(57) **CLAIM**

The ornamental design for a display screen of a communications terminal with a graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the U.S. Patent and Trademark Office file or records, but reserves all other copyright rights whatsoever.

The single FIGURE is a front view of a display screen of a communications terminal with a graphical user interface. The broken line in the FIGURE illustrates an unclaimed portion of the display screen forms no part of the claimed design.
