(57) **CLAIM**

The ornamental design for a set of alphabet figures, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the set of alphabet figures according to the present invention.

FIG. 2 is a plan view of the letter A according to the present invention.

FIG. 3 is a plan view of the letter B according to the present invention.

FIG. 4 is a plan view of the letter C according to the present invention.

FIG. 5 is a plan view of the letter D according to the present invention.

FIG. 6 is a plan view of the letter E according to the present invention.

FIG. 7 is a plan view of the letter F according to the present invention.

FIG. 8 is a plan view of the letter G according to the present invention.

FIG. 9 is a plan view of the letter H according to the present invention.

FIG. 10 is a plan view of the letter I according to the present invention.

FIG. 11 is a plan view of the letter J according to the present invention.

FIG. 12 is a plan view of the letter K according to the present invention.

FIG. 13 is a plan view of the letter L according to the present invention.

FIG. 14 is a plan view of the letter M according to the present invention.

FIG. 15 is a plan view of the letter N according to the present invention.

FIG. 16 is a plan view of the letter O according to the present invention.

FIG. 17 is a plan view of the letter P according to the present invention.

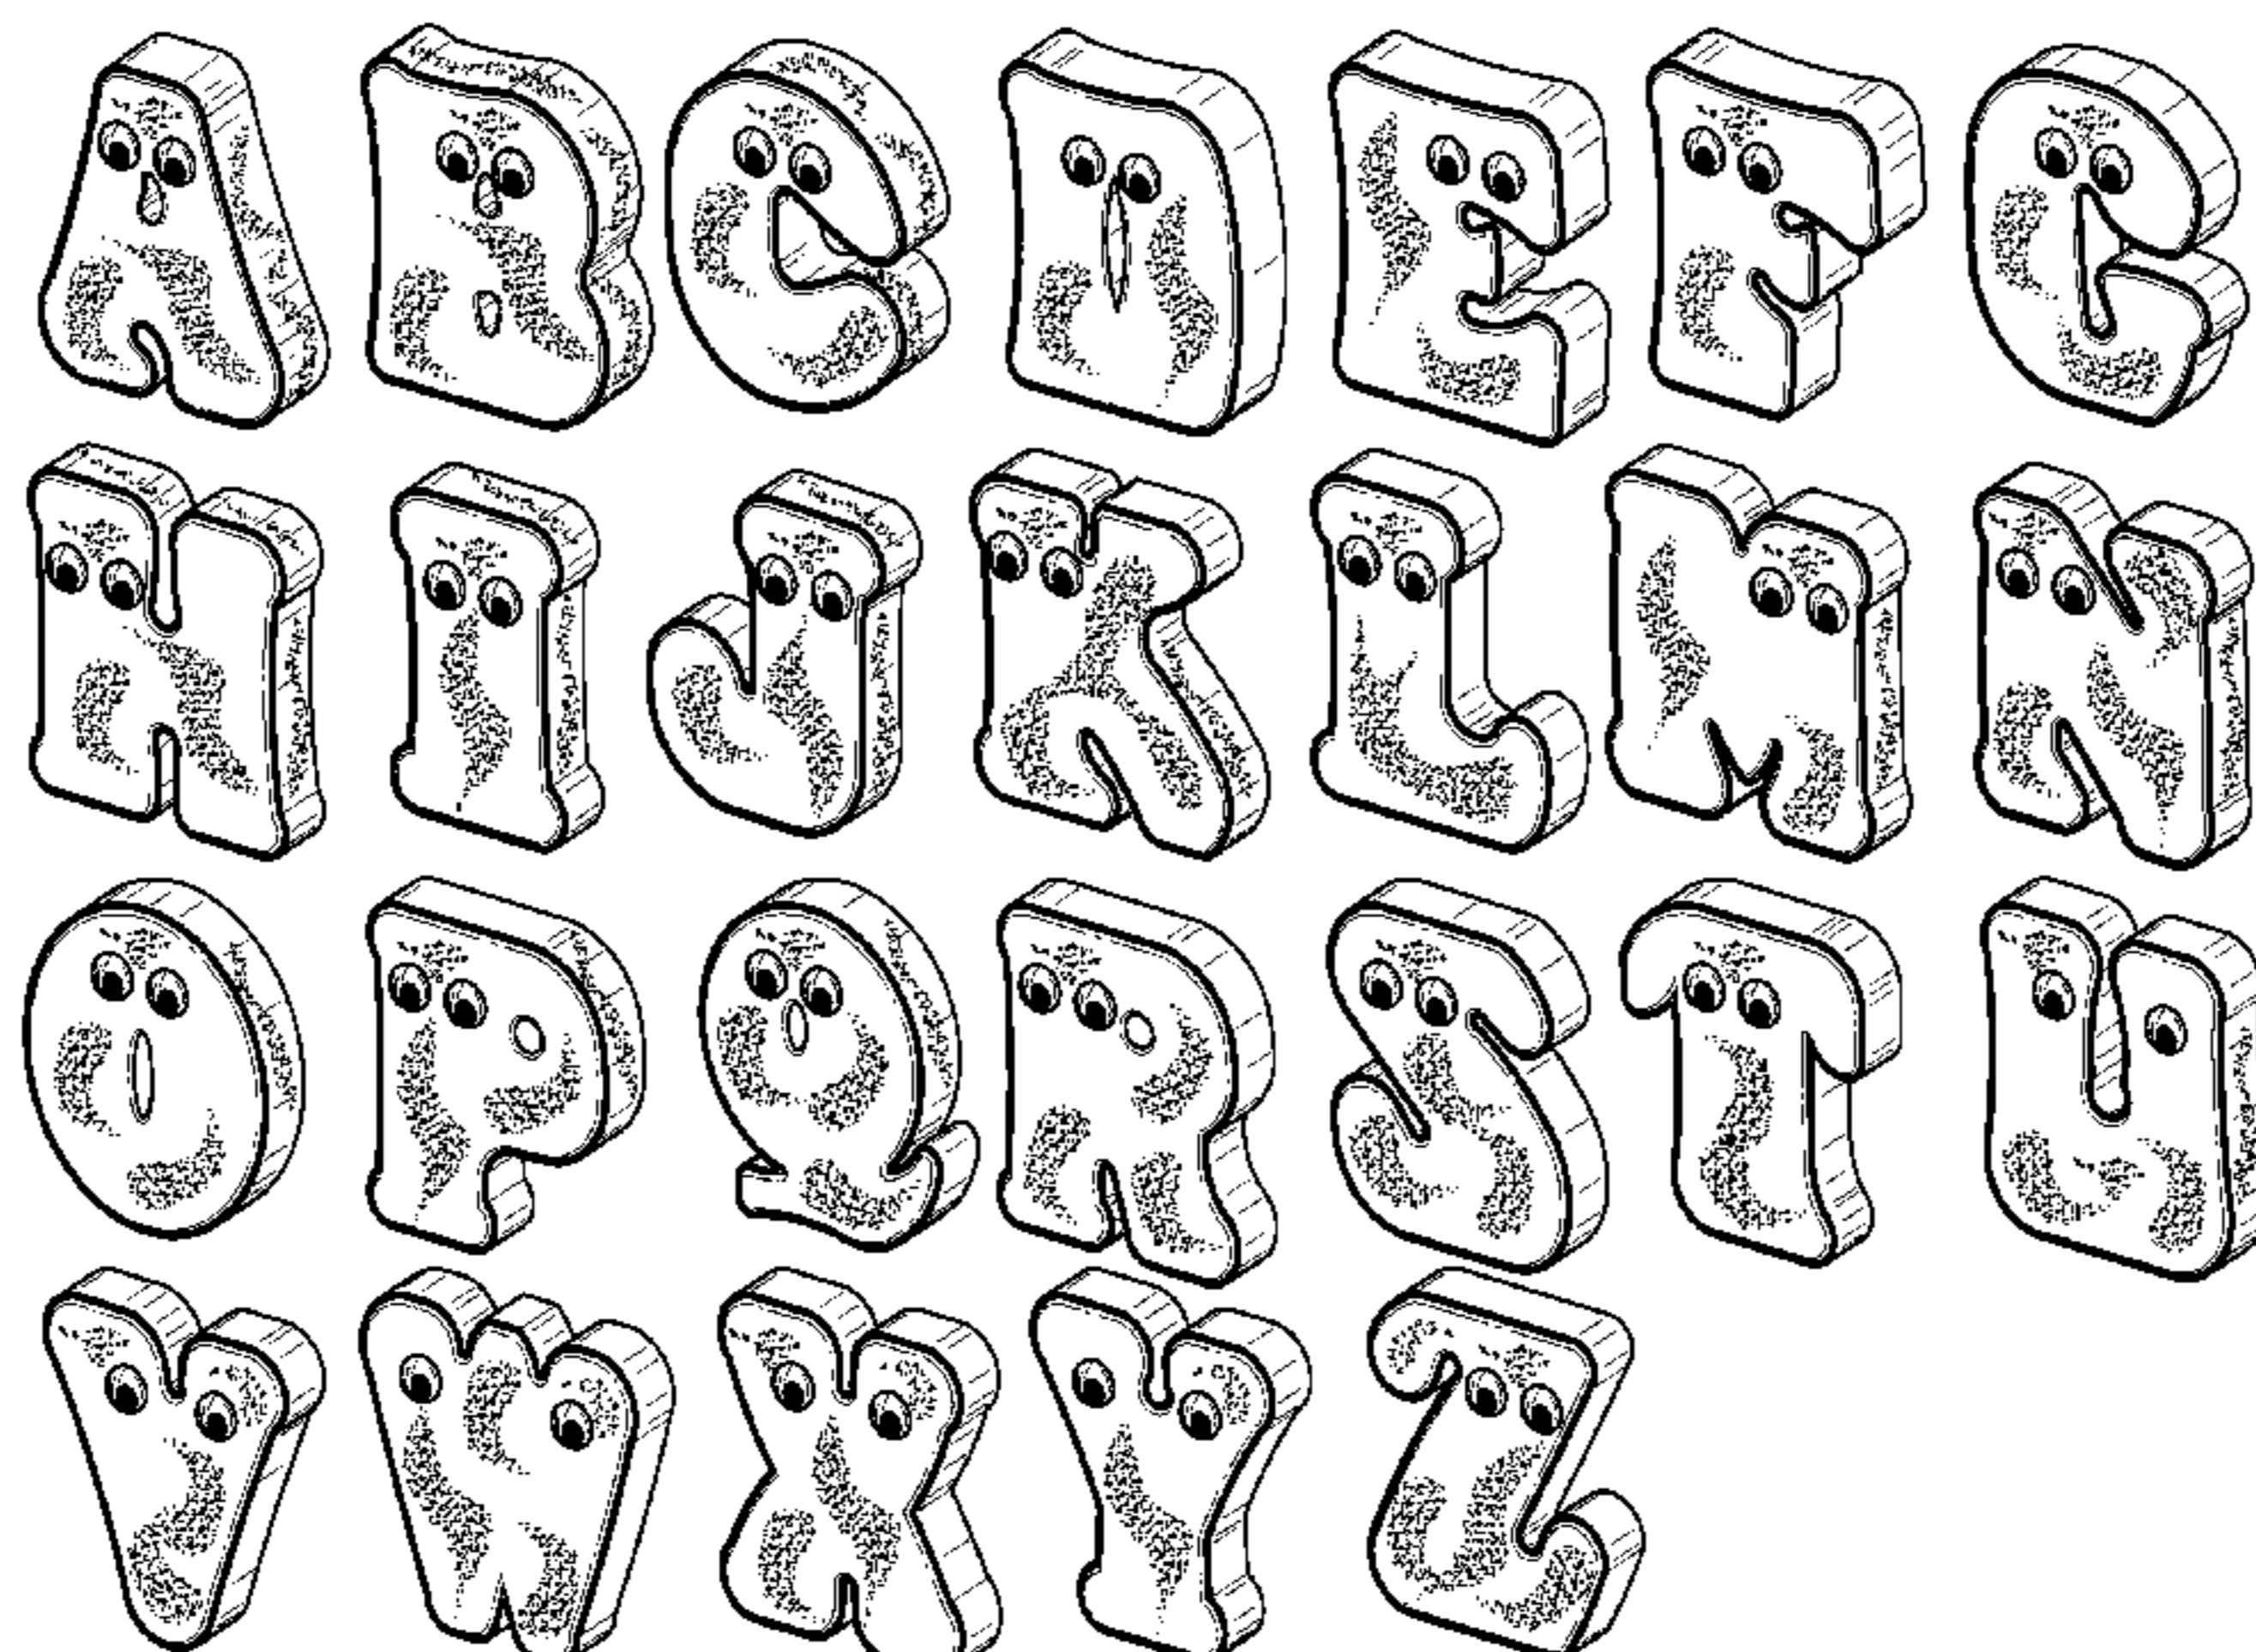

FIG. **18** is a plan view of the letter Q according to the present invention.

