(57) **CLAIM**

We claim the ornamental design for an automated teller machine, as shown and described.

DESCRIPTION

FIG. 1 is a top right perspective view of an automated teller machine showing our claimed design;

FIG. 2 is a top left perspective view thereof; and,

FIG. 3 is a front elevation view thereof.

The broken lines outside the claimed portion represent environmental structure; the broken lines immediately adjacent to the shaded areas represent the boundaries of the claimed design. None of the broken lines form part of the claimed design.
