CLAIM

The ornamental design for a animated user interface for a computer display, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image of an animated user interface for a computer display;

FIG. 2 is a front view of a second image thereof; and,

FIG. 3 is a front view of a third image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design. The broken line showing in all views of the computer display forms no part of the claimed design.
