(57) **CLAIM**

The ornamental design for a canned beverage dispenser, as shown and described.

DESCRIPTION

The single view is a top, front, and left side perspective view of a canned beverage dispenser showing my new design, the bottom, rear, and right side being plain and unornamented, and the broken-line disclosure understood to form portions of the article in which the claimed design is embodied, but which form no part of the claimed design.

1 Claim, 1 Drawing Sheet
