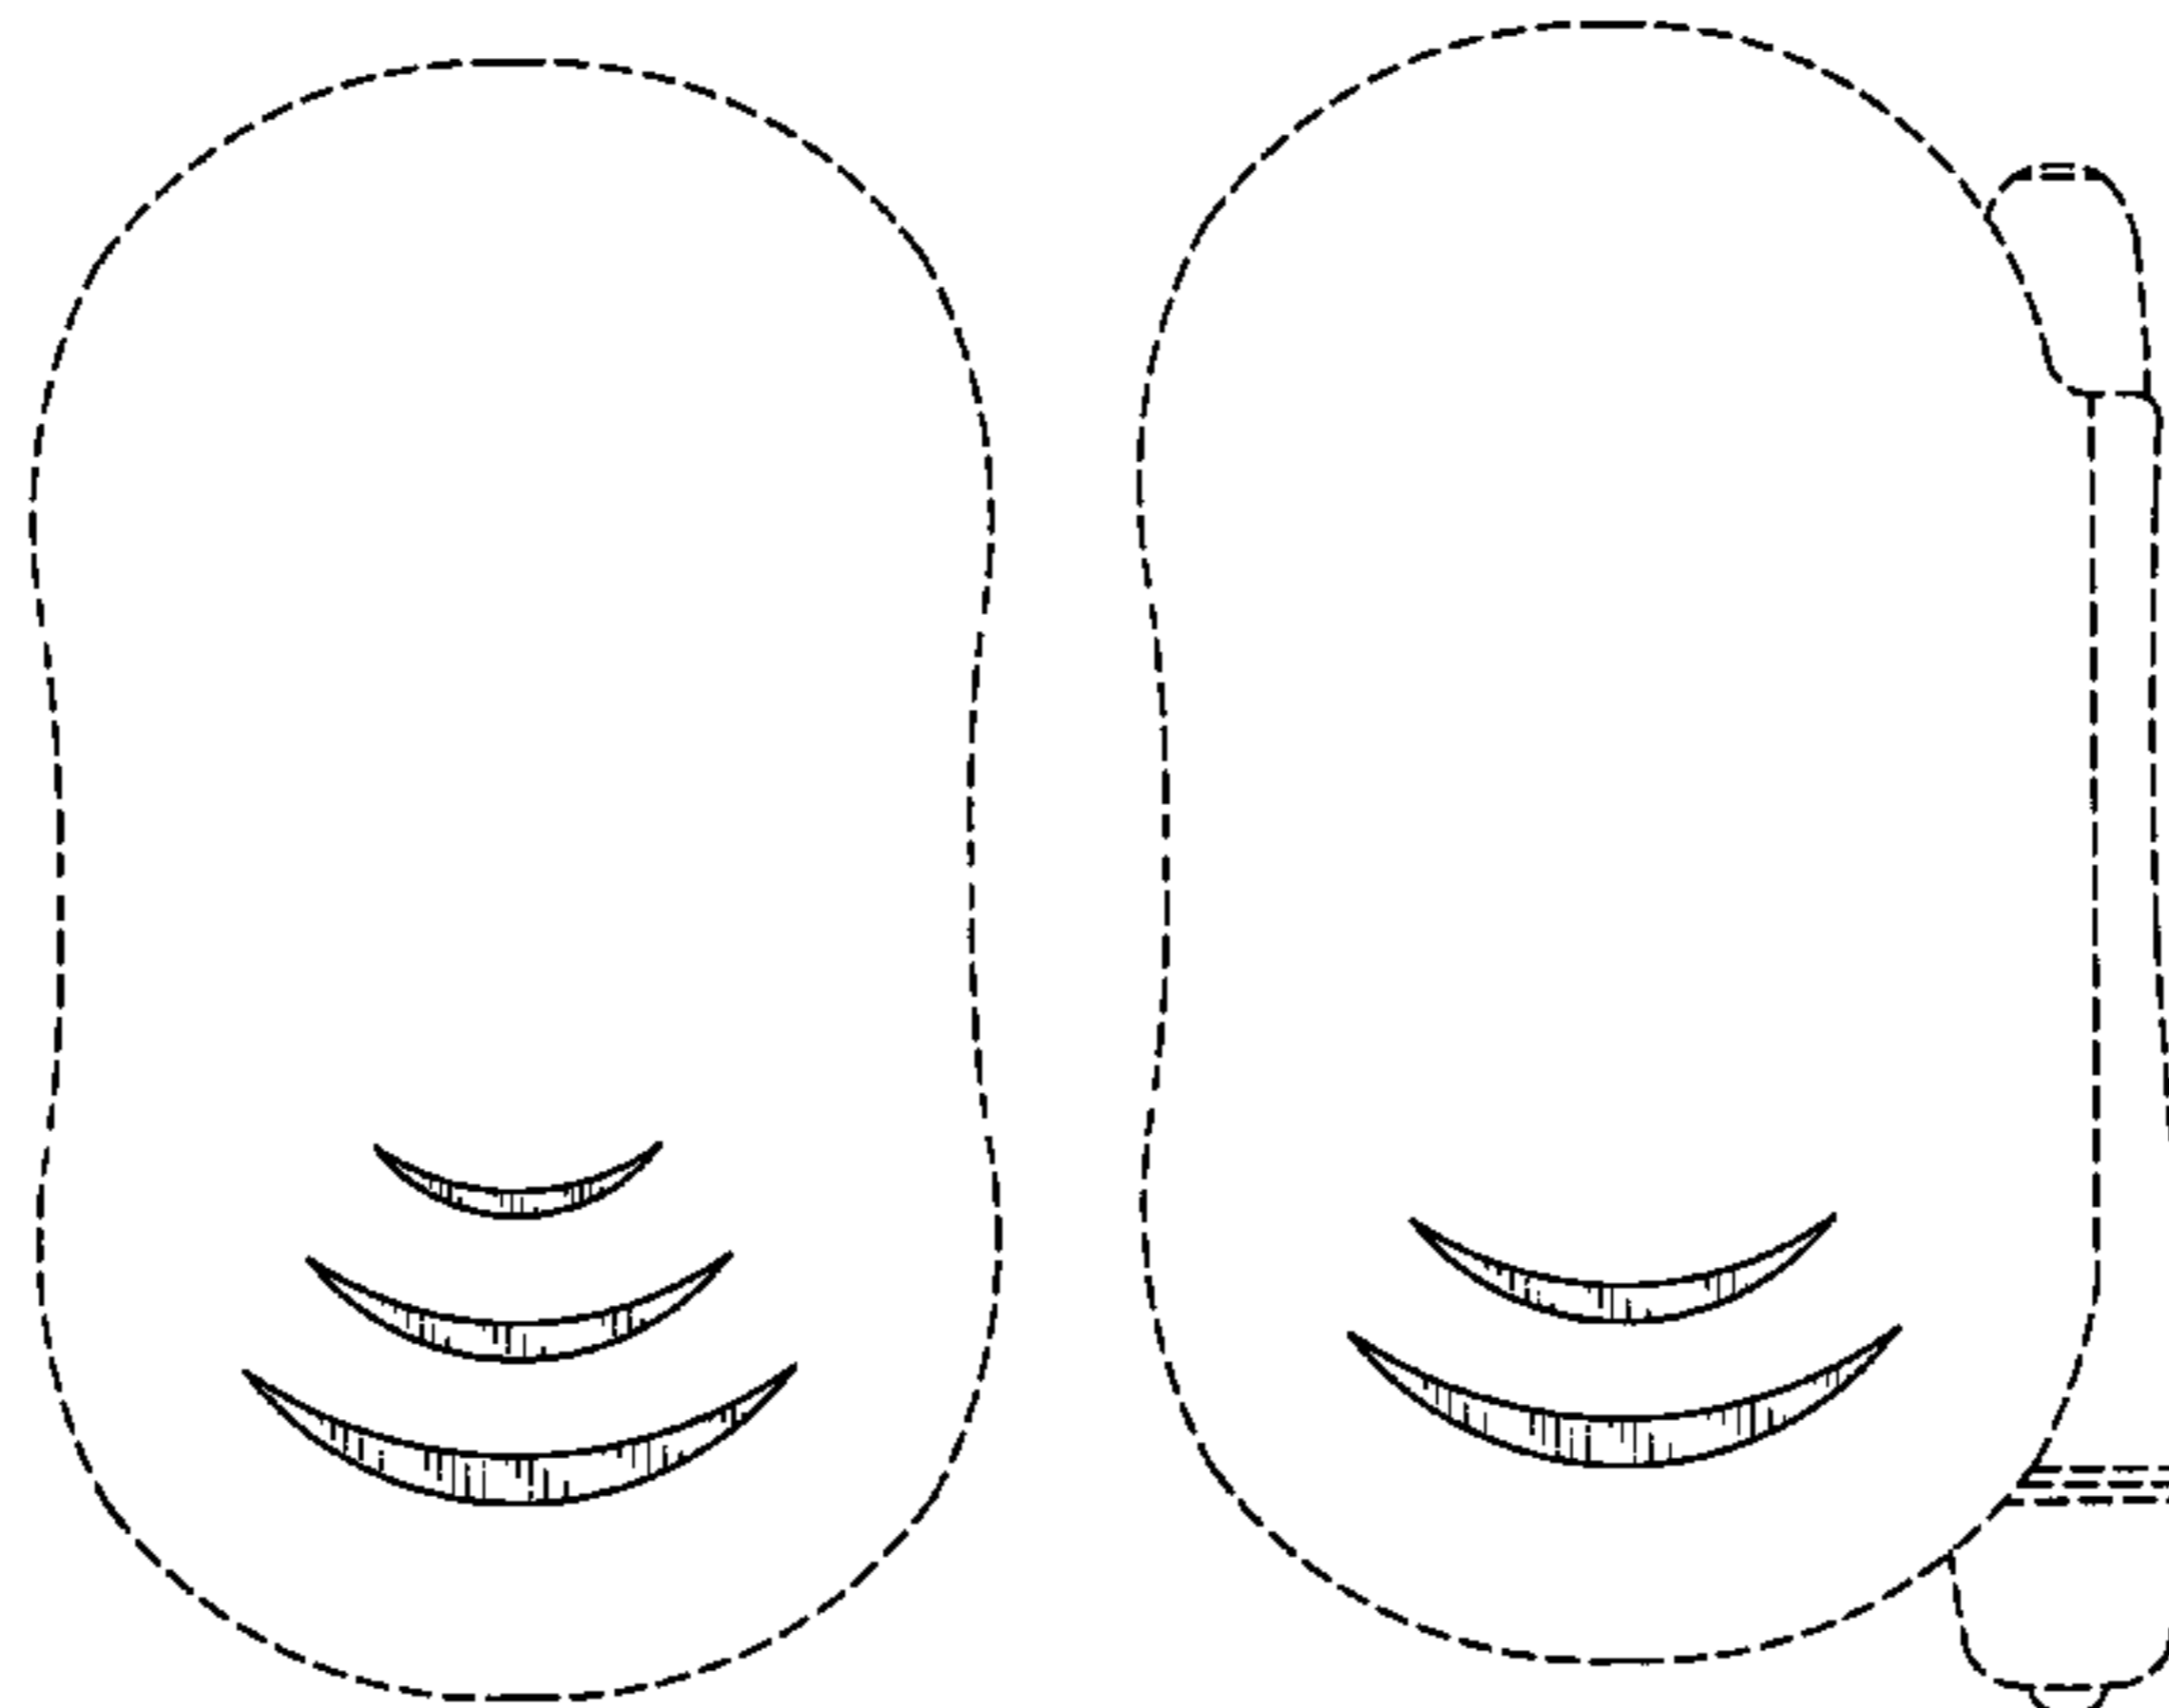

FIG. 3 is a plan view of another depiction of the embodiment
of FIG. 1 in a different environment; and,

FIG. 4 is a plan view of another depiction of the embodiment
of FIG. 2 in a different environment.

The broken lines are for illustrative purposes only and form
no part of the claimed design.

The claimed design is a flat surface ornamentation of a diag-
nostic accessory, and is depicted in solid lines and includes
the relative position of each crescent shape. It does not
include the surrounding surface upon which the crescent
shapes are shown.
