See application file for complete search history.

FIG. 1 is a perspective view of a collapsible feed dispenser of
the present design in which the carrying straps are shown
stood on one end;

FIG. 2 is a top plan view of the feed dispenser, in which the
carrying straps are behind;

FIG. 3 is a perspective view of the feed dispenser being held
and used in a typical manner; and,

FIG. 4 is a side elevation view of the feed dispenser.

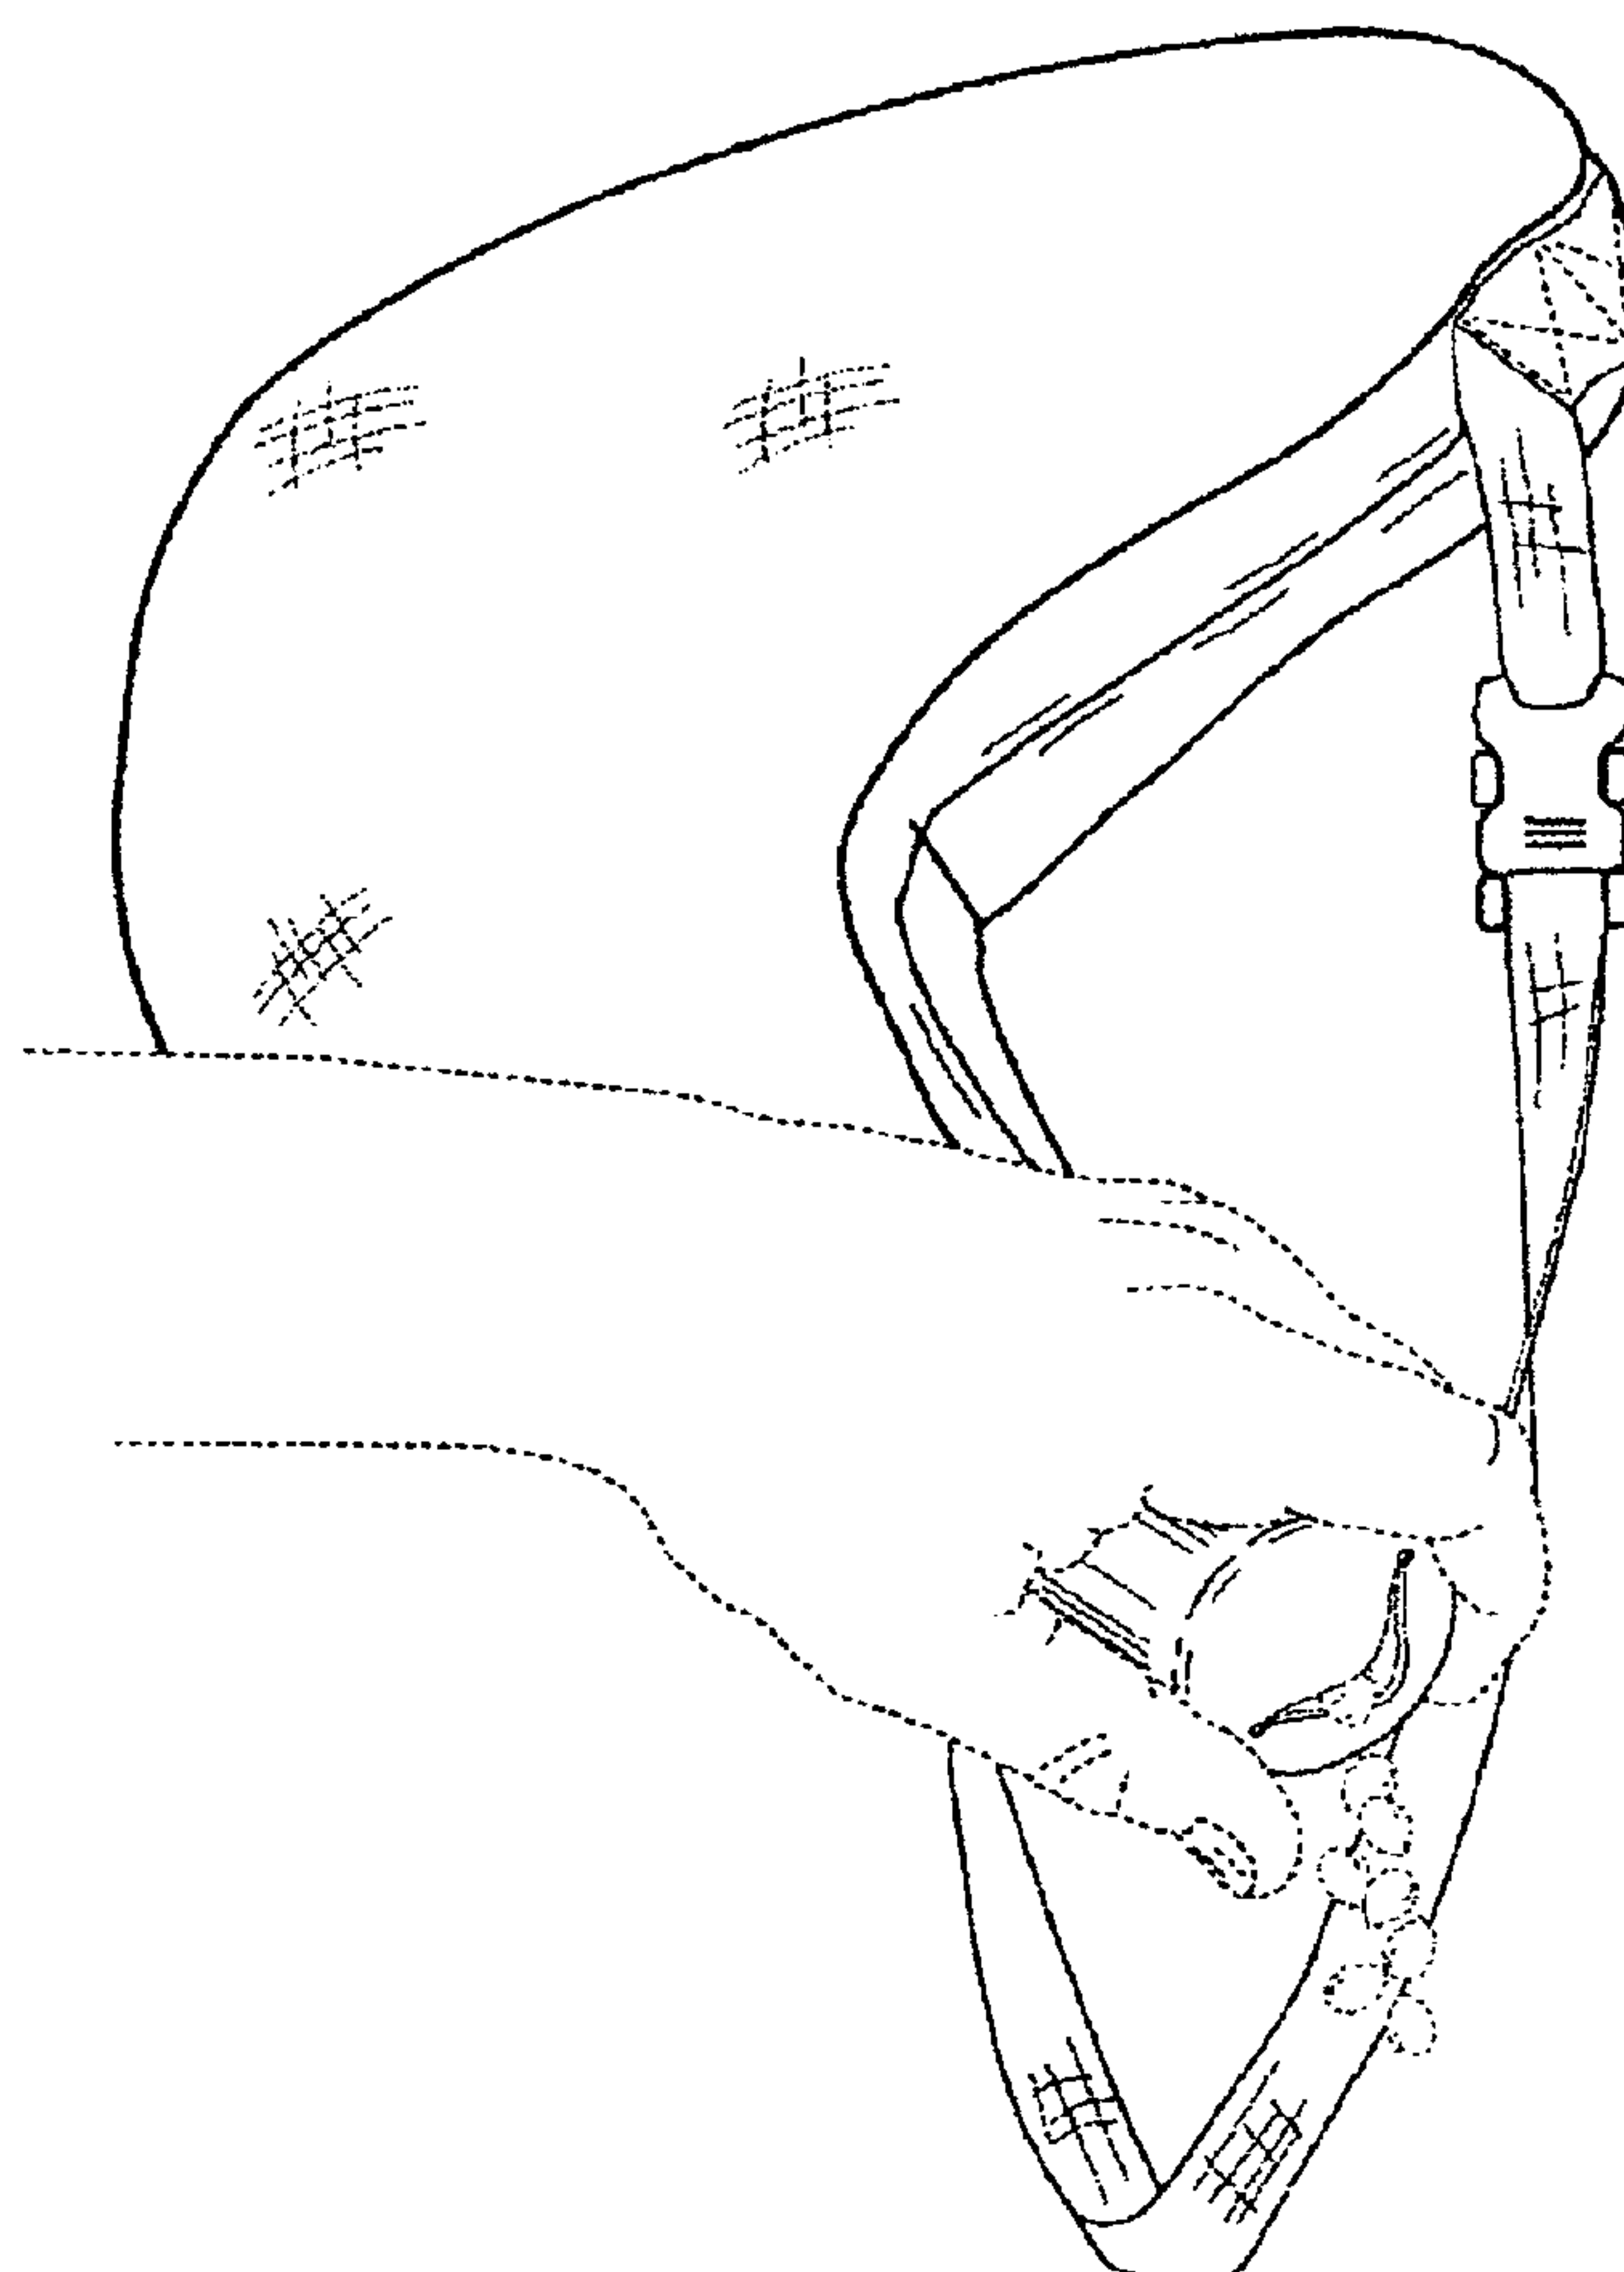

The broken line showing of stitching on the feed dispenser is
part of the claimed design. The broken line showing of a
human hand and of food pellets is for environmental illustra-
tion only and forms no part of the claimed design.
