(57) CLAIM

The ornamental design for a firearm grip mount, substantially as shown and described.

DESCRIPTION

FIG. 1 is a forward elevated perspective view of a firearm grip mount according to the present invention positioned between an exemplary barrel of a firearm and a grip assembly;

FIG. 2 is view similar to the FIG. 1 and shows the firearm grip mount positioned about an exemplary barrel of a firearm;

FIG. 3 is front elevation view of the firearm grip mount shown in FIG. 1;

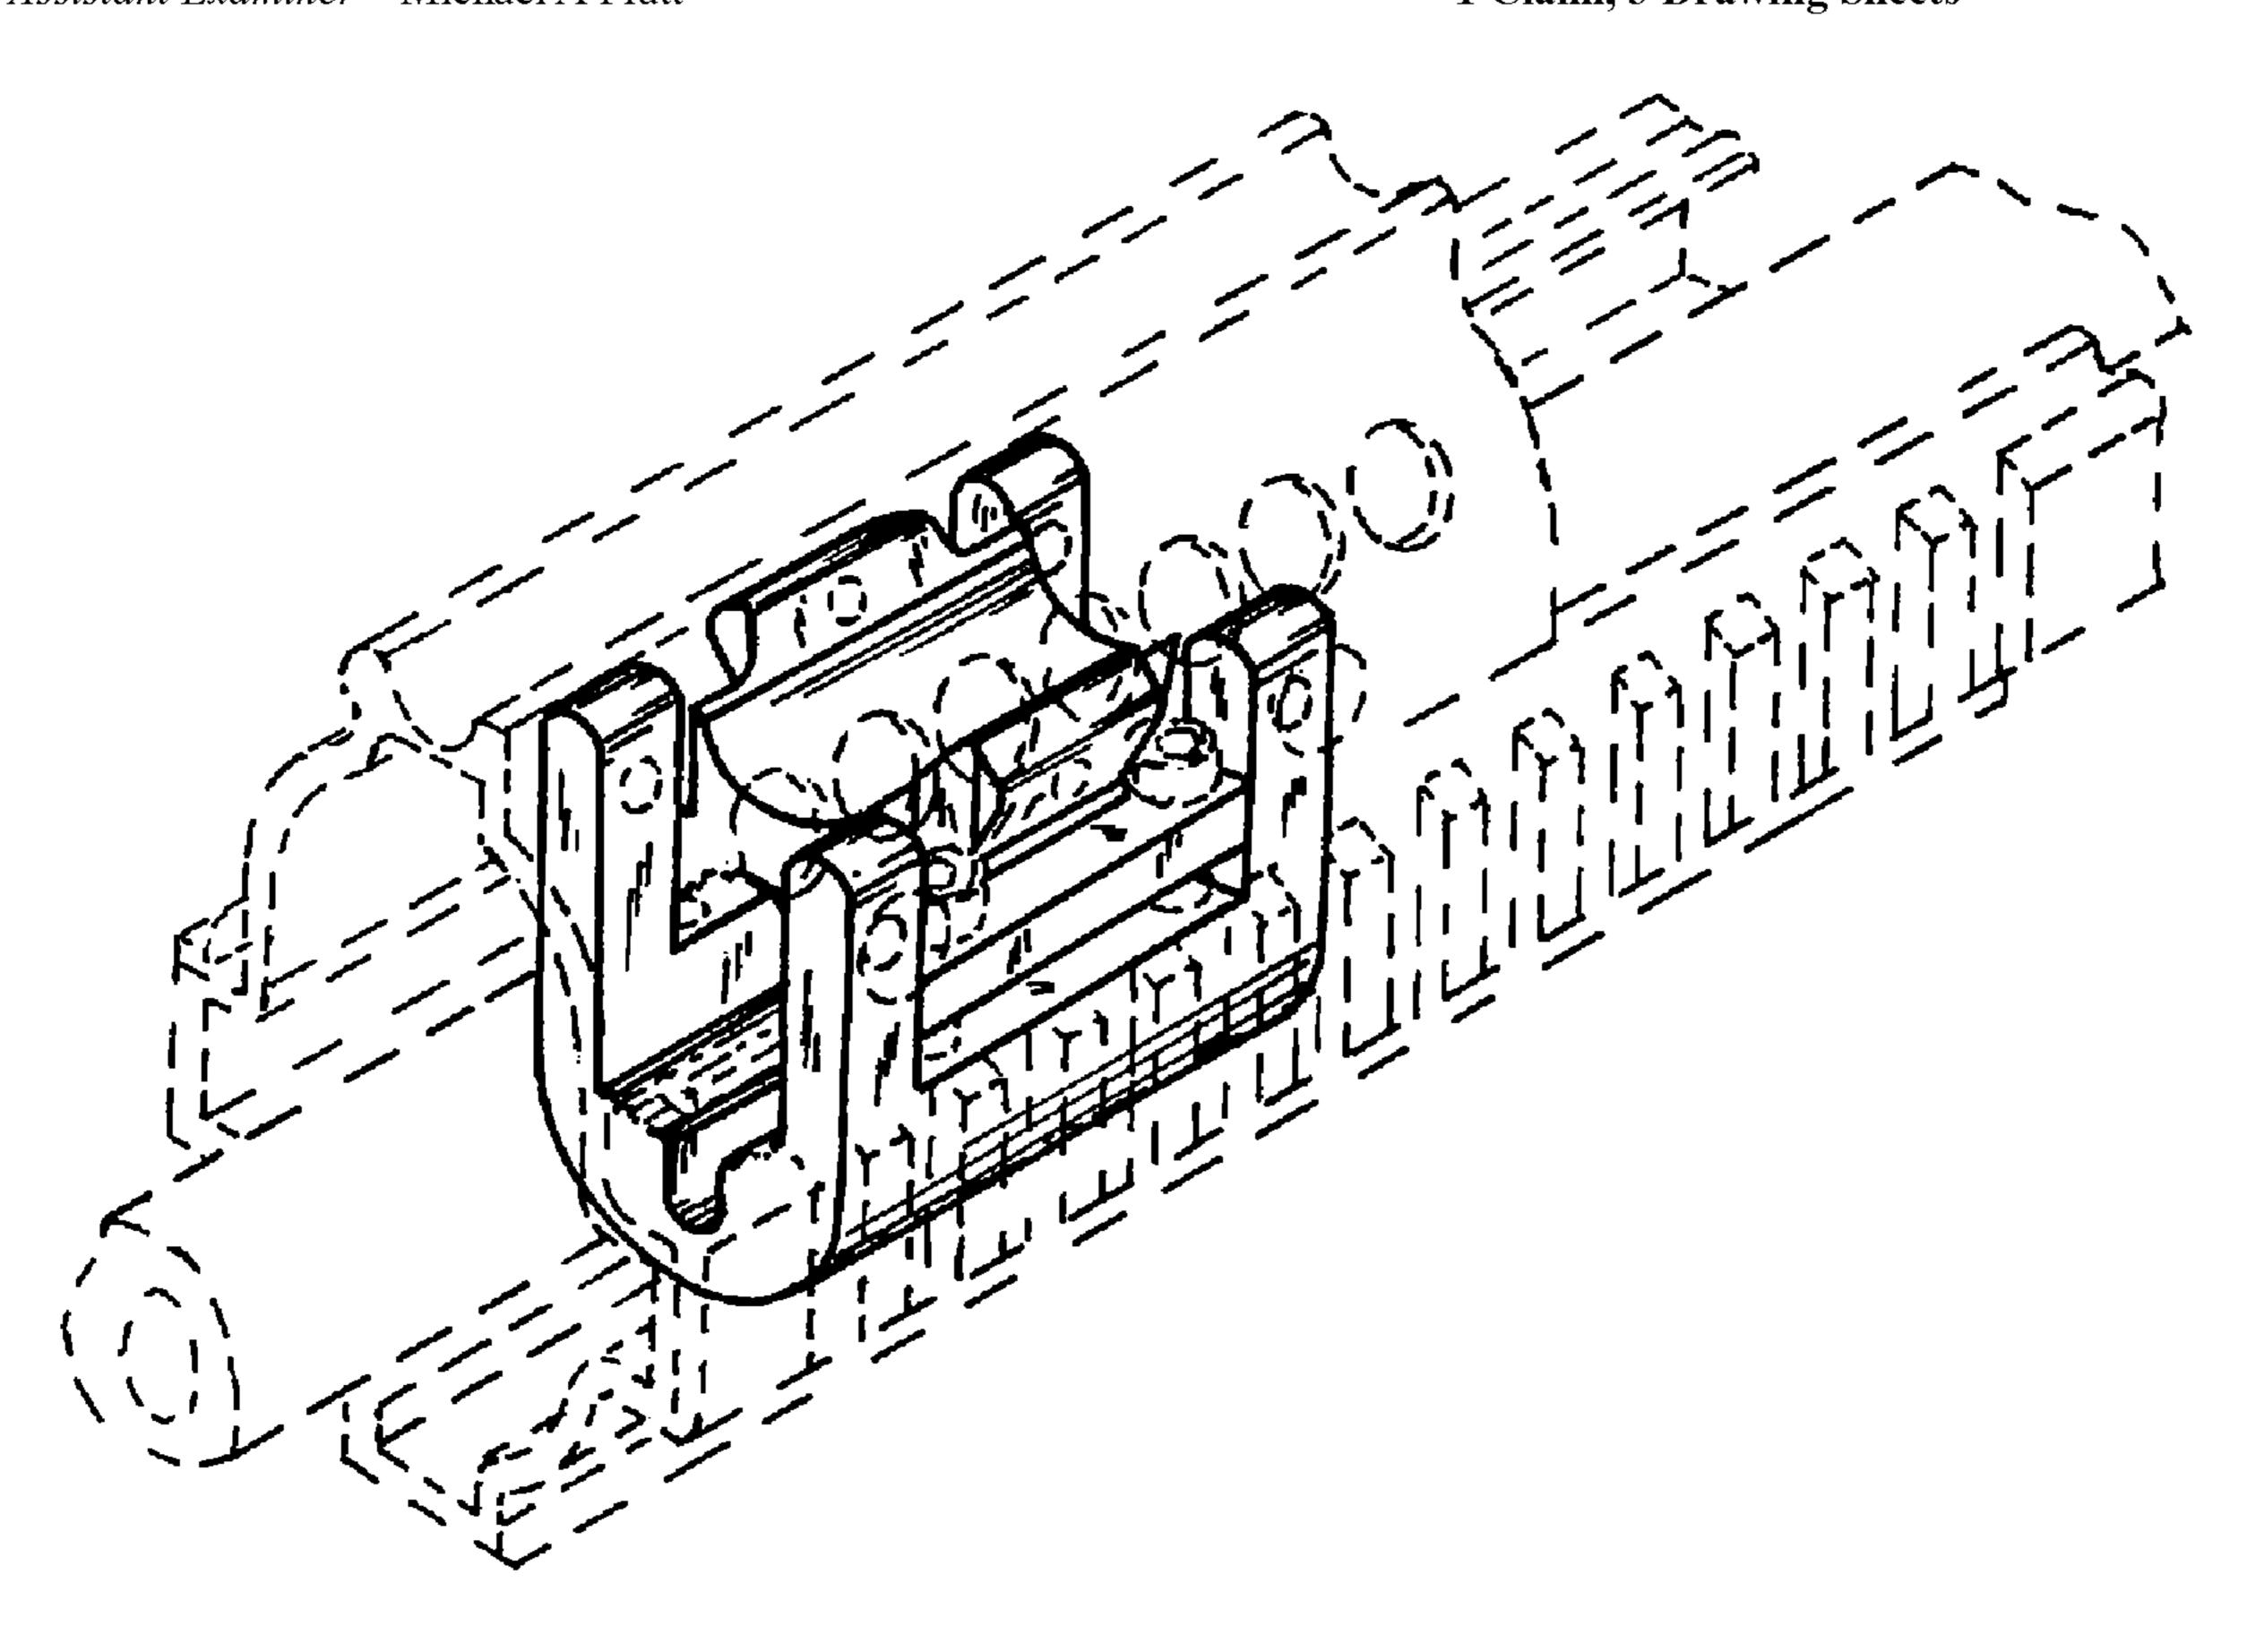

FIG. 4 is a lateral