(57) **CLAIM**

The ornamental design for an “air compressor with conical extension,” as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the air compressor with conical extension, showing the present invention.

FIG. 2 is a right side elevational view thereof;

FIG. 3 is bottom plan view thereof;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a front elevational view thereof; and,

FIG. 6 is rear elevational view thereof.

The “air compressor with conical extension” design is characterized as a new and ornamental design for an air compressor.
