(57) **CLAIM**

I claim the ornamental design for a tie securing device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tie securing device, showing my new design in an attached position;

FIG. 2 is a front elevational view of the invention, illustrated in a flat position;

FIG. 3 is a rear elevational view of the invention, illustrated in the flat position;

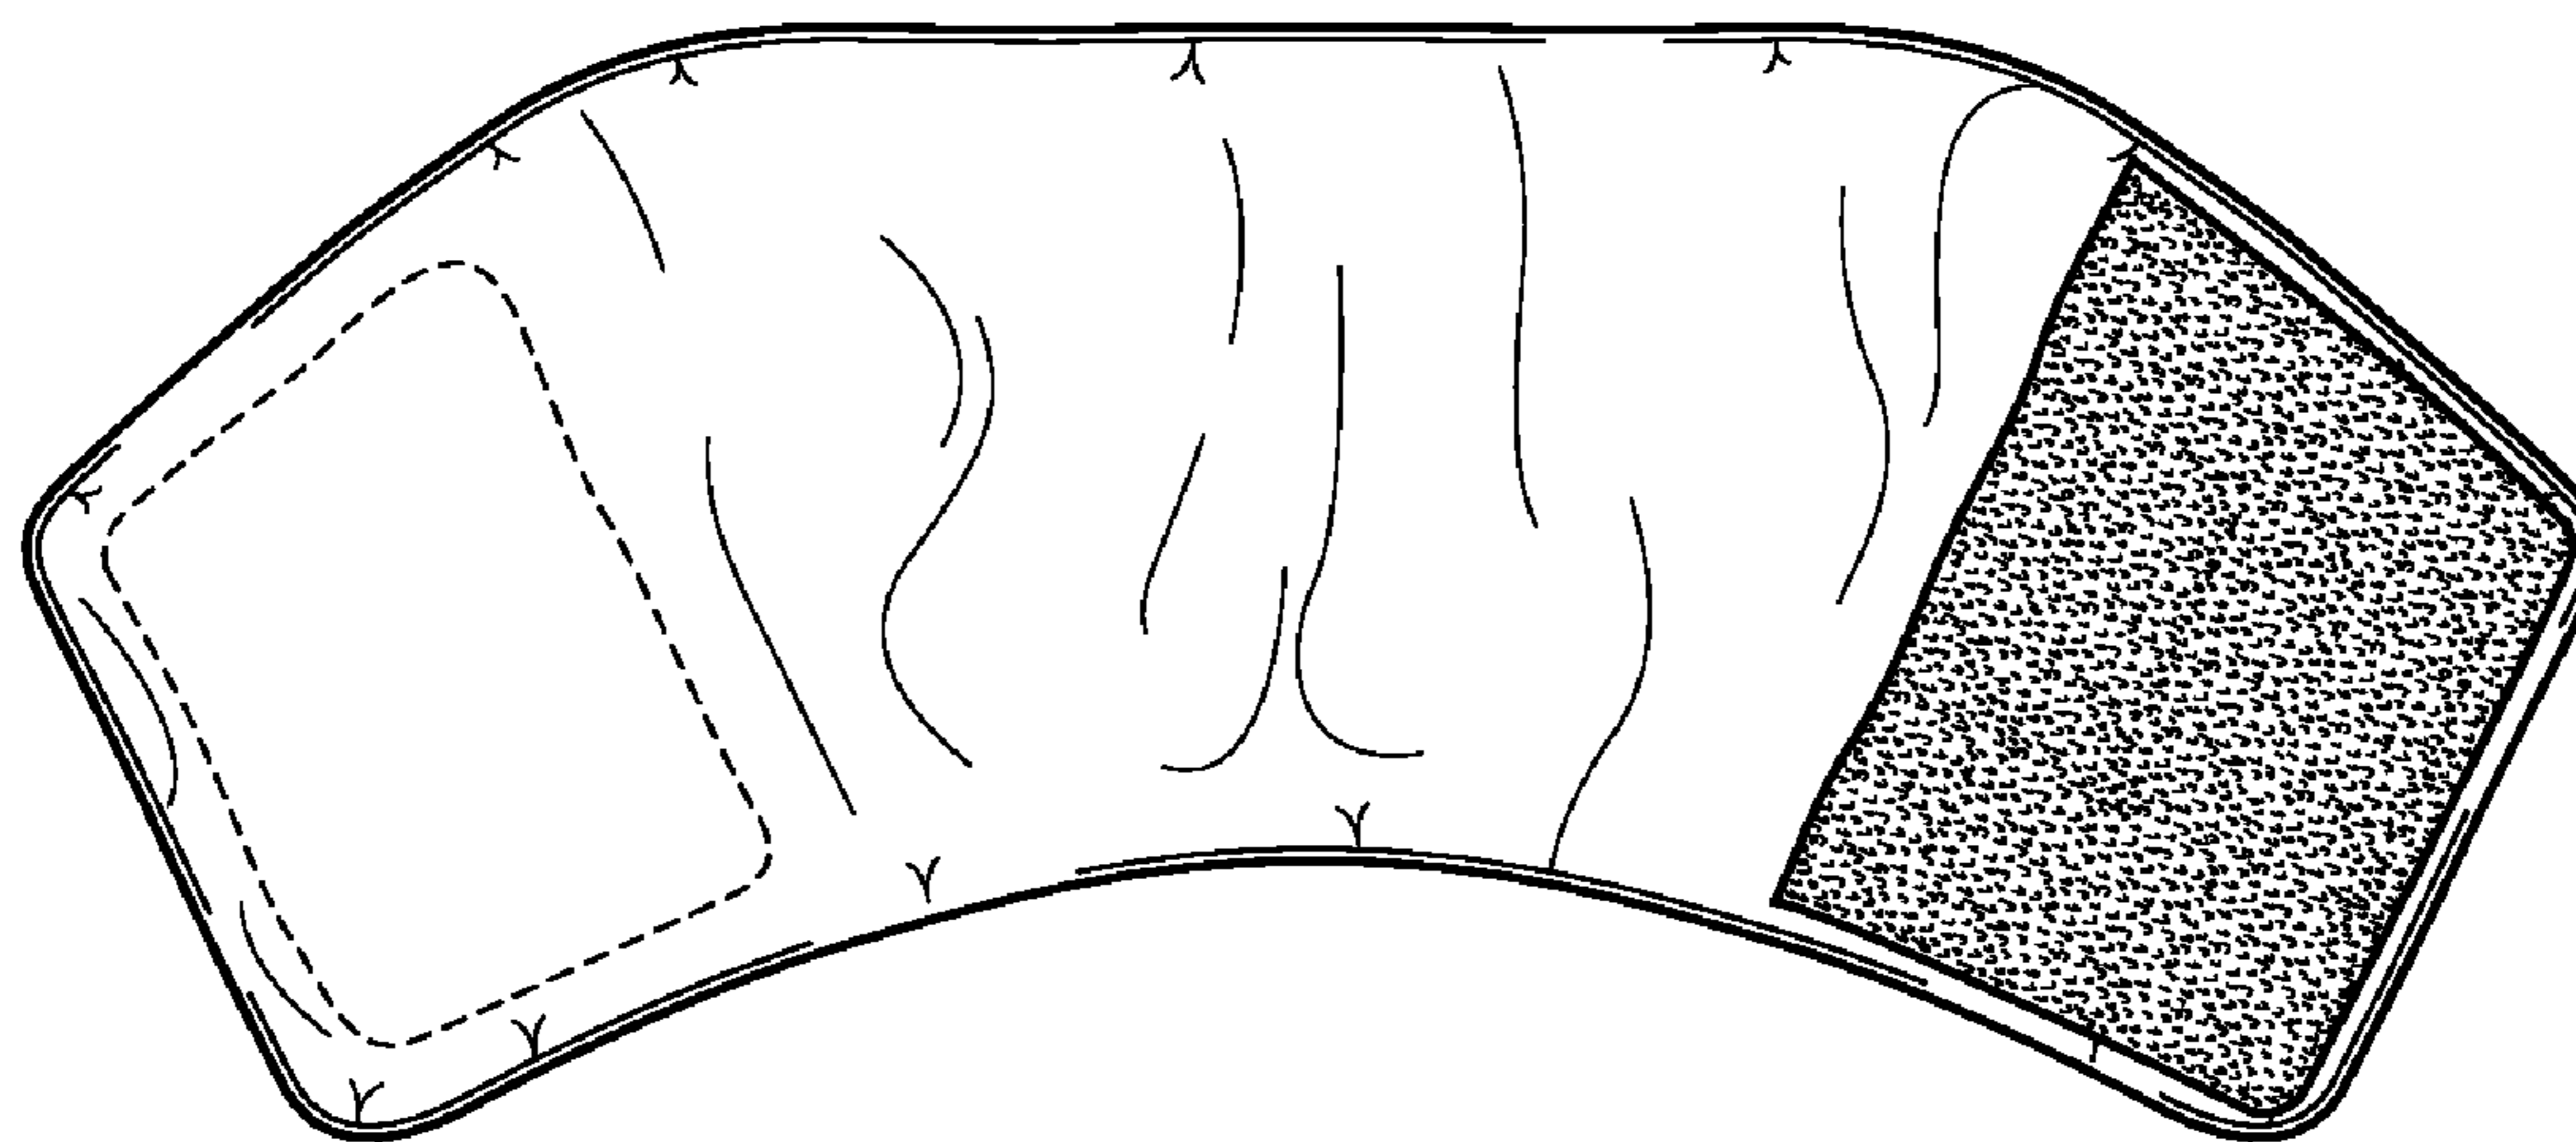

FIG. 4 is a left-side elevational view of the invention, illustrated in the flat position, the right-side elevational view being a mirror image thereof;

FIG. 5 is a top plan view of the invention, illustrated in the flat position; and,

FIG. 6 is a bottom plan view of the invention, illustrated in the flat position.

The broken lines showing a person and a tie in FIG. 1 are included for the purpose of illustrating the invention in use, and form no part of the claimed design. The broken lines in FIGS. 2 and 3 represent stitching, and are included in the design.