side elevation view of the firearm grip mount shown in FIG. 1;

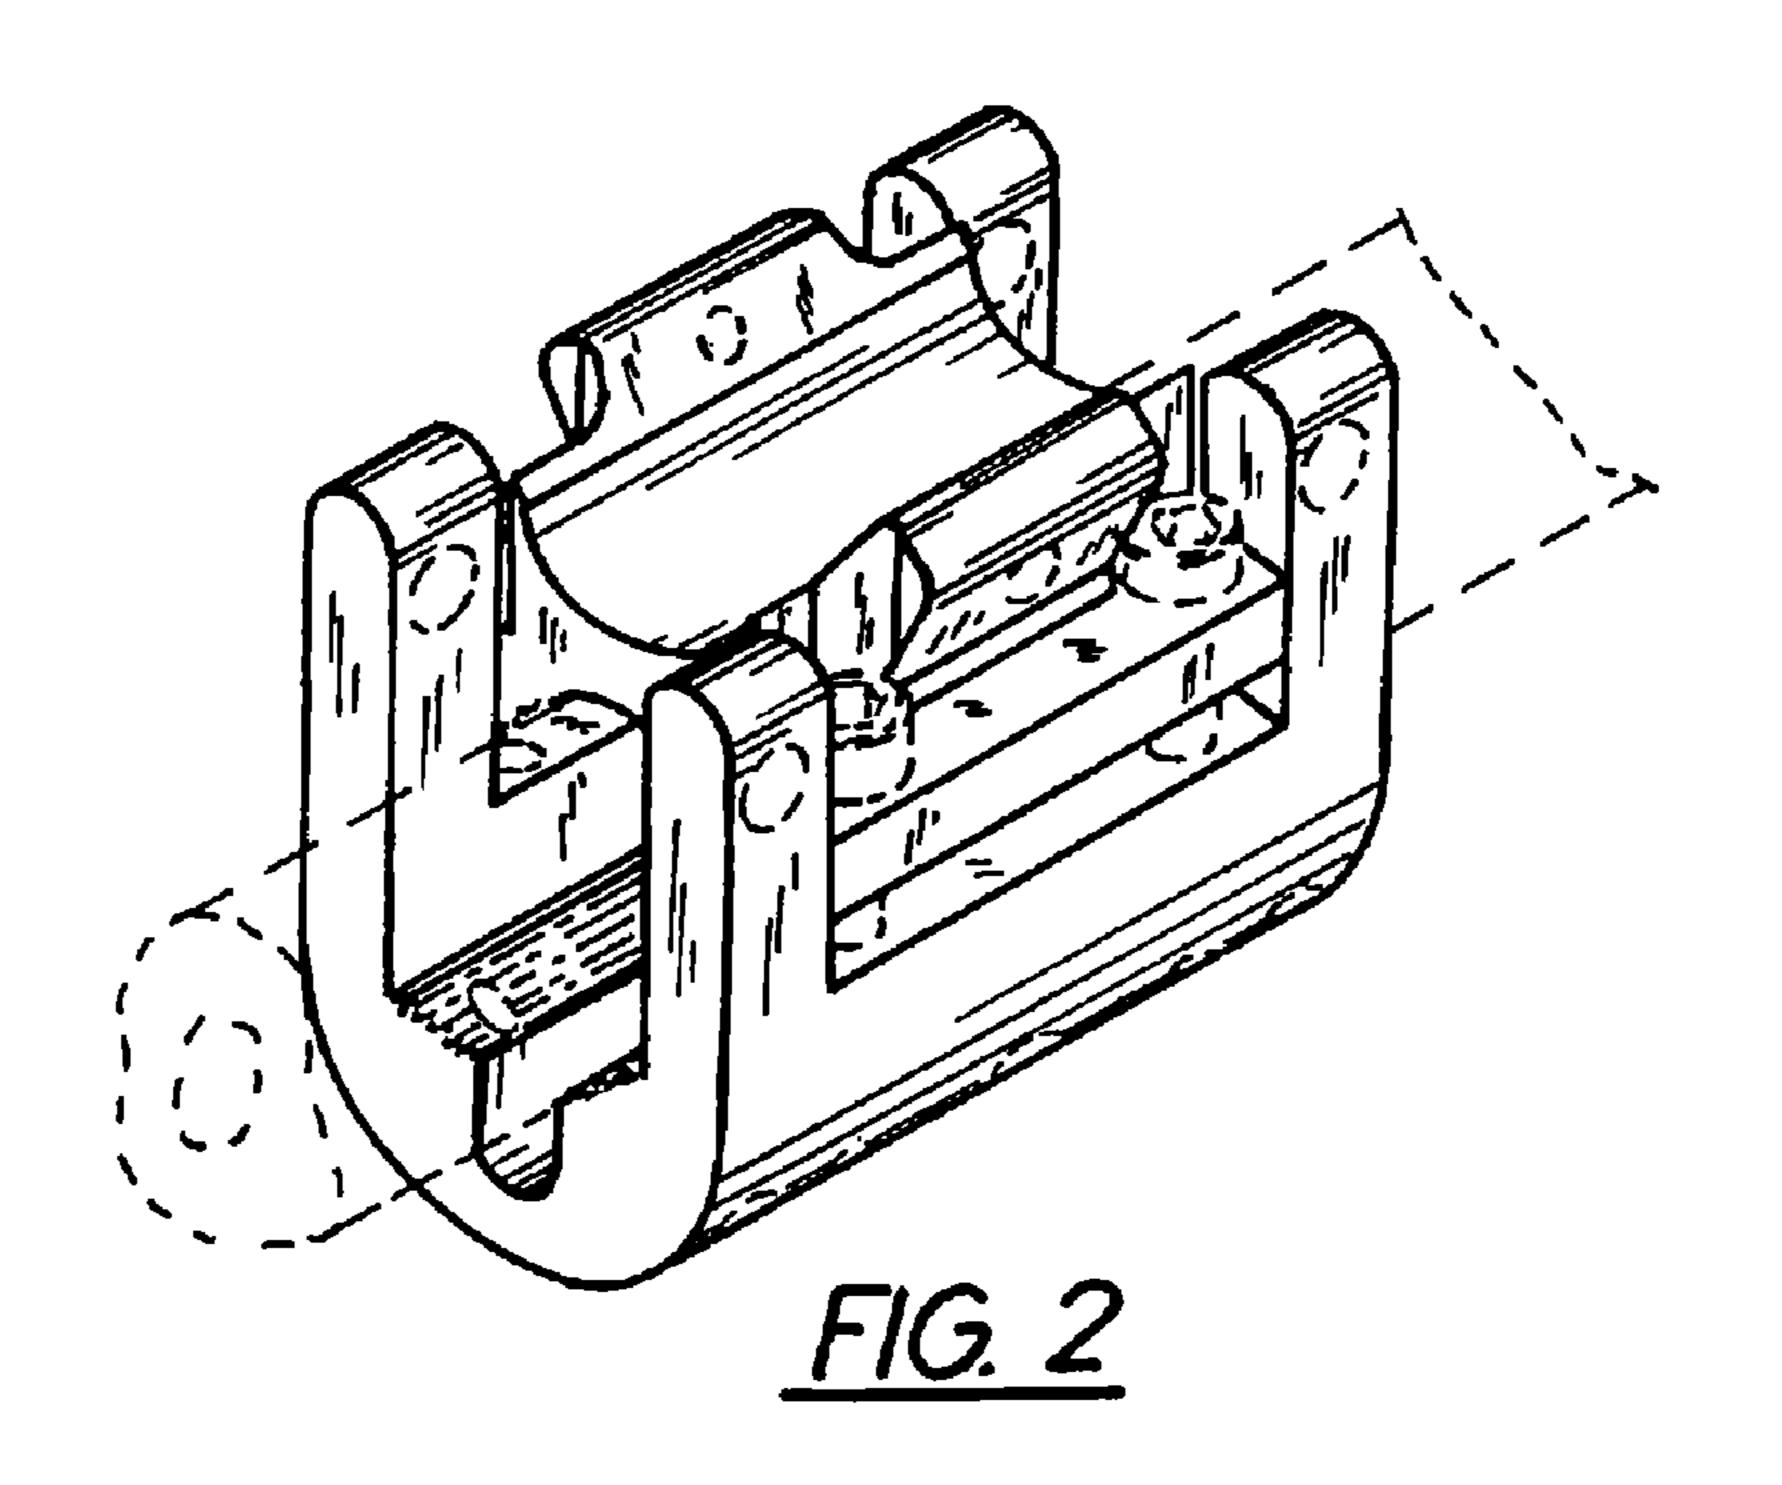

FIG. 5 is a top plan view of the