(57) **CLAIM**

The ornamental design for a front bumper for a motor vehicle, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a front bumper for a motor vehicle showing my new design;

FIG. 2 is top, front perspective view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a right side elevational view thereof, with the left side elevational view being the mirror image of the right side elevational view;

FIG. 5 is a top plan view thereof; and,

FIG. 6 is a bottom plan view thereof.

The broken lines are for the purpose of illustrating environmental structure (e.g., the motor vehicle) and form no part of the claimed design.

The rear elevational view of the front bumper for a motor vehicle is not shown because the rear elevational view is devoid of any ornamentation and does not form a part of the claimed design.
