(57) **CLAIM**

We claim the ornamental design for a modular rail for storage system, substantially as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of the modular rail for storage system in accordance with the present design;

FIG. 2 is a top plan view of the present design;

FIG. 3 is an elevational view of a first end of the present design;

FIG. 4 is an elevational view of the other end of the present design;

FIG. 5 is a right side elevational view of the present design, the left side elevational view being a mirror image thereof; and,

FIG. 6 is a bottom plan view of the present design.
