(57) **CLAIM**

The ornamental design for a light fixture, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a light fixture in accordance with my design;

FIG. 2 is a cross-sectional view of the light fixture taken along the line 2—2 in FIG. 4;

FIG. 3 is a bottom plan view of the light fixture in accordance with my design;

FIG. 4 is a side elevation view of the light fixture in accordance with my design;

FIG. 5 is an opposite side elevation view of the light fixture in accordance with my design;

FIG. 6 is a front plan view of the light fixture in accordance with my design; and,

FIG. 7 is a back plan view of the light fixture in accordance with my design.

The light fixture of FIGS. 1 through 7 is shown with portions broken away to indicate indeterminate length.

The broken-line disclosure of elements is understood to represent portions of the article in which the design is embodied, but which form no part of the claimed design.

Features of the design include the shape and configuration of the article and/or the pattern and ornament applied to the article as shown in the draftsman’s representations, the article having a randomly arranged pattern thereon.
