(57) **CLAIM**

I claim the ornamental design for a container sidewall, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a container sidewall in accordance with a first embodiment of my new design.

FIG. 2 is a rear elevational view thereof.

FIG. 3 is a cross sectional view taken along the line 3—3 in FIG. 1.

FIG. 4 is a top plan view thereof.

FIG. 5 is a front elevational view of a container sidewall in accordance with a second embodiment of my new design, the rear elevational view being identical to FIG. 2.

FIG. 6 is a top plan view thereof.

FIG. 7 is a front elevational view of a container sidewall in accordance with a third embodiment of my new design, the rear elevational view being identical to FIG. 2.

FIG. 8 is a top plan view thereof; and,

FIG. 9 is a front elevational view of a container sidewall in accordance with a fourth embodiment of my new design the rear elevational view being identical to FIG. 2, and the top plan view being identical to FIG. 4.

The depth of the protruding lines on the interior surface are consistent throughout.

The broken lines represent the portions of the article that form no part of the claim.

A common feature of all embodiments is the pattern of embossments on the inside surface of the container sidewall.