FIG. **19** is a plan view of the letter R according to the present invention.

FIG. **20** is a plan view of the letter S according to the present invention.

FIG. **21** is a plan view of the letter T according to the present invention.

FIG. **22** is a plan view of the letter U according to the present invention.

FIG. **23** is a plan view of the letter V according to the present invention.

FIG. **24** is a plan view of the letter W according to the present invention.

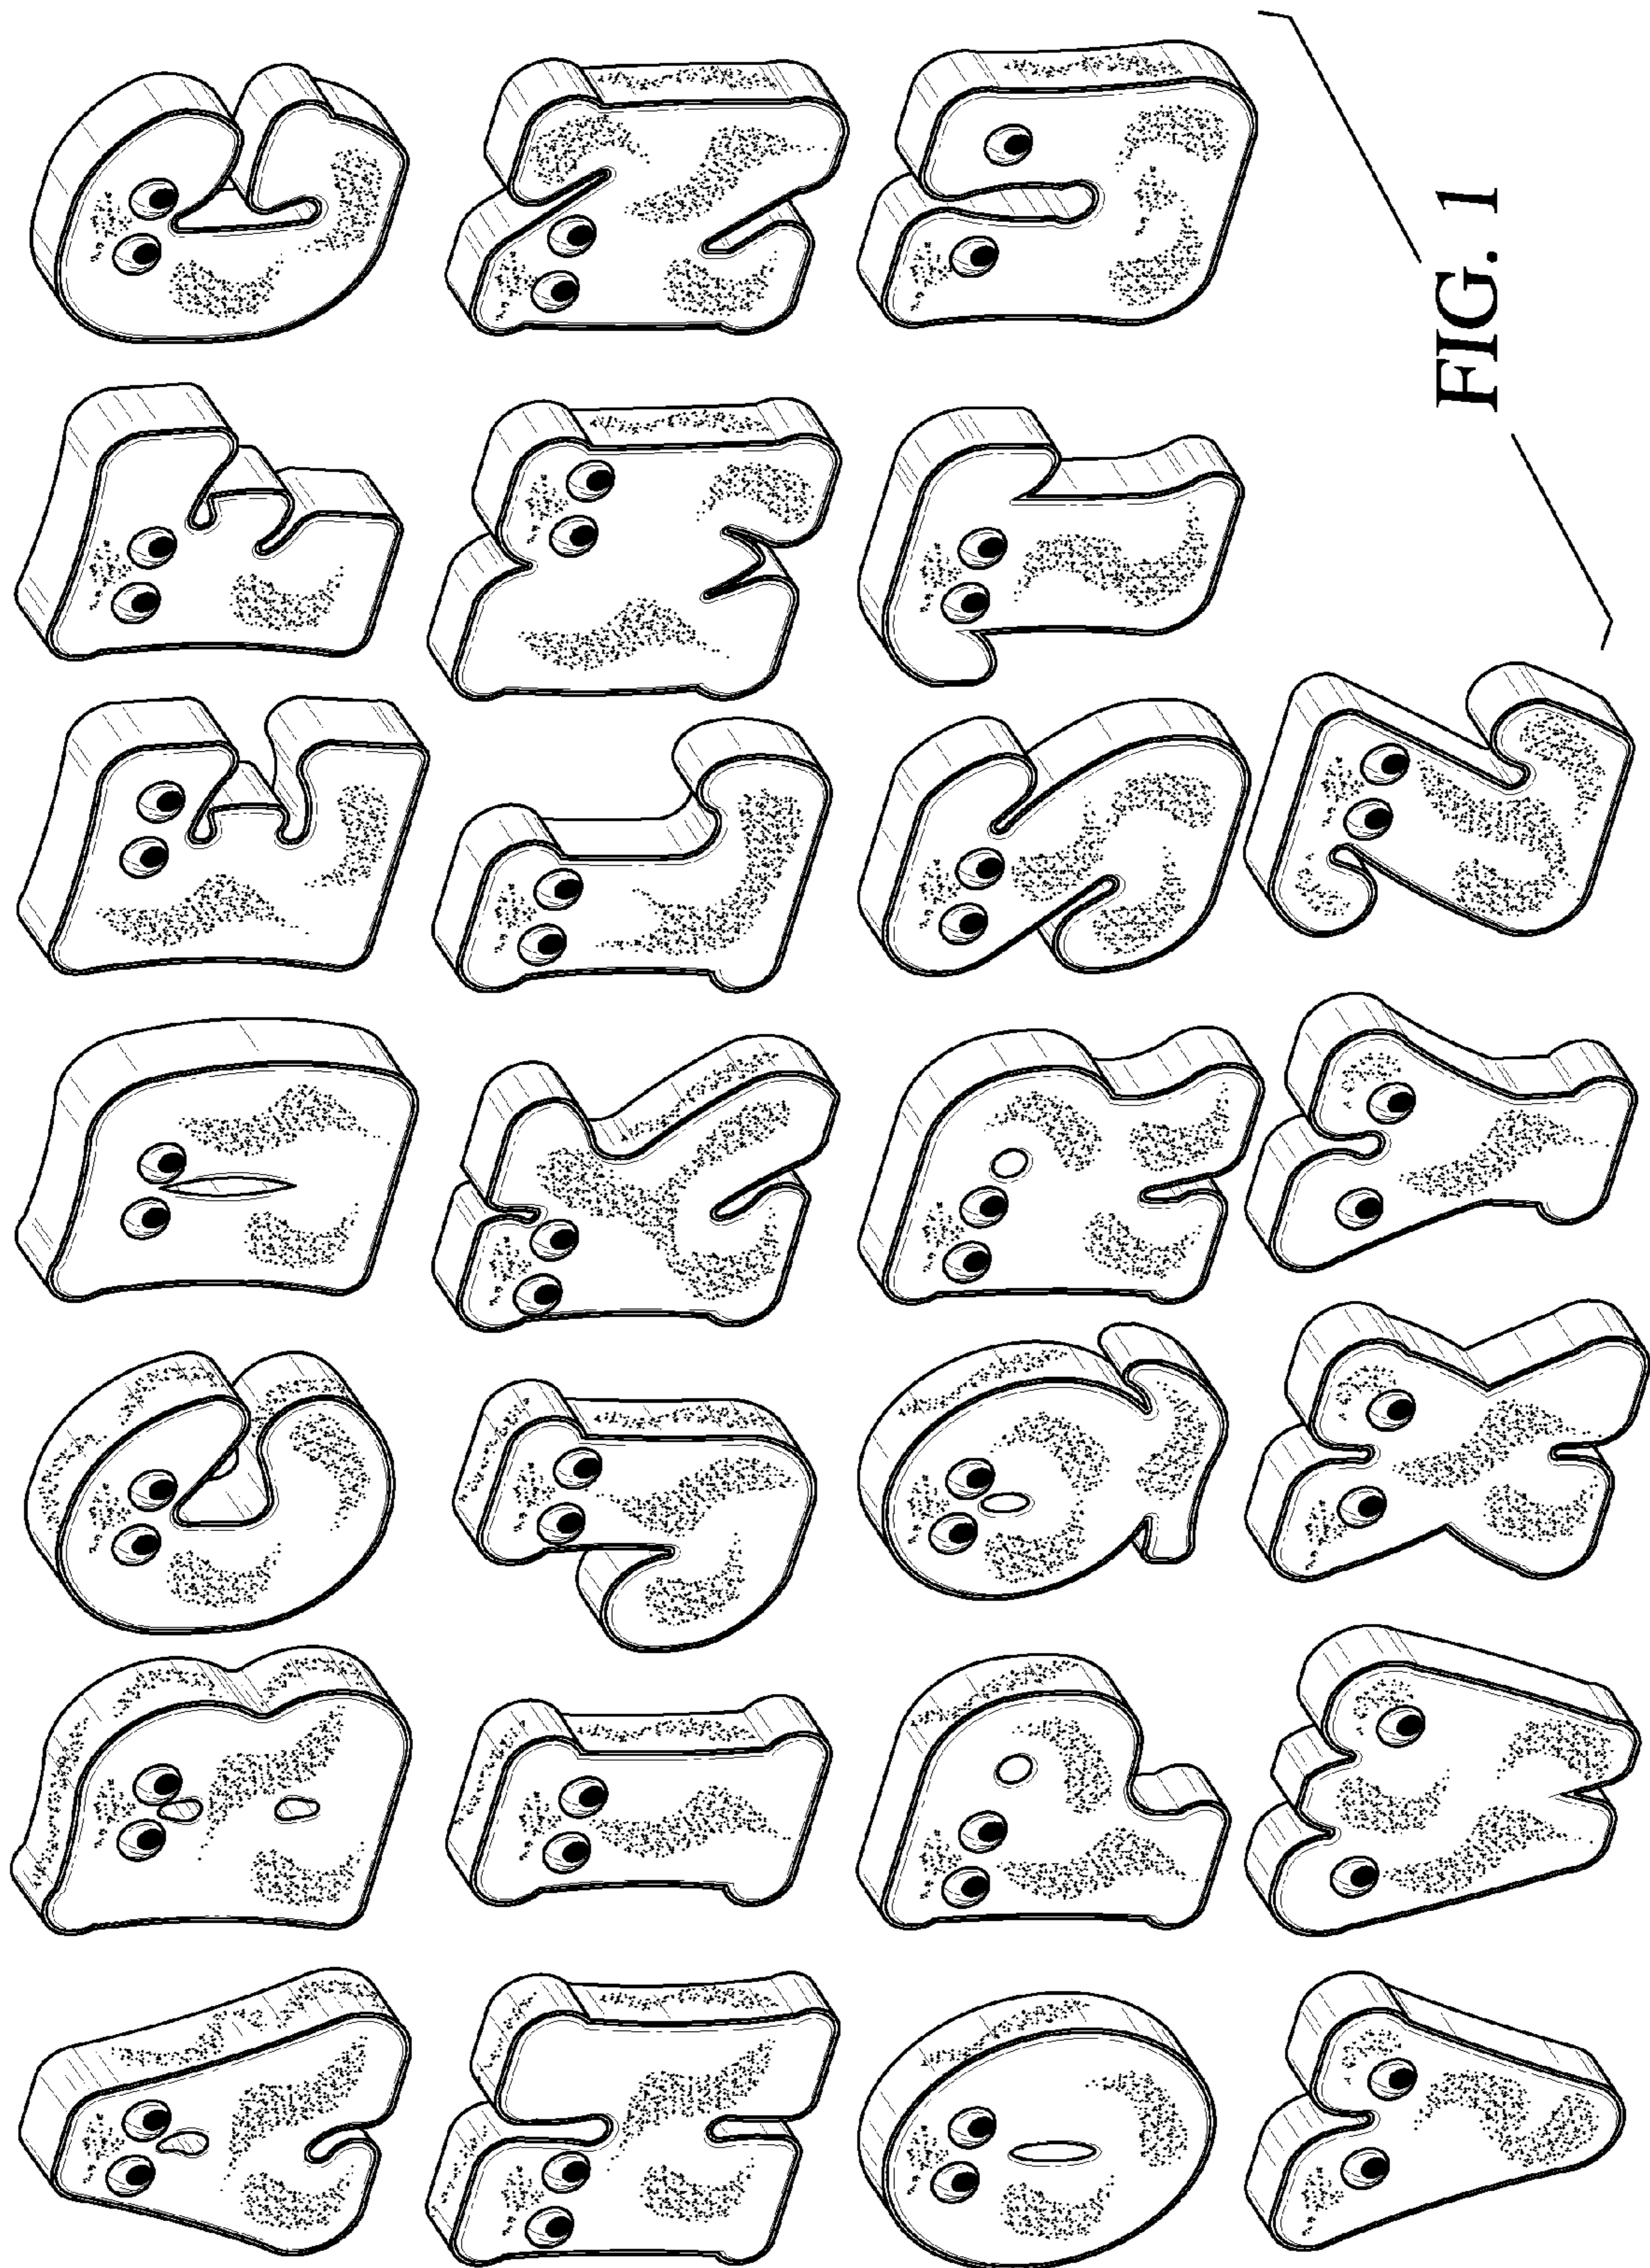

FIG. **25** is a plan view of the letter X according to the present invention.

FIG. **26** is a plan view of the letter Y according to the present invention.

FIG. **27** is a plan view of the letter Z according to the present invention; and,

FIG. **28** is a side view of the letter O according to the present invention.
