(57) **CLAIM**

The ornamental design for a transitional image for a portion of a display screen, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image of a transitional image for a portion of a display screen showing our new design; and, FIG. 2 is a front view of the second image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design. The broken line drawing of the display screen, text and numbers in both views is not part of the claimed design.
