DESCRIPTION

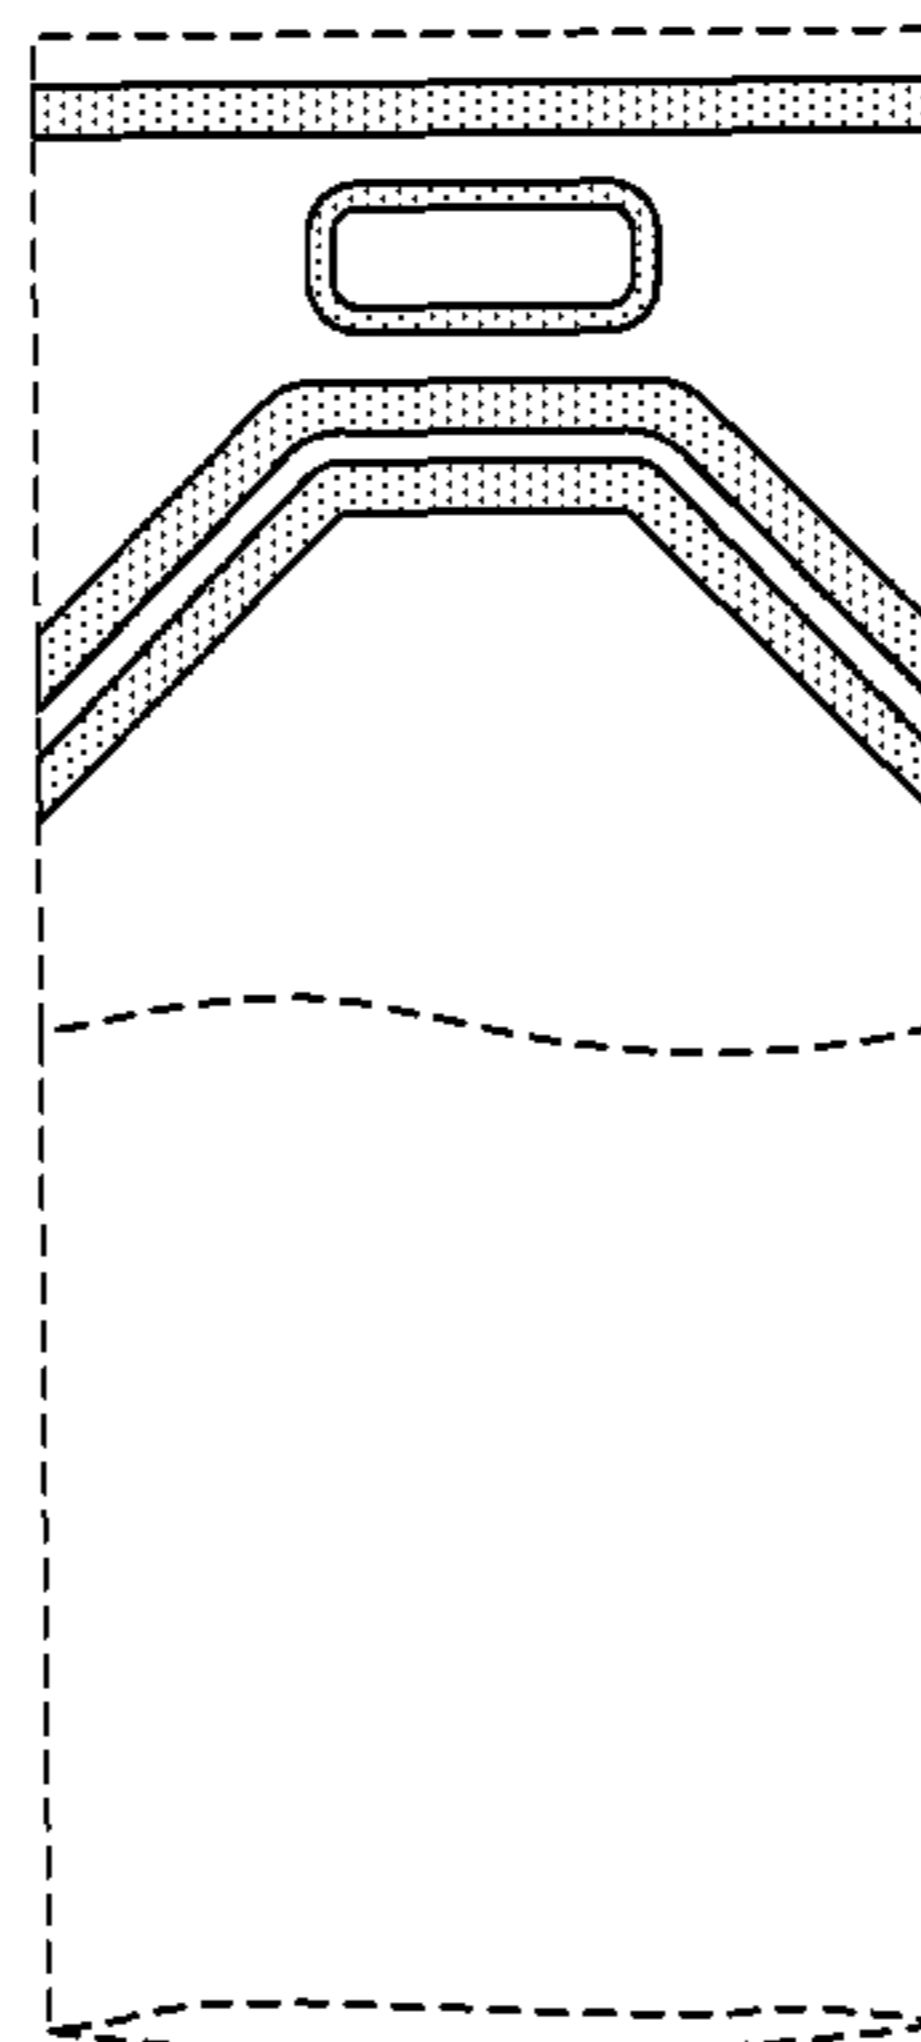

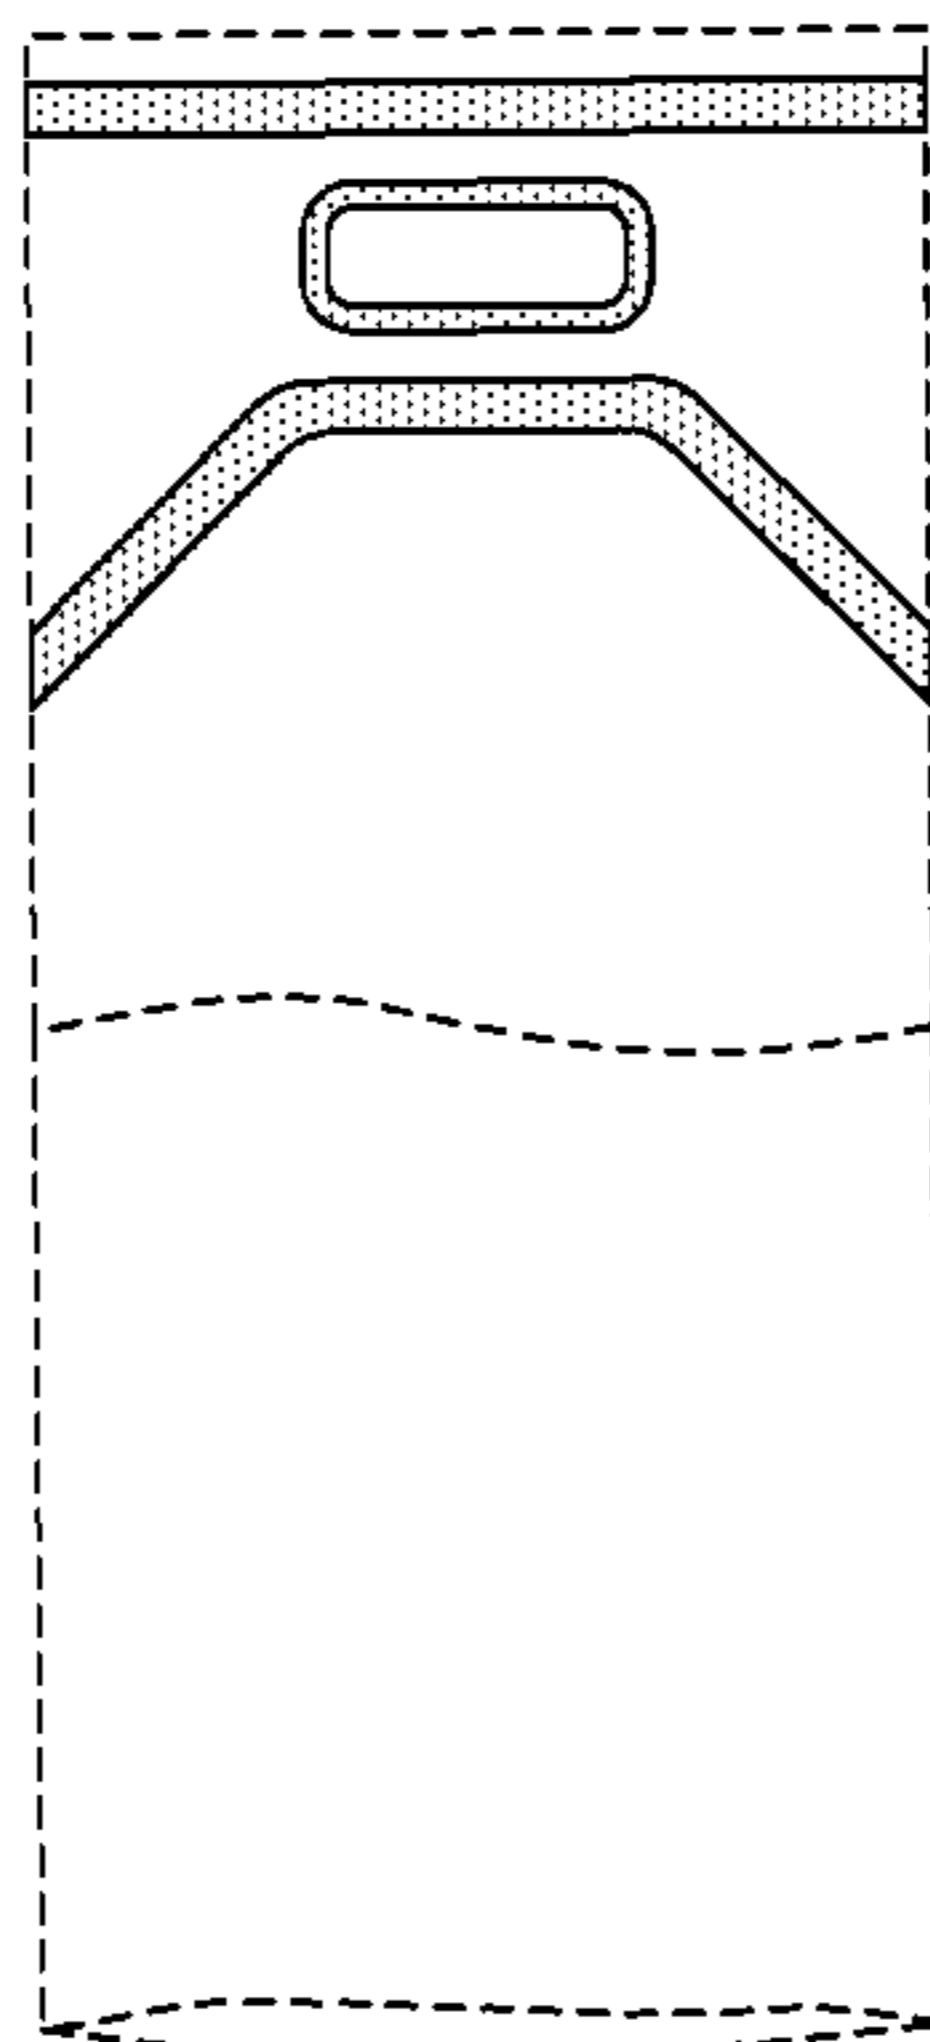

FIG. 1 is a front view of a first embodiment of a food container
showing our design, wherein the rear view, the side views, the
top view and the bottom view thereof have no ornamental
features; and,

FIG. 2 is a front view of a second embodiment of a food
container showing our design, wherein the rear view, the side
views, the top view and the bottom view thereof have no
ornamental features.

The broken lines shown herein are for illustrative purposes
only and form no part of the claimed design.

The stippling shown herein indicates securement of a first
side of the food container to a second side of the food con-
tainer.
