(57) **CLAIM**

What is claimed is the ornamental design for a light up twist handle, as shown and described.

**DESCRIPTION**

FIG. 1 is a reduced perspective view of a light up twist handle, a grip thereof illustrated in a retracted configuration, showing the new design;

FIG. 2 is an exploded perspective view thereof;

FIG. 3 is a rear elevational view thereof, the grip illustrated in the retracted configuration;

FIG. 4 is a front elevational view thereof, the grip illustrated in the retracted configuration;

FIG. 5 is a right-side elevational view thereof, the grip illustrated in the retracted configuration;

FIG. 6 is a left-side elevational view thereof, the grip illustrated in the retracted configuration;

FIG. 7 is a top plan view thereof;

FIG. 8 is a bottom plan view thereof;

FIG. 9 is an alternate perspective view thereof, the grip illustrated in an extended configuration; and,

FIG. 10 is a right-side elevational view thereof, the grip illustrated in the extended configuration.

The broken lines showing an interchangeable sword and another mating handle in FIG. 1 are included for the purpose of illustrating the invention in use, and form no part of the claimed design. All other broken lines in the remaining figures represent portions of the design that form no part of the claim.
