(57) **CLAIM**

The ornamental design for a user interface icon for a portion of a display screen, as shown and described.

DESCRIPTION

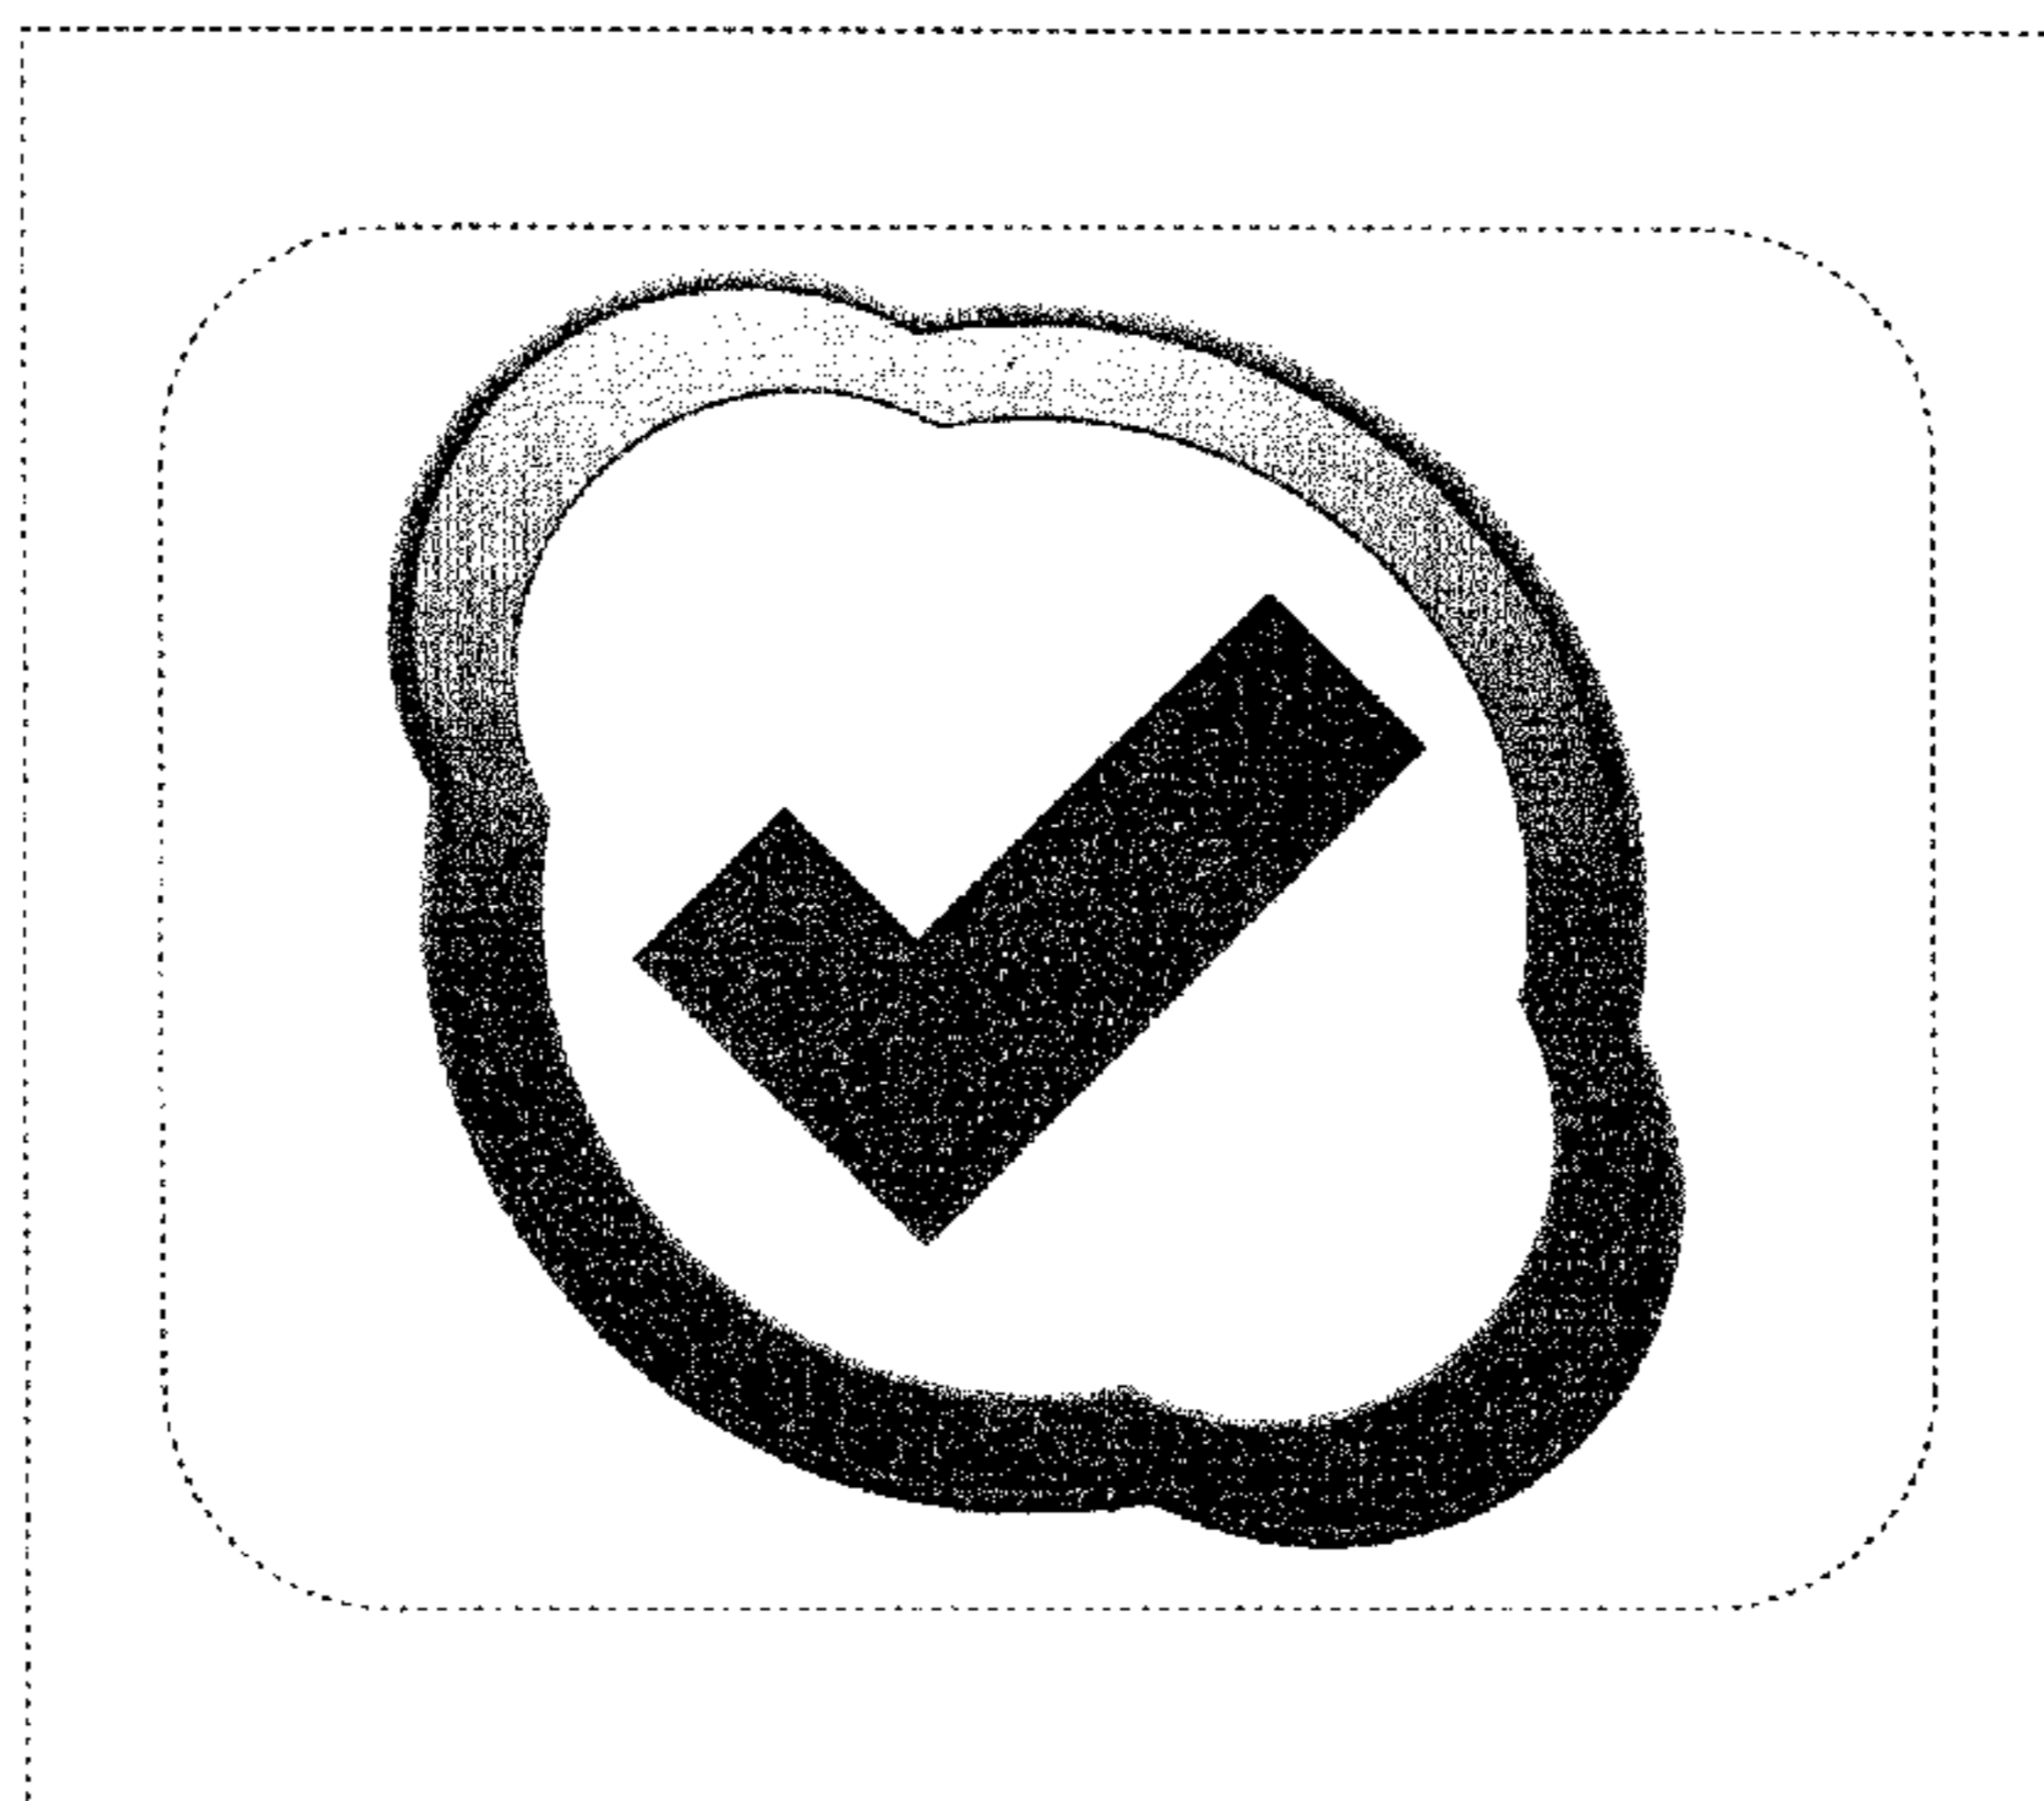

The patent application contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view showing a first embodiment of my design. The gray scale shading symbolically represents a contrast of appearance; and,

FIG. 2 is a front view showing a second embodiment of my design which differs from the first embodiment in having the specific colors shown.

The broken line showing of a portion of a display screen are for the purpose of illustrating environmental structure and form no part of the claimed design.
