(57) CLAIM

The ornamental design for a valve and tube assembly, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the valve and tube assembly showing our new design;

FIG. 2 is a side elevational view, the opposite side elevational view being identical thereto;

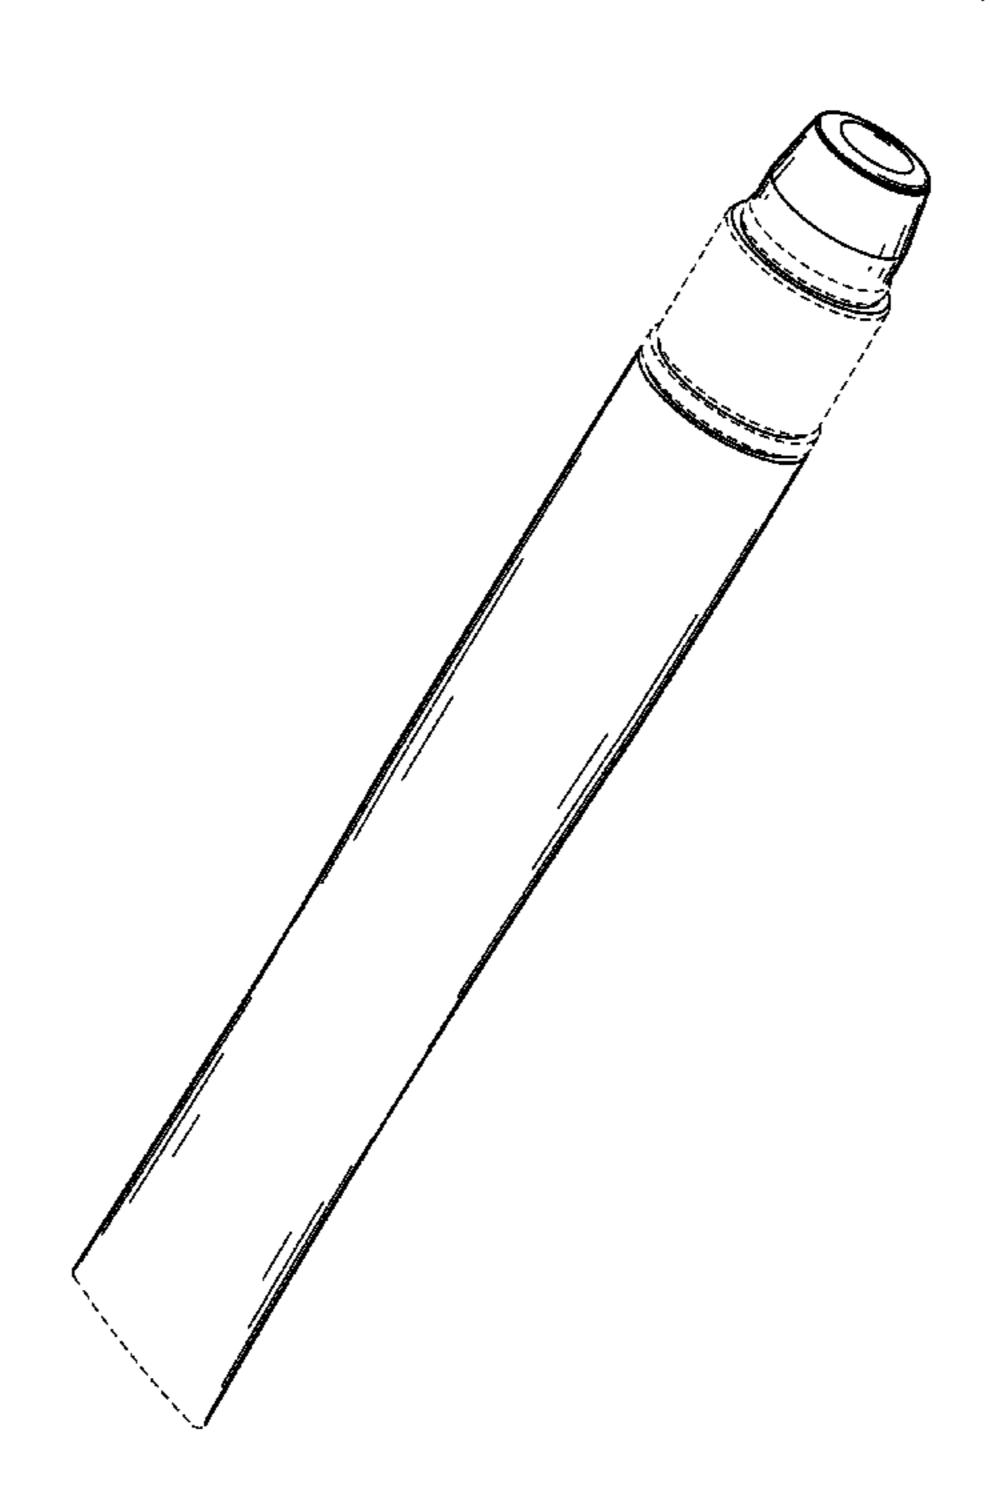

FIG. 3 is another side elevational view of FIG. 2 rotated 90 degrees, the opposite side elevational view being identical thereto;

FIG. 4 is a top plan view thereof; and,

FIG. 5 is a bottom plan view thereof.

The broken lines in the figures show boundaries of the respective embodiments of the valve and tube assembly of the present invention and form no part of the design to be patented. The areas within the broken lines are not part of the claimed invention.
