**DESCRIPTION**

FIG. 1 is a top perspective view of the hanging tag according to the present disclosure; and,

FIG. 2 is a front view of the hanging tag according to the present disclosure, the rear view being identical thereto.

The top, bottom and side views are not necessary or included because these views are clearly understood and fully disclosed by the perspective view, noting that the top and bottom views would be the same as would the left and right side views of the thin flat planar hanging tag.
