(57) **CLAIM**

The ornamental design for a back scratching device with multiple handles, as shown and described.

DESCRIPTION

FIG. 1 is a perspective side view of the back scratching device with multiple handles showing segmented sections in accordance with my invention;

FIG. 2 is a detailed view of a section of FIG. 1 showing the segmented sections;

FIG. 3 is a top view thereof showing the segmented sections and the multiple handles;

FIG. 4 is a detailed view of a section of FIG. 3 showing the segmented sections;

FIG. 5 is a bottom view thereof showing the multiple handles;

FIG. 6 is a left side view thereof showing the segmented sections, the right side view being a mirror image thereof;

FIG. 7 is a detailed view of a section of FIG. 6 showing the segmented sections; and,

FIG. 8 is a front end view thereof, the back end view being a mirror image thereof.

The segmented sections of the back scratching device are disclosed separately for convenience of illustration.
