(57) **CLAIM**

The ornamental design for a stackable scanner docking station, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a stackable scanner docking station;
FIG. 2 is an exploded view of the main body component of the docking station of FIG. 1 in which the rear vertical support grill has been removed; and,
FIG. 3 is a side view of the stackable scanner docking station, the opposite side being a mirror image thereof.
The ornamental appearance of the surfaces not shown in the drawings, namely the rear and bottom of the docking station, are not claimed.

1 Claim, 3 Drawing Sheets
