(57) **CLAIM**

An ornamental design for a stud electrical connector, as shown and described.

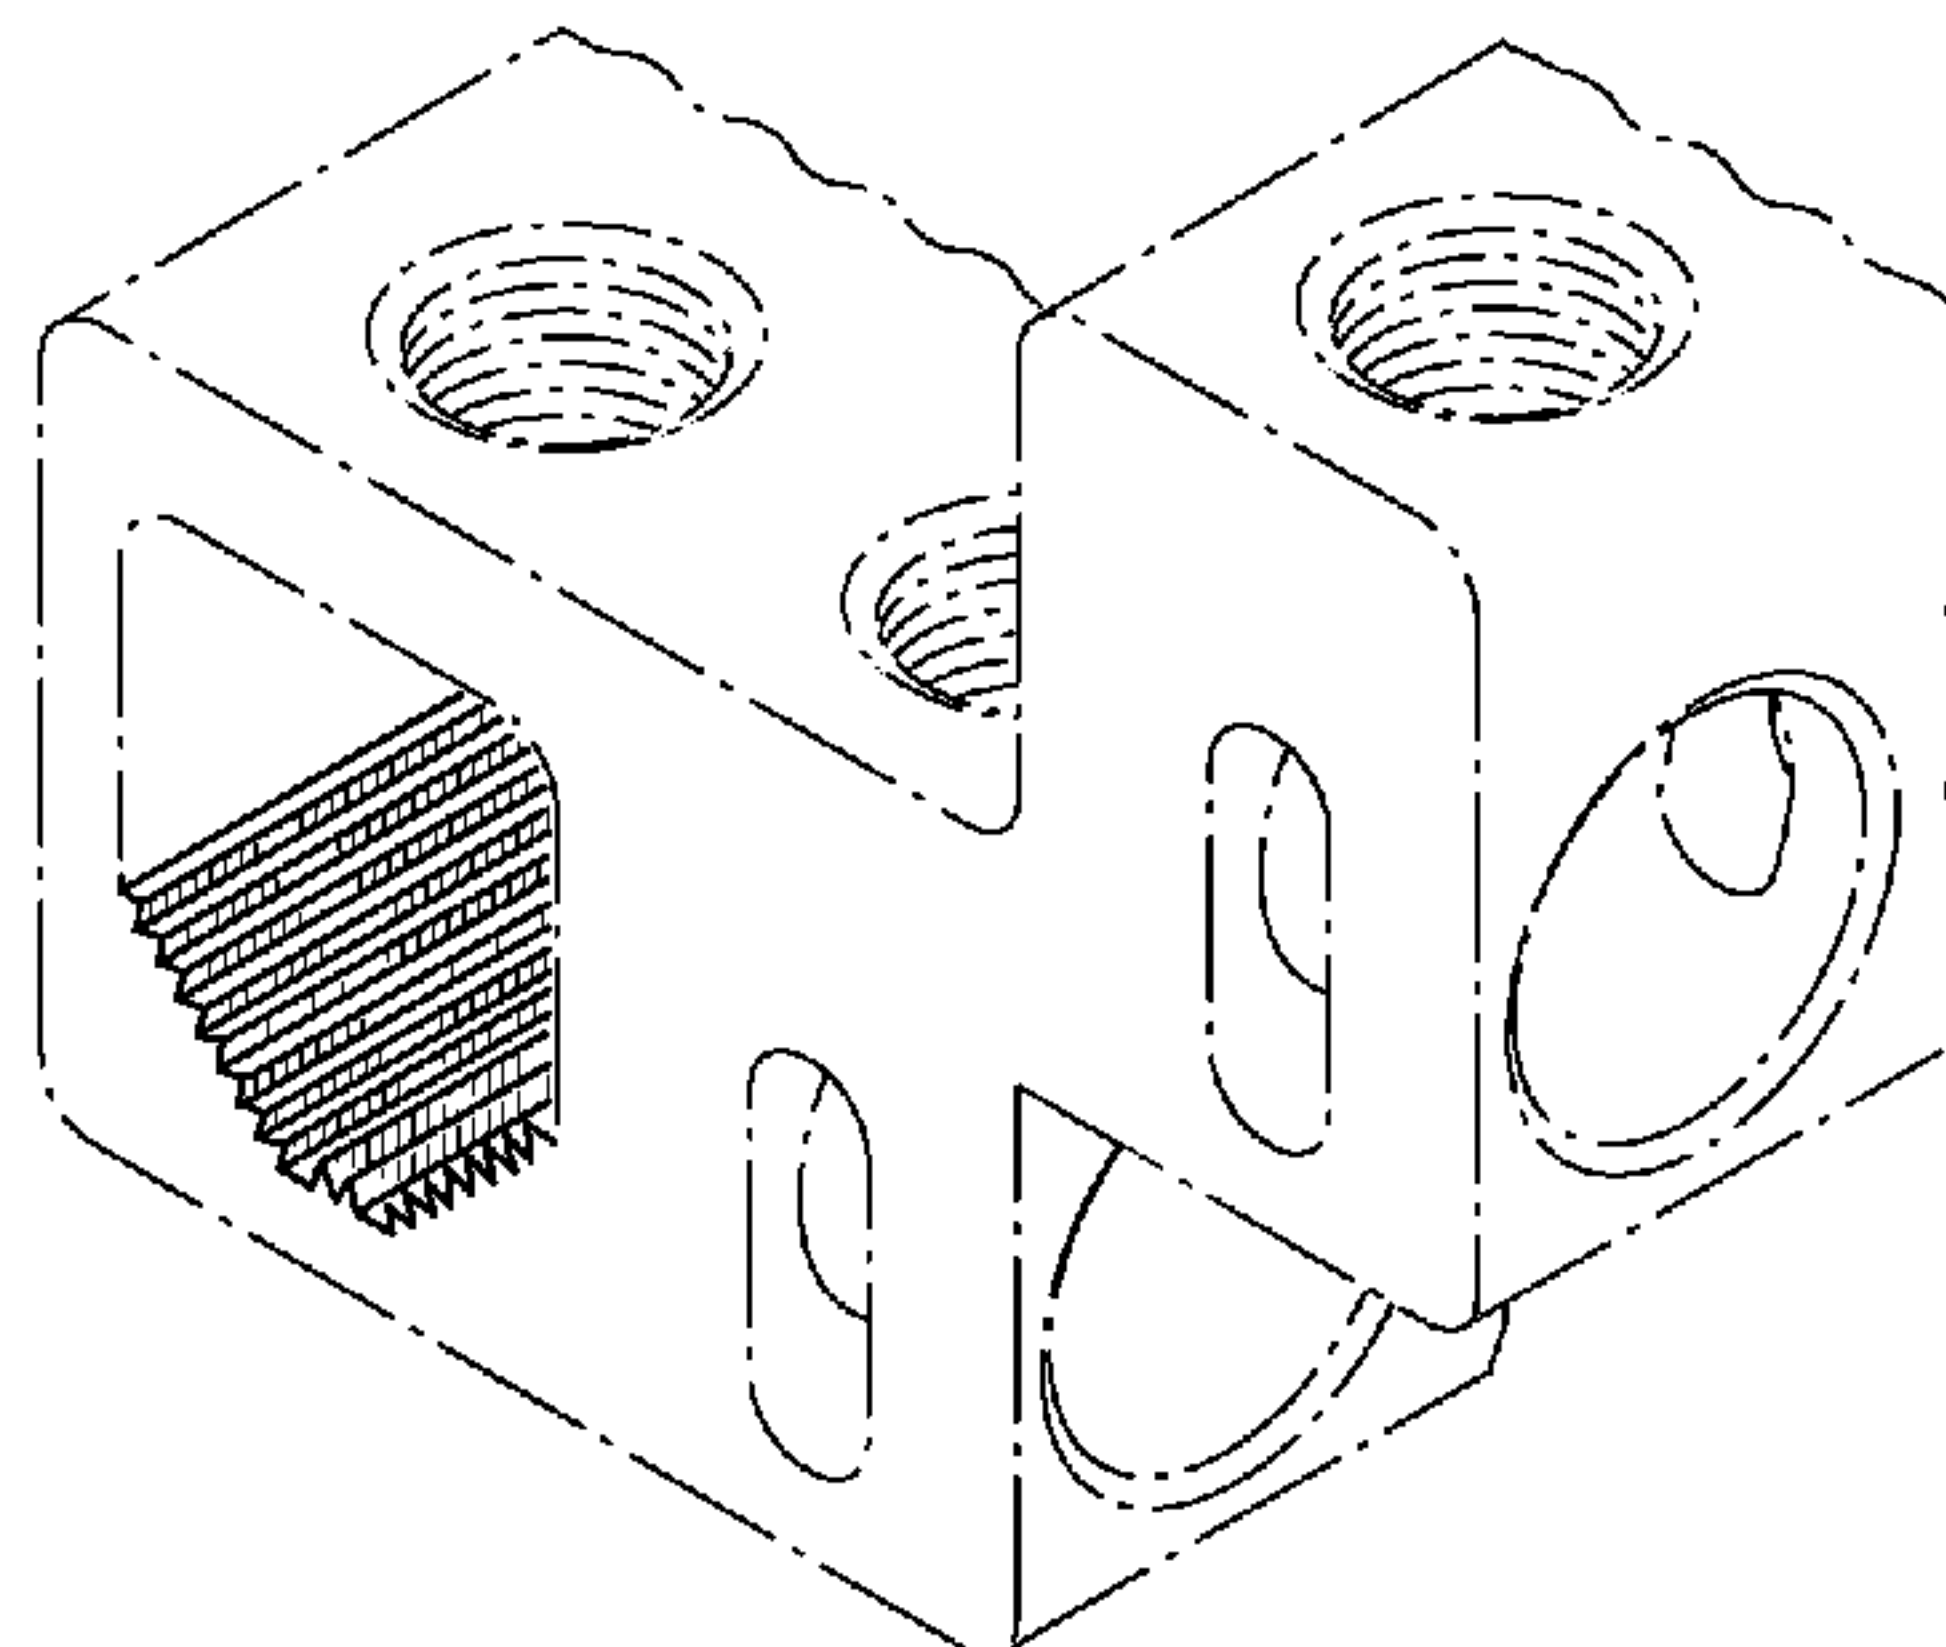

DESCRIPTION

FIG. 1 is a front perspective view a stud electrical connector showing our new design; and,

FIG. 2 is left side elevational view thereof with the right side elevational view being a mirror image thereof.

The broken line portion of the figure drawings is included to show unclaimed subject matter only and forms no part of the claimed design; the wavy broken line portion in FIG. 1 shows that no specific length is claimed.
