(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

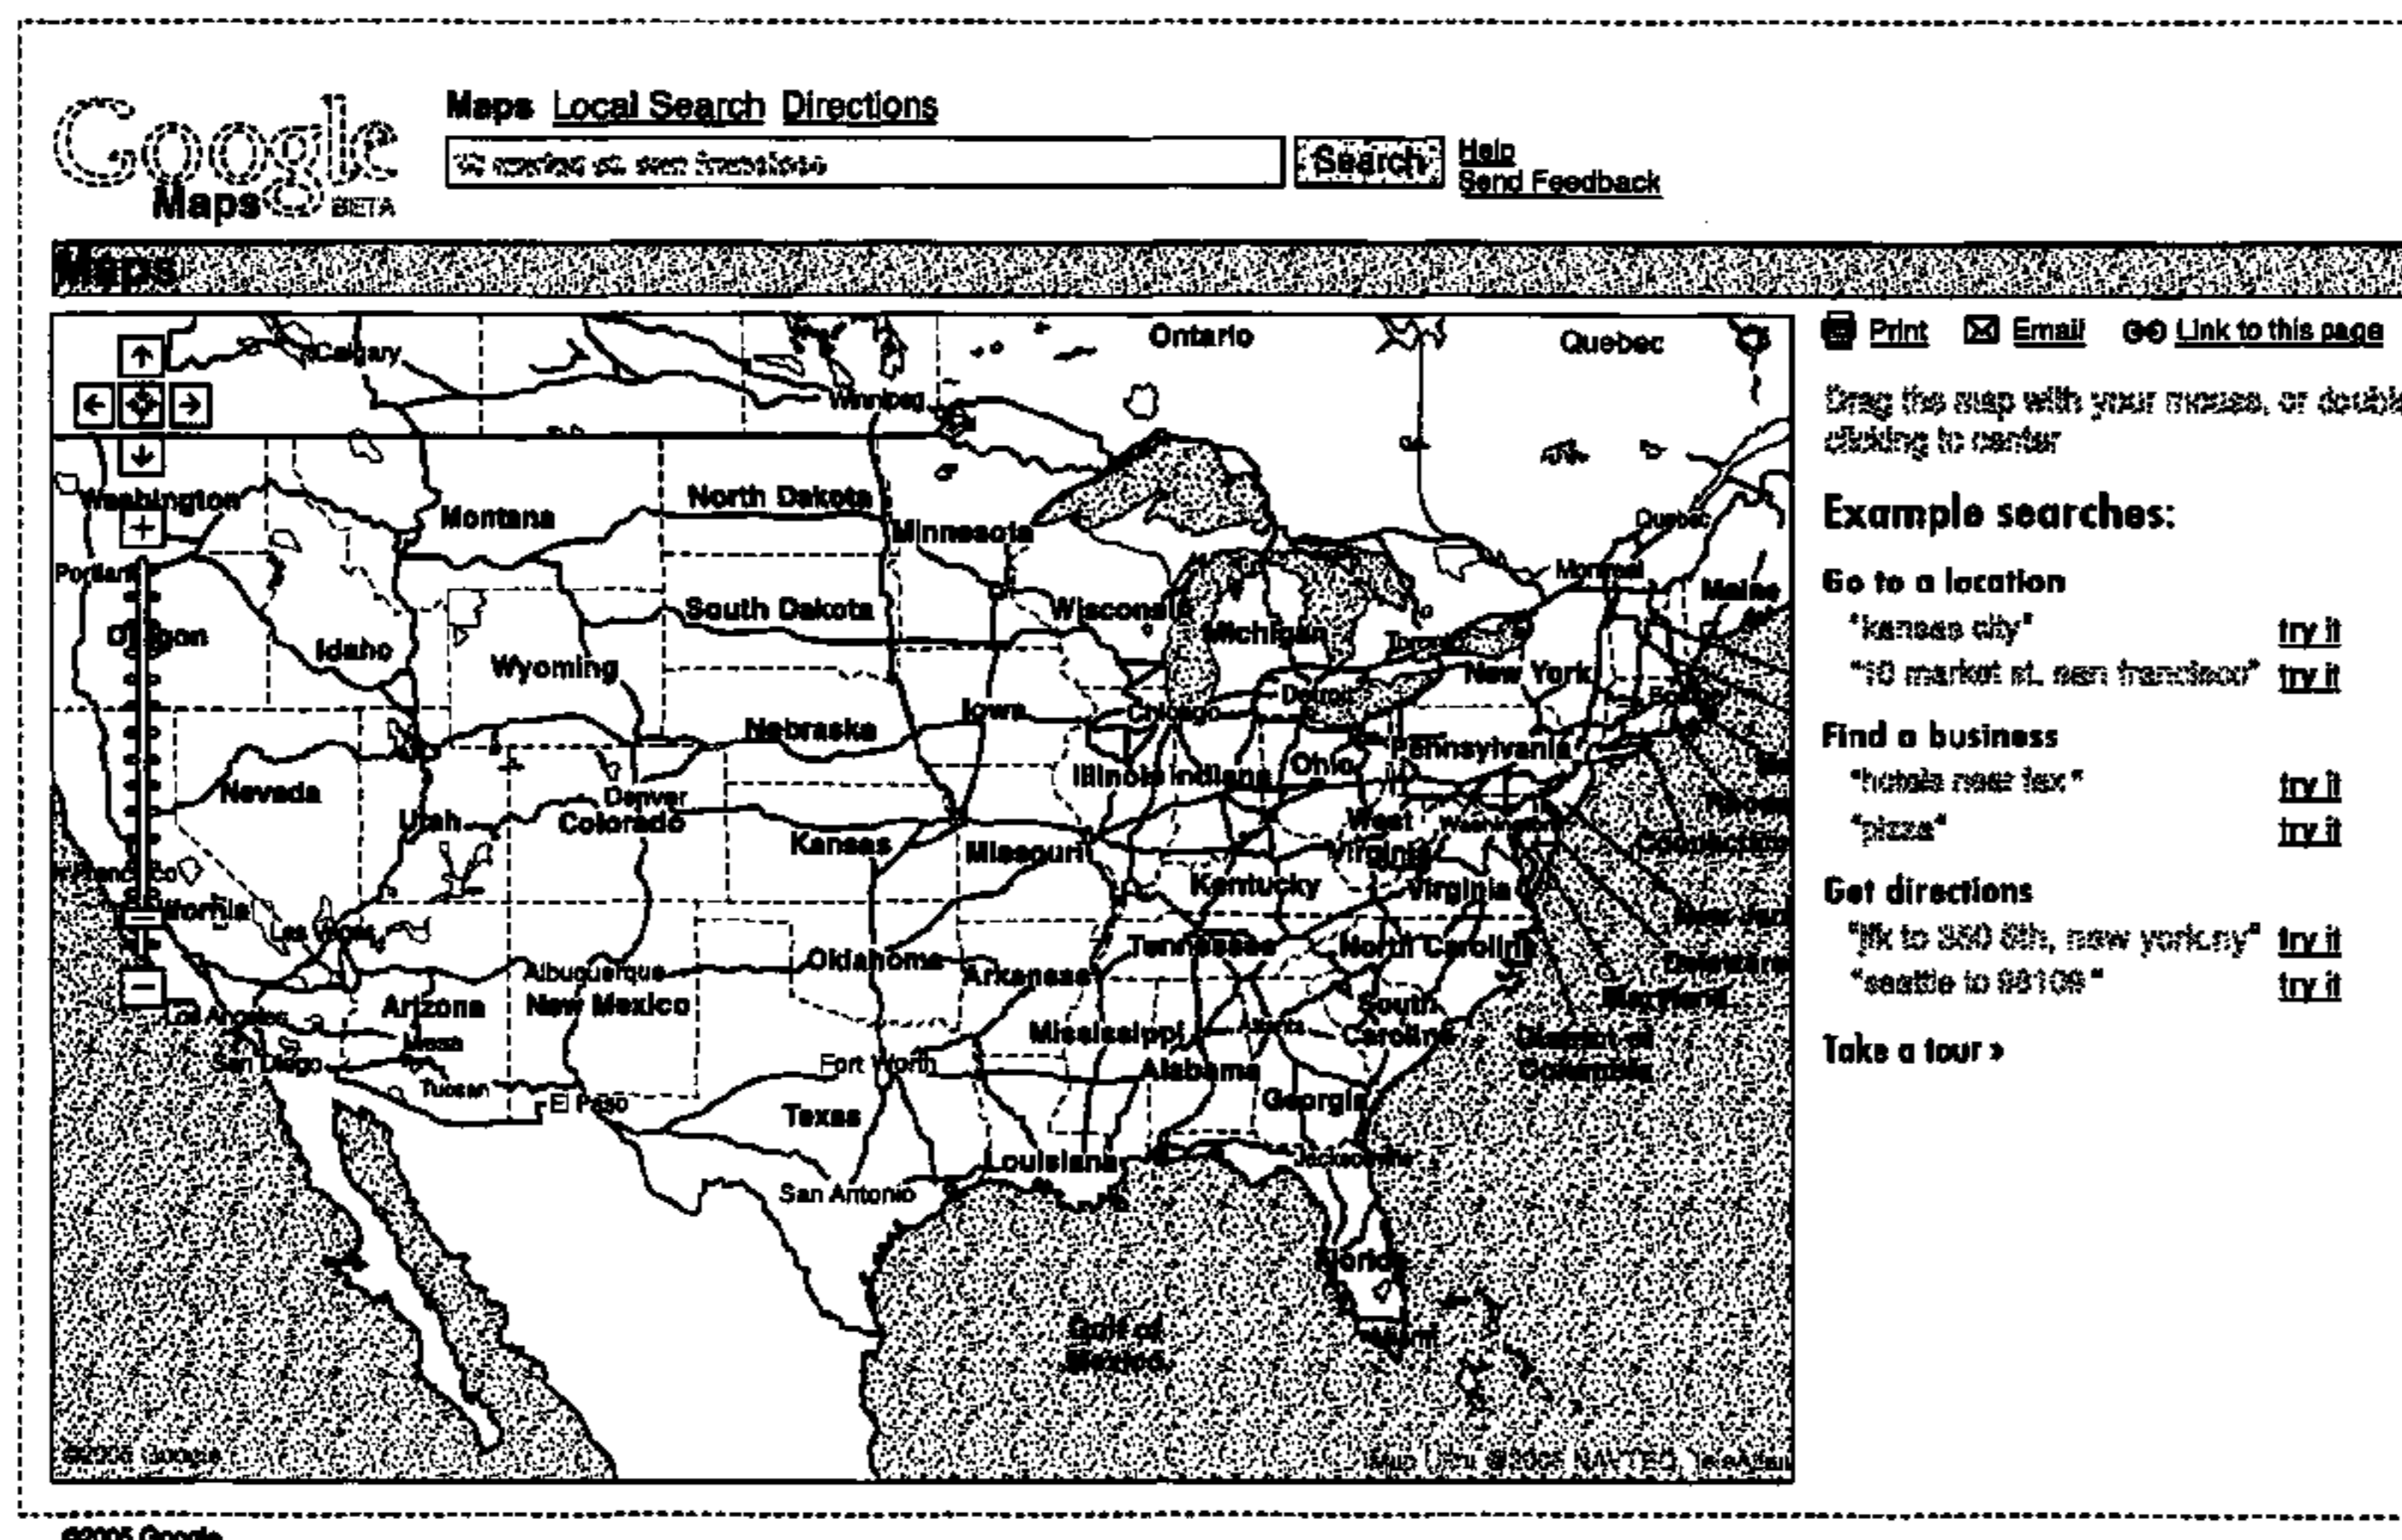

A portion of the disclosure of this patent document contains material to which a claim for copyright and trademark is made. The copyright and trademark owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright and trademark rights whatsoever.

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface of the present invention; and,

FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface of the present invention.

The broken line drawing of a display screen is for illustrative purposes only and forms no part of the claimed design.
