(57) **CLAIM**

The ornamental design for a light fixture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a light fixture in accordance with my design;

FIG. 2 is a bottom plan view of the light fixture in accordance with my design showing the lamp in a rotated position;

FIG. 3 is a back elevation view of the light fixture in accordance with my design showing the lamp in a rotated position;

FIG. 4 is a front elevation view of the light fixture in accordance with my design showing the lamp in a rotated position;

FIG. 5 is side elevation view of the light fixture in accordance with my design showing the lamp in an alternate rotated position; and,

FIG. 6 is an opposite side elevation view of the light fixture in accordance with my design showing the lamp in a rotated position.

The broken-line disclosure of elements is understood to represent portions of the article in which the design is embodied, but which form no part of the claimed design.

1 Claim, 2 Drawing Sheets
