FIG. 1 is a front isometric view of a dispensing closure which is adapted for installation on a container (not shown), and FIG. 1 shows my new design with the closure lid in the closed position as the lid would be initially configured with the closure body for installation on a container (not shown) for initial purchase by a consumer;
FIG. 2 is a rear isometric view thereof;
FIG. 3 is a top plan view thereof;
FIG. 4 is a right side elevational view thereof, the left side elevational view thereof being a mirror image;
FIG. 5 is a front elevational view thereof; and,
FIG. 6 is a rear elevational view thereof.