firearm grip mount shown in FIG. 1; and,

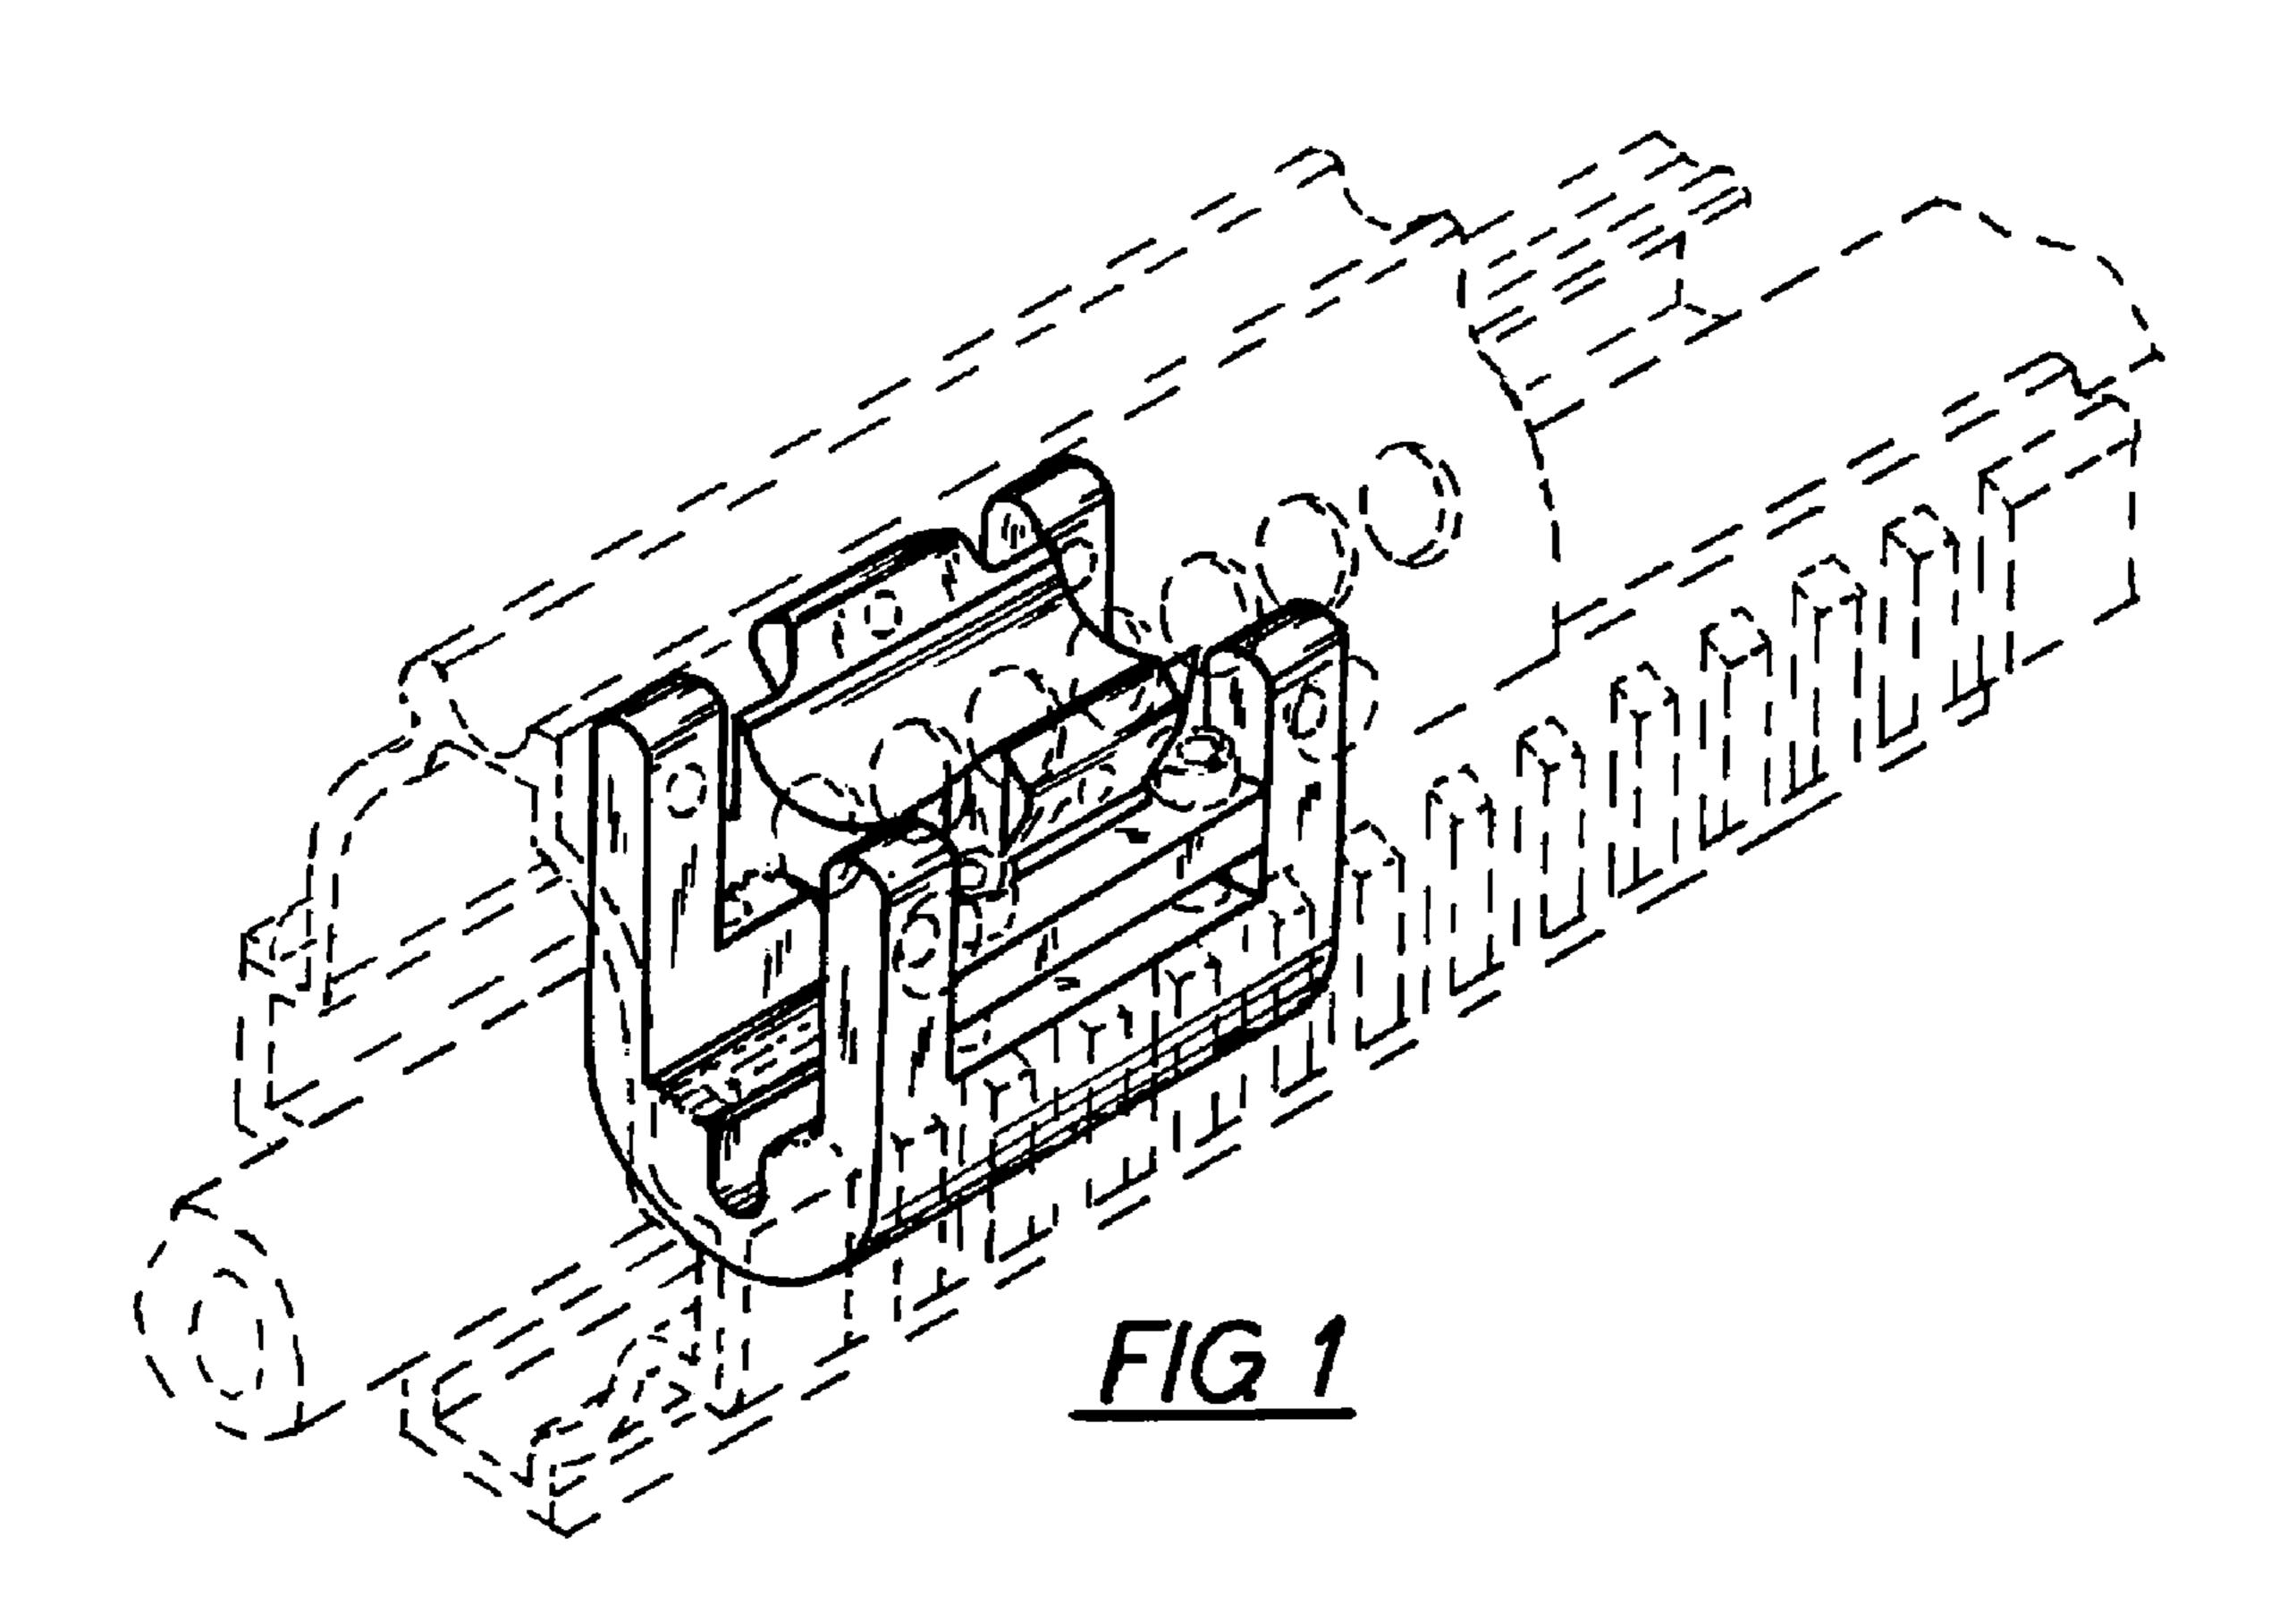

FIG. 6 is a bottom plan view of the firearm grip mount shown in FIG. 1.

The broken line showing of all fasteners, through holes, counter bores, circular recesses and interior triangular grip enhancing texture is included for the purpose of illustrating portions of the firearm grip mount that forms no part of the claimed design.
